RE: **TL727**

Dear Ms. Salak:

Attached for filing, please find the following revised pages for the Embarq Florida, Inc. General Exchange Tariff. This filing is submitted with a proposed effective date of March 13, 2009. The Company's tariffs are available on its website at www.embarq.com/tariffs.

General Exchange Tariff

Section A29	Second Revised Sheet 78.2	Section A29 (cont'd)	Sixth Revised Sheet 81
	Fourth Revised Sheet 79		Fifth Revised Sheet 82
	Fifth Revised Sheet 80		

This filing deletes all references to Dedicated IP Service because customers no longer subscribe to the tariffed Enhanced Frame Relay Service offering in conjunction with Dedicated IP since 20 FCC Rcd 14853 (2005), *Appropriate Framework for Broadband Access to the Internet over Wireline Facilities*, deregulated all broadband (200 kbps in each direction) Internet transport facilities that are used solely for Internet access.

If you have questions or need additional information regarding this filing, please call Sandy Khazraee at 850-847-0173.

Sincerely,

A handwritten signature in cursive script that reads "Debra Levy".

f. An administrative charge will be applied, in addition to the applicable charges associated with Service Connection Charges, as specified in Section 18 of this tariff, when a change is made to a customer's frame relay configuration (including changes to an existing group's addressing or changes in bandwidth), at the customer's request. Such changes are defined as those rearrangements necessary to add, delete or rearrange the customer's configuration and changes of CIR on a PVC. The administrative charge applies to changes in a customer's network associated with PVCs. Only one administrative charge applies per customer request.

- f. An administrative charge will be applied, in addition to the applicable charges associated with Service Connection Charges, as specified in Section 18 of this tariff, when a change is made to a customer's frame relay configuration (including changes to an existing group's addressing or changes in bandwidth), at the customer's request. Such changes are defined as those rearrangements necessary to add, delete or rearrange the customer's configuration and changes of CIR on a PVC. The administrative charge applies to changes in a customer's network associated with PVCs. Only one administrative charge applies per customer request.

Administrative Charge (Nonrecurring) \$50.00

⁽⁴⁾ ~~When the customer also subscribes to the Company's non-regulated Dedicated IP Service, the PVC nonrecurring charge will not apply.~~
