All qualifying customers will be notified of the event. Registration is required to attend. Customers who attend the event will be eligible to receive additional benefits if they subsequently subscribe to one of the qualifying services listed below during the period May 8, 2008 through September 4, 2008.

Customers who subscribe to a qualifying service will receive a one-time rebate check. To receive the check, customers must order services from the following categories of service, with a minimum one-year term commitment, and a resulting total monthly spend of \$300 or more (excluding taxes, surcharges and other fees):

Services with no tariffed term commitment period can be combined with term commitment services in other service categories to achieve the minimum spend amount under this promotion.

If all services ordered under a given service category do not have a tariffed term commitment period, none of the services in that category are eligible for the rebate.

- a) For subscription to one of the three categories of service with a term commitment of one year or greater, the rebate amount will be equal to one months recurring charges for the qualifying service(s) within that category.
- b) For subscription to more than one of the three categories of service with only a one or two year term commitment, the rebate amount will be equal to one months recurring charges for the qualifying service(s) within that category.
- c) For subscription to all three categories of service with a three year or greater term commitment, the rebate amount will be equal to 1.5 times one months recurring charges for the qualifying service(s) within those categories.

The rebate will be issued after the first full month billing statement is rendered for the services installed under this promotion. The rebate will not include applicable taxes and surcharges and only applies for the monthly recurring charges associated with the qualifying service(s). The Company will provide the customer with an estimated rebate amount when the customer orders the services. This promotional offer may not be combined with any other promotion.

If a customer discontinues service for which a rebate was issued prior to the end of required service period, rebates issued under this promotion will not be rescinded; however, customers who discontinue service prior to the end of the term commitment period are responsible for the termination liability charges, where applicable, for the service(s) that are prematurely disconnected.

This promotional offer is only available for use one-time per customer account during the established promotional period.
