Beth Salak, Director
Telecommunications
Florida Public Service Commission
Attn: Tariff Section
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399-0850

Dear Ms. Salak:

AT&T Florida (TL720) hereby files the attached tariff page revising its Access Tariff.

Access Services Tariff

Section E13	Second Revised Page 1
	First Revised Page 2
	Third Revised Page 3
	Fifth Revised Page 4
	Second Revised Page 20
	First Revised Page 21

This tariff makes various changes to AT&T's Additional Labor charges. The tariff is effective on August 23, 2013.

Acknowledgment, date of receipt and authority number of this filing are requested.

Your consideration and approval will be appreciated.

Yours very truly,

Greg Follensbee (slg)

Executive Director

E13. ADDITIONAL ENGINEERING, ADDITIONAL LABOR AND MISCELLANEOUS CHARGES

(4)

E13.1 Additional Engineering

In this section normally scheduled working hours are an employee's scheduled work period in any given calendar day (e.g. 7:00 am to 4:00 pm) for the application of rates based on working hours.

- A. Additional Engineering will be provided by the Company at the request of the IC or End User only when:
 - 1. An IC or End User requests additional technical information after the Company has already provided the technical information normally included on the Design Layout Report (DLR) as set forth in E6.1.5 and E7.1.6 preceding.
 - 2. Additional engineering time is incurred by the Company to engineer an IC's or End User's request for a customized service as set forth in E7.2 preceding.
- B. The Company will notify the IC or End User that additional engineering charges, as set forth in E13.1.1 following, will apply before any additional engineering is undertaken. These charges apply per Company employee performing billable work at the IC or End User's request. The sum of the time is used to determine the number of 30-minute increments to be billed. Only one initial increment is to be billed per request.

E13.1.1 Charges For Additional Engineering

- A. The charges for additional engineering are as follows:
 - 1. Additional engineering periods.

	First Half Hour Or Fraction Thereof	Each Additional Half Hour Or Fraction Thereof	USOC
(a) Basic time, normally scheduled work hours	\$66.00	\$39.79	AEH
(b) Overtime, outside of normally scheduled work hours	73.41	47.20	AEH

E13.1.2 Reserved for Future Use

E13.2 Additional Labor

In this section Normal Business Day is Monday – Friday, 8 am – 5 pm.

All charges apply per technician.

Holidays will be defined as: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day

(N)

(N)

Additional labor is that labor requested by the IC or End User on a given service and agreed to by the Company as set forth in E13.2.1 through E13.2.5 following. The Company will notify the IC or End User that additional labor charges as set forth in E13.2.6 following will apply before any additional labor is undertaken. The labor charges apply per Company employee performing billable work at the IC or End User's request. The sum of the time is used to determine the number of 30-minute increments to be billed. Only one initial increment is to be billed per request. A request for additional labor by a Company employee at a time not consecutive with the employee's scheduled work period is subject to a minimum charge of three hours. Payment for Additional Labor charges associated with *BellSouth SWA* Service is the responsibility of the IC. Payment of Additional Labor charges associated with Dedicated Access Service is the responsibility of the End User, unless the Additional Labor charge is the result of an IC initiated activity.

E13.2.1 Overtime Installation

Overtime installation is that Company installation effort outside of normally scheduled working hours. Work related efforts of the Company performed outside a Normal Business Day.

E13. ADDITIONAL ENGINEERING, ADDITIONAL LABOR AND MISCELLANEOUS CHARGES¹

(N)

E13.2 Additional Labor (Cont'd)

E13.2.2 Overtime Repair

(D)

Overtime repair is that Company maintenance effort performed outside of normally scheduled working hours.

(D)

E13.2.3 Stand By

Stand by includes all time in excess of one-half (1/2) hour during which Company personnel stand by to make cooperative tests with an IC to verify facility repair on a given service.

E13.2.4 Testing and Maintenance with Other Telephone Companies

Additional testing, maintenance or repair of facilities which connect to facilities of other telephone companies, which is in addition to normal effort required to test, maintain or repair facilities provided solely by the Company.

E13.2.5 Other Labor

Other Labor is that additional labor not included in E13.2.1 through E13.2.4 preceding, and labor incurred to accommodate a specific IC or end user request that involves only labor which is not covered by any other section of this Tariff.

