

Florida Public Service Commission

HELPING HANDS

JUNE 2013

Partnerships, or "Helping Hands," are essential to help raise public awareness.

Many state agencies and organizations are "PSC Helping Hands," who assist Florida's Public Service Commission in serving consumers needing utility issues resolved, energy and water conservation information, and Lifeline Assistance telephone discount program applications.

The Florida Association for Community Action helps the PSC provide low-income residents with conservation and Lifeline Assistance information.

A Public Service Commission "Helping Hand" is recognized each month in 2013.
