This filing, effective on April 1, 2009, changes rates for the following:

Residence: Increases rates for TOLL-PAC for United Telephone Exchanges for 11-55 miles, TOLL-PAC for Kingsley Lake to Jacksonville, OEAS Option 1, SmallTalk, Key Line (Rate Groups 1, 2, 4 and 5), Rotary Key Line (Rate Groups 4 and 5), certain Custom Calling Features and Packages, certain ExpressTouch Services, Hot Line Service, selected Centrex services including some obsolete services, Advantage Services, and obsolete Solutions Packages. This filing also decreases the SmallTalk call allowance to \$1.00 per month,

Residence: Decreases the monthly rate for SmallTalk and Centrex for Useppa Island, Key Line for Rate Group 3, Useppa Island and North Captiva Island, Rotary Flat Rate, Rotary Key Line for Rate Groups 1-3, Useppa Island and North Captiva Island.

Business: Increases rates for TOLL-PAC for United Telephone Exchanges for 11-22 miles, TOLL-PAC for Kingsley Lake to Jacksonville, OELC Ocala to Williston and Williston to Ocala for One Party and Rotary, OEAS Monthly Minimum Charge for Bands 23-55, Key Line, Rotary Flat Rate for Rate Groups 1-3, Useppa Island and North Captiva Island, Rotary Key Line, Trunks (Rate Group 1-3), Pay Telephone Service (PATs), Network Access Registers (NAR), obsolete Centrex access lines (Rate Groups 1-3), Centrex services including some obsolete services, certain Custom Calling Features and Packages, certain ExpressTouch Services, Operator Screening, Blocking Services, Hot Line Service, Privacy ID, Telesaver for 120 and 600 Minutes, Simply Five 1-200 Monthly Billed Minutes, certain Private Line Services including some obsolete Private Line Services and Channels, certain Link Services, Solutions Packages including some obsolete packages, certain ISDN-BRI Optional Features including some obsolete features, obsolete ISDN "D" Channel Access for Month to Month, certain ATM Services, certain Enhanced Frame Relay Service including some obsolete Frame Relay Services, Wired Music Systems for 50-15,000 Hertz, certain Local Data Transmission Services, certain Translink Services and certain DigiLink Services.

Business: Decreases the rates for Rotary Flat Rate and Trunks (Rate Groups 4 and 5), obsolete Centrex access lines (Rate Groups 4 and 5) and SignalRing.

This filing also increases rates for Station-to-Station and Person-to-Person Operator Assisted calls and Verification and Emergency Interrupt.

Attached is a summary of the Price Cap changes.

Commission consideration and timely approval of these pages are respectfully requested. If you have questions or need additional information regarding this filing, please call Sandy Khazraee at 850-847-0173.

Sincerely,

Debra A. Levy

Cancelling Third Revised Sheet 27  
Effective: April 1, 2009

BASIC LOCAL EXCHANGE SERVICE

C. DIALING PLANS

4. TOLL-PAC (Cont'd)

e. Rates

- 2) The Company will waive the Secondary Service Ordering Charge for exchange subscribers for a period of thirty (30) days following notification to customers that the TOLL-PAC plan will be implemented within their exchange as ordered by the Florida Public Service Commission. In addition, if also ordered by the Commission, the Secondary Service Ordering Charge will be waived for a second period of thirty (30) days after customers who could benefit from the plan have been identified and notified as to their potential savings with TOLL-PAC. Such benefiting customers will be identified through studies conducted by the Company of the preceding six (6) month toll calling habits.
- 3) Minimum monthly rates, as indicated, will apply for point-to-point or for each point to multi-point service.

5. OELC - Optional Extended Local Calling

a. General

- 1) Optional Extended Local Calling (OELC) is an optional two-way calling plan available to customers in the exchanges listed under OELC in B.2. previously.
- 2) OELC permits exchange subscribers to place and receive unlimited toll-free calls to and from the selected exchange which is outside the subscriber's normal local calling area for a monthly rate as specified following. This rate is in addition to the applicable local exchange rate with which OELC is associated.
  - a) Calls eligible under this plan are those which are direct dialed either from the access line arranged for OELC to the selected exchange or from the selected exchange to the access line arranged for OELC, except as identified in paragraphs c), d) and e) following.
  - b) OELC service does not include calls to or from those other exchanges which are considered within the local calling scope of the selected exchange.

6. OEAS Optional Extended Area Service

- a. OEAS is a one-way optional calling plan offered by the company to subscribers in the exchanges specified in this section. OEAS provides alternative billing for direct distance dialed (DDD) calls to an exchange beyond the subscriber's local calling area but within the same LATA.

A customer with multiple access lines, subscribing to OEAS, will be billed a monthly minimum charge for each access line.

- b. Options I, III and IV of the OEAS plan are available only to subscribers with residential access lines. Option II is available to both residential and business access line services.
- c. OEAS is not offered in conjunction with FX service, pay telephone service, Shared Tenant Services, guest and patient lines which terminate in hotels, motels, nursing homes or hospitals, nor any other form of resold service.
- d. OEAS does not include calls to other exchanges which are considered within the local calling scope of the additive exchange.

Embarq Florida, Inc.

