9. AT&T BUSINESS NETWORK SERVICE

9.1 Description

9.1.1 General

AT&T Business Network Service is a custom network service that permits outward and inward calling Customer stations located in the State of Florida. AT&T Business Network Service allows the Customer to integrate their long distance, including directory assistance, card and local usage. ABN service is provided via a Term Plan Contract which includes a term and revenue commitment as described in AT&T's Business Services Guide.

AT&T Business Network Service is an add-on to interstate AT&T Business Network Service. All terms and conditions, including installation and monthly charges, features and functions, and any charges other than intrastate usage, are specified in AT&T's Business Service Guide.

AT&T Regional Frame Relay Service and associated rates, as described in this state's Private Line Services Tariff, Section G12, is available to AT&T Business Network Service Customers.

9.2 Rates and Charges

9.2.1. Network Connection Call Rating

A. General

Network Connection Call Rating allows AT&T Business Network Service Calls to be differentiated and rated based on the access arrangement ordered by the Customer as follows:

Fully Connected: the transmission path for outbound calls must originate AND terminate via Company-provided, Company-affiliated and/or Company-owned access facilities. The transmission path for inbound toll-free calls must originate AND terminate via Company-provided, Company-affiliated and/or Company-owned access facilities.

Partially Connected: the transmission path for outbound calls must originate OR terminate via Company-provided, Company-affiliated and/or Company-owned access facilities. The transmission path for inbound toll-free calls must originate OR terminate via Company-provided, Company-affiliated and/or Company-owned access facilities.

Standard: the transmission path neither originates nor terminates via Company-provided, Company-affiliated and/or Company-owned access facilities.
