A13.3 AT&T Prepaid Phone Service (Cont'd)

(T)

A13.3.2 Exclusions

Prepaid Phone Cards cannot be used for toll free calls, calls for paid services with premium charges or for operator assisted calls. AT&T Prepaid Phone Service may not be combined with any other plans or offers unless AT&T notes otherwise.

AT&T Prepaid Phone Service is available under two options, the Minute/Unit based cards and the Dollar based cards, as follows:

- Minute/Unit based cards state the number of minutes/units for interstate calls the customer can make with the card.
- Dollar based cards state a dollar amount on the card (e.g., \$10.00), with an equivalent per minute/unit rate for interstate calls and/or the number of minutes/units for interstate calls.

A13.3.3 Availability of Service

AT&T Prepaid Phone Service is available twenty-four hours a day, seven days a week.

A13.3.4 Regulations

- A. AT&T Prepaid Phone Service is accessed using the AT&T toll free access number printed on the card.
- B. All calls must be charged against a Prepaid Phone Card that has a sufficient available balance. After the number of the called party is dialed, an announcement will provide the available balance of talk time based on the destination for that call.
- C. A call made with a Prepaid Phone Card will be interrupted with an announcement when the available balance on the card drops to one minute/unit, based on the originating/terminating location of the call. On certain cards the customer may be able to enter another valid Prepaid Phone Card PIN number to continue the call or, if available, set up auto-recharge on their existing card. If the balance on the card is insufficient to continue the call and the customer fails to enter the number of another valid Prepaid Phone Card or auto-recharge, AT&T will terminate the call.

A13.3.4 Regulations (Cont'd)

- D. The Prepaid Phone Card balance will be reduced by the appropriate number of minutes/units for each call. Calls are billed in one minute increments. Partial minutes used are billed as full minutes.
- E. Rechargeable Cards - Some Prepaid Phone Cards have a feature whereby the customer may purchase or "recharge" additional minutes or dollars of AT&T Prepaid Phone Service. In addition to the regulations set forth above, rechargeable cards are also subject to the following conditions and limitations:
 - 1. Recharge may be accomplished at selected retailer locations, by auto-recharging during the call, or by calling the toll free access number printed on the card and following the prompts. Recharge minutes or dollars of service purchased via the toll free access number or through auto-recharge must be paid for by credit/charge card and will be added to the card after the credit/charge card has been verified. In-store purchases of recharge minutes are subject to the retailer's authorized methods of payment.
 - 2. AT&T reserves the right to impose a maximum number of minutes/units or U.S. dollar value that may reside on the card.
- F. Credit Allowances for Interruptions - AT&T will give the customer a credit of one minute/unit for a Prepaid Phone Card call if they experience poor transmission or get cut off during the call. To receive a credit, the customer must notify an AT&T representative of the problem experienced by calling the Customer Service number printed on the card. Credit will not be given when interruptions are caused by the failure of systems not provided by AT&T, by the failure of other AT&T services connected to the AT&T Prepaid Phone Service, or for wrong telephone numbers.