E13.2.6 Charges for Additional Labor

- A. Additional Labor Periods
 - 1. Installation or Repair

		First Half Hour Or Fraction Thereof	Each Additional Half Hour Or Fraction Thereof	
(a)	Overtime, work related efforts of the Company performed outside a Normal Business day and on Saturdays outside of normally scheduled working hours on a scheduled work day	\$29.31	\$3.10	USOC ALH
(b)	Premium time, Work related efforts of the Company performed on Sundays and Holidays outside of scheduled work day	32.42	6.21	ALH
2. Standby ²				
(a)	Basic time, Work related efforts of the Company performed during a Normal Business Day normally scheduled working hours	-	17.91	ALT
(b)	Overtime, Work related efforts of the Company performed outside a Normal Business Day and on Saturdays outside of normally scheduled working hours on a scheduled work day	-	21.01	ALT
(c)	Premium time, Work related efforts of the Company performed on Sundays and Holidays outside of scheduled work day	-	24.12	ALT

(C)

E13.3 Miscellaneous Services

E13.3.1 Trouble Location Charges (TLC)

- A. When an IC or End User reports a trouble to the Company for clearance and no trouble is found in the Company's facilities, the IC or End User shall be responsible for payment of a Trouble Location Charge. Failure of Company personnel to find trouble in Company facilities will result in no charge if the trouble is actually in those facilities, but not discovered at the time.
- B. The IC or End User shall be responsible for payment of a Trouble Location Charge when the Company dispatches personnel to the IC's or End User's premises, and the trouble is in equipment or communications systems provided by other than the Company or in detariffed CPE provided by the Company.

The Trouble Location Charge applies for the period of time from when Company personnel are dispatched to when the work is completed. When more than one employee is dispatched, the sum of the time is used to determine the number of 30-minute increments to be billed. Only one initial increment is to be billed per request. A request resulting in the dispatch of a Company employee at a time not consecutive with the employee's scheduled work period is subject to a minimum charge of three hours.

In either A. or B. preceding, no credit allowance will be applicable for the interruption involved if the Trouble Location Charge applies.

C. Trouble Location Charges are as follows:

1. Trouble Location Charges apply as follows:

(a)	Basic time, normally scheduled working hours Work related efforts of the Telephone Company performed during a Normal Business Day.	200.00	85.00	MVV	(A)
(b)	Overtime, outside of normally scheduled working hours on a scheduled work day Work related efforts of the Telephone company performed outside a Normal Business Day and on Saturdays.	350.00	150.00	MVV	(B)

E13.3.2 Restoration Priority (Obsoleted, See Section E113.)

E13.3.3 BellSouth Equal Access Subscription

A. Description

- 1. BellSouth Equal Access Subscription

BellSouth Equal Access Subscription is a procedure whereby an end user for Telephone Exchange Service lines and/or trunks or the location provider or its authorized agent of pay telephones may select and designate to the Company an IC to access for IntraLATA toll calls without dialing an access code. The end user or location provider or its authorized agent may designate an IC for intraLATA toll, a different IC for interLATA toll, or the same IC for both. This IC is referred to as the end user's or pay telephone location provider's or its authorized agent's preferred IC and is defined by a unique Carrier Identification Code (CIC) shown on the customer service record.

Should a customer wish to use other services of the same or another IC, it will be necessary for the customer to dial the necessary access code(s) to reach that IC's other service(s).

For independent pay phone providers subscribing to SMARTLine[®] service, the IC designated as the preferred IC for 0+ intraLATA toll traffic may direct the routing of 1+ intraLATA toll calls either to itself or another IC (transport carrier), without dialing of an access code, subject to provisions set forth following. The option chosen by the IC will apply to all pay telephones provided from all end offices subtending an access tandem which are subscribed to that IC.

The IC shall submit an order for all end offices subtending an access tandem indicating whether 1+ intraLATA toll traffic from its subscribed pay telephones shall be routed to itself (as direct IC) or to another IC (as transport carrier). Recordings with alternate dialing instructions are not acceptable. If calls are to be routed to a transport IC, the 0+ IC must provide written authorization certifying that the order is being submitted pursuant to an agreement with the transport carrier. Only one transport carrier may be indicated for each access tandem.

If the IC designated as the primary IC for 0+ intraLATA toll traffic does not submit an order designating the transport carrier for 1+ intraLATA toll traffic for pay telephones at all end offices subtending an access tandem, the 1+ intraLATA toll traffic for that office will continue to be routed to the Company as of September 1, 1995, or until the subscribed 0+ carrier is ready to handle the 1+ IntraLATA toll sent-paid traffic, or makes arrangements with another IC to handle the traffic.

