Dear Mrs. Salak:

Pursuant to Florida Statute 364.051 we are filing herewith revisions to our Private Line Service Tariff. Following are the affected pages:

Private Line Services Tariff

Section B7

Third Revised Page 65.2

Third Revised Page 66.1

The purpose of this filing is to remove two SMARTRing Service interfaces that have no in-service units.

Acknowledgment, date of receipt and authority number of this filing are requested.

Yours very truly,

Jerry D. Hendrix (slg)

Regulatory Vice President

EXECUTIVE SUMMARY

Description of Proposed Tariff

This Private Line Services Tariff filing updates SMARTRing Service to remove the Fractional 1000 Mbps Metro Ethernet Backbone Customer and Central Office interfaces that operate at 50 Mbps.

Due to technical problems in provisioning SMARTRing Service 50 Mbps Metro Ethernet Backbone Interfaces in conjunction with BellSouth Metro Ethernet Service, this filing is removing these interfaces from the tariff.

There are no in-service units associated with these interfaces, therefore, this filing has no impact to customers.
