A2.3 Establishment and Furnishing of Service (Cont'd)

A2.3.17 Termination of Service (Cont'd)

- A. Termination Of Service By The Company (Cont'd)
 - 2. When the service is terminated on the initiative of the Company because of violation of its regulations by the subscriber, the regulations stipulated below for termination of service at the subscriber's request apply.
 - 3. The Company may refuse to furnish or continue to furnish service hereunder, if such service would be used or is used for a purpose other than that for which it is provided or when its use interferes with or impairs, or would interfere with or impair, any other service rendered to the public by the Company.
- B. Termination Of Service At The Subscriber's Request
 - 1. Service may be terminated at any time upon reasonable notice from the subscriber to the Company. Upon such termination the subscriber shall be responsible for the payment of all charges due. This includes all charges due for the period service has been rendered plus any unexpired portion of an initial service period or applicable termination charges, or both.

A2.3.18 Ringer Limitations

- A. Except as provided herein, the capability to activate one ringer is provided for each access line.
- B. The number of ringers directly connected to the access line is limited to four per access line.

A2.3.21 Connection with Miscellaneous Common Carriers

A. Application

1. Service is available to and from customers of miscellaneous common carriers through connecting facilities provided by the Company in accordance with the provisions as set forth in 2. through 5. following.
2. Subject to the availability of facilities and the reasonable requirements of the Company for its telecommunications service, the Company will, at the miscellaneous common carrier's request, extend and physically connect its facilities with those of the miscellaneous common carrier for the purpose of interchanging intrastate traffic in connection with the miscellaneous common carrier's Domestic Public Land Mobile Radio Services (as defined in Part 22 of the FCC Rules). Such connection and interchange of intrastate traffic shall be as follows:
 - a. Two-Way Mobile Traffic
The Company will extend and connect its facilities between any telephone exchange whose rate center is located in the miscellaneous common carrier's Reliable Service Area (as defined in Part 22 of the FCC Rules) and the miscellaneous common carrier's control point(s) or communications system serving that Reliable Service Area.
 - b. One-Way Signaling Traffic
The Company will extend and connect its facilities between any telephone exchange within which a signaling receiver is served by the miscellaneous common carrier's system and the miscellaneous common carrier's control point(s) or communications system serving that system.
3. The facilities provided for connection and interchange of traffic shall not be used, switched or otherwise connected together by the miscellaneous common carrier for the provision of through calling from a landline telephone to another landline telephone, nor shall they be switched or otherwise connected together by the miscellaneous common carrier for the provision of through calling from a landline or mobile unit located in one Reliable Service Area to a landline telephone or mobile unit in another Reliable Service Area.
4. Specific administrative procedures, connection and operating arrangements and charges for the facilities provided by the Company to the miscellaneous common carrier for the purpose of connection and interchanging traffic are set forth in various intercarrier agreements between the Company and the miscellaneous common carriers or in the tariffs of the Company as appropriate. Where the state franchise area or state authorization of the miscellaneous common carrier is different from the Reliable Service Area the terms and conditions of connection and interchange of traffic may be modified to recognize the extent of such state franchise or authorization.
