EXECUTIVE SUMMARY
(FL2007-172)

Description of Proposed Tariff

This General Subscriber Services Tariff filing increases the fee residential customers pay for the convenience of making payments via telephone call. The residential convenience fee will increase from its current rate of \$3.95 to \$5.00 per telephone request effective October 15, 2007.

Additionally this filing corrects records to delete the fee associated with payments by the subscriber via telephone utilizing an Integrated Voice Response Unit (IVRU). Currently subscribers are not charged a convenience fee for this type of transaction.

Revenue Impact

The following rate change increases the Non-Basic Services – Residence basket by 0.13%, which is within the limits of AT&T's price regulation plan.