E13.3.6 Provision of Access Service Billing Information

- A. The IC or End User will receive monthly access bills in a standard paper format at no additional charge.
- B. At the option of the IC or End User, and for an additional charge, billing detail may be provided on magnetic tape or microfiche, or transmitted to the IC's or End User's premises by data transmission.
- C. Rates and charges for microfiche and for data transmission (including the period of time to implement the transmission of such material) will be determined on an individual case basis (ICB).
- D. The IC or End User may, for additional charges, request additional copies of the access bill, and/or the IC or End User service record (CSR). These copies may be provided in standard paper format or microfiche format.
- E. A maximum of eight additional paper copies of the access bill may be requested and all copies will be sent to the IC's or End User's billing address. Rates for paper copies are on a per page basis.
- F. A maximum of 99 copies of the access bill will be provided in microfiche format. Unless otherwise specified by the IC or End User, microfiche copies will be sent to the IC's or End User's billing address.
- G. Only one copy of the magnetic tape will be provided. The magnetic tape will be provided by the Company without requiring the IC or End User to return previously supplied tapes.
- H. A Service Establishment Charge for additional paper copies and for magnetic tape applies on a per request basis. Any change in the original request will be considered a new request and a Service Establishment Charge will apply.

Note 1: Text is shown as new due to reissue of all Tariff Sections. No changes in rates or regulations were made with this filing.

E13. ADDITIONAL ENGINEERING, ADDITIONAL LABOR AND MISCELLANEOUS CHARGES

E13.1 Additional Engineering

In this section normally scheduled working hours are an employee's scheduled work period in any given calendar day (e.g. 7:00 am to 4:00 pm) for the application of rates based on working hours.

- A. Additional Engineering will be provided by the Company at the request of the IC or End User only when:
 - 1. An IC or End User requests additional technical information after the Company has already provided the technical information normally included on the Design Layout Report (DLR) as set forth in E6.1.5 and E7.1.6 preceding.
 - 2. Additional engineering time is incurred by the Company to engineer an IC's or End User's request for a customized service as set forth in E7.2 preceding.
- B. The Company will notify the IC or End User that additional engineering charges, as set forth in E13.1.1 following, will apply before any additional engineering is undertaken. These charges apply per Company employee performing billable work at the IC or End User's request. The sum of the time is used to determine the number of 30-minute increments to be billed. Only one initial increment is to be billed per request.

E13.1.1 Charges For Additional Engineering

- A. The charges for additional engineering are as follows:
 - 1. Additional engineering periods.

	First Half Hour Or Fraction Thereof	Each Additional Half Hour Or Fraction Thereof	USOC
(a) Basic time, normally scheduled work hours	\$66.00	\$39.79	AEH
(b) Overtime, outside of normally scheduled work hours	73.41	47.20	AEH

E13.1.2 Reserved for Future Use

E13.2 Additional Labor

In this section Normal Business Day is Monday – Friday, 8 am – 5 pm,

All charges apply per technician,

Holidays will be defined as: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day

Additional labor is that labor requested by the IC or End User on a given service and agreed to by the Company as set forth in E13.2.1 through E13.2.5 following. The Company will notify the IC or End User that additional labor charges as set forth in E13.2.6 following will apply before any additional labor is undertaken. The labor charges apply per Company employee performing billable work at the IC or End User's request. The sum of the time is used to determine the number of 30-minute increments to be billed. Only one initial increment is to be billed per request. A request for additional labor by a Company employee at a time not consecutive with the employee's scheduled work period is subject to a minimum charge of three hours. Payment for Additional Labor charges associated with *BellSouth SWA* Service is the responsibility of the IC. Payment of Additional Labor charges associated with Dedicated Access Service is the responsibility of the End User, unless the Additional Labor charge is the result of an IC initiated activity.

E13.2.1 Overtime Installation

Work related efforts of the Company performed outside a Normal Business Day.

E13.3.6 Provision of Access Service Billing Information

- A. The IC or End User will receive monthly access bills in a standard paper format at no additional charge.
- B. At the option of the IC or End User, and for an additional charge, billing detail may be provided on magnetic tape or microfiche, or transmitted to the IC's or End User's premises by data transmission.
- C. Rates and charges for microfiche and for data transmission (including the period of time to implement the transmission of such material) will be determined on an individual case basis (ICB).
- D. The IC or End User may, for additional charges, request additional copies of the access bill, and/or the IC or End User service record (CSR). These copies may be provided in standard paper format or microfiche format.
- E. A maximum of eight additional paper copies of the access bill may be requested and all copies will be sent to the IC's or End User's billing address. Rates for paper copies are on a per page basis.
- F. A maximum of 99 copies of the access bill will be provided in microfiche format. Unless otherwise specified by the IC or End User, microfiche copies will be sent to the IC's or End User's billing address.
- G. Only one copy of the magnetic tape will be provided. The magnetic tape will be provided by the Company without requiring the IC or End User to return previously supplied tapes.
- H. A Service Establishment Charge for additional paper copies and for magnetic tape applies on a per request basis. Any change in the original request will be considered a new request and a Service Establishment Charge will apply.

Note 1: Text is shown as new due to reissue of all Tariff Sections. No changes in rates or regulations were made with this filing.