By: John M. Felz  
Director

SECTION A3  
Ninth Revised Sheet 55  
Cancelling Eighth Revised Sheet 55  
Effective: April 1, 2009

BASIC LOCAL EXCHANGE SERVICE

H. OPERATOR ASSISTED LOCAL CALLS

1. All types of local exchange service have local calling areas as specified previously in this tariff which are the areas that can be called on a flat-rate basis (no charge for individual calls), on a local coin call rate basis, or a measured or message rate basis.
2. Local dial calls must be dialed and completed without the assistance of a Company operator and must be billed to the originating telephone when a charge is applicable. Otherwise, operator assistance charges will apply to the call, in addition to the applicable local dial rate.
3. The following service charges apply in addition to the local dial rate applicable for operator assisted local calls.

a.	Station-to-Station customer dialed credit card local call	<b>\$2.00</b>	(l)
b.	Station-to-Station operator assisted sent-paid, collect, third number, and non-customer-dialed credit card calls	<b>\$2.00</b>	(l)
c.	Person-to-Person operator assisted local call	<b>\$5.00</b>	(l)

BY: John M. Felz  
Director

SECTION A3  
Seventh Revised Sheet 58  
Cancelling Sixth Revised Sheet 58  
Effective: April 1, 2009

BASIC LOCAL EXCHANGE SERVICE

I. VERIFICATION AND EMERGENCY INTERRUPT SERVICE

2. Rates and Charges

- a. A charge of **\$2.50** is applicable for each chargeable verification request as defined previously. (I)
- b. A charge of **\$2.50** in addition to the verification charge is applicable for each chargeable emergency interrupt request as defined previously. (I)
- c. No charge will apply if the requesting customer identifies that the call is to or from an official public emergency agency. An official public emergency agency is defined as a government agency which is operated by the Federal, state or local government, and has the capability and legal authority to provide prompt and direct aid to the public in emergency situations. Such agencies include the local police, state police, fire department, licensed hospitals, etc.
- d. Charges may not be billed on a collect basis or on a third number basis to the number being verified or interrupted.
- e. If the number verified is not in use, or as a result of interrupt, the line is cleared, and at the calling party's request the operator completes the call, the charges for Operator Assisted Local Calls as defined in this tariff section apply in addition to the applicable verification and emergency interrupt charges.

CENTREX SERVICE II

C. EXPRESSTOUCH CENTREX SERVICE II FEATURES (Cont'd)

3. Features (Cont'd)

e. Call Tracing

- 1) Call Tracing enables the customer to initiate an automatic trace of the last call received. A usage charge will be assessed on a per-occasion basis for each successful trace made. A trace is considered successful when the customer is informed by the voice response unit that the Call Tracing has been successfully completed. Certain types of calls, i.e., out of the area long distance, cannot be traced using this feature.
- 2) Upon activation by the customer, the call tracing information (calling and called number, the time the call was received, and the time the trace was activated) is recorded and stored until requested by an authorized law enforcement agency. The information collection process is instantaneous and the customer using the feature will be notified immediately if the trace was successful and will then be instructed to contact the local law enforcement agency if they wish to file a complaint. The customer is not provided the traced number.
- 3) If the customer receives another call prior to activating the trace, or receives a Call Waiting indication during the call to be traced, Call Tracing will record the last call, which may not be the call the call trace activation was intended to record.

f. Call Tracing Denial - This service allows the Call Tracing feature to be blocked. To initiate the blocking feature, the customer must contact the Company. The Company will then install the blocking feature on the customer's line. The blocking feature cannot be deactivated by the customer. This feature is provided at no charge to the customer.

I. REMOTE CALL FORWARDING (RCF)

1. General

- a. Remote Call Forwarding (RCF) is a service whereby a call placed from an originating number (Calling Party) to a customer's Remote Call Forwarding (RCF customer) telephone number (the call forwarding location) is automatically forwarded by Company central office equipment to another telephone number (the terminating number) designated by the RCF customer.

2. Regulations

- a. RCF service is offered only from suitably equipped central offices and is subject to the availability of facilities.
- b. Each RCF service allows for forwarding one call at a given time. A subsequent RCF service or path is necessary for each additional call to be forwarded simultaneously.
- c. RCF service will be provided on the condition that the customer subscribes to sufficient facilities to adequately handle calls without interfering with or impairing any services offered by the Company.
- d. When the RCF number is to be located in a multi-office exchange, the Company will determine the serving office.
- e. Customers are prohibited from using Remote Call Forwarding for the purpose of bypassing toll service (e.g., Long Distance Message Telecommunications Service and/or Extended Calling Service (ECS) Routes).
- f. Transmission characteristics may vary depending on the distance and routing necessary to complete the forwarded call.
- g. RCF service is not represented as suitable for satisfactory transmission of data.
- h. RCF service is not offered when the terminating number for a forwarded call is a Pay Telephone access line service.

MISCELLANEOUS SERVICE ARRANGEMENTS

Y. PRIVACY ID

1. General

- a. Privacy ID provides Caller ID subscribers with the ability to identify unavailable, unknown, blocked and private numbers. Privacy ID intercepts all unidentified calls before the subscriber's telephone rings then asks the caller to state their name or company. Once the calling party has responded, the service rings the subscriber and announces the calling party's information. The subscriber has the option to accept the call, reject the call, play an announcement to the calling party or forward the call to voicemail.
- b. The Privacy ID subscriber may provide calling parties with a Caller's Access Code. Use of this access code allows the calling party to bypass Privacy ID.

2. Terms and Conditions

- a. Privacy ID is provided subject to availability of facilities.
- b. Privacy ID is not offered in conjunction with ISDN, Centrex, Payphone Line and PBX Service.
- c. When the Call Trace and Return Call features are activated on calls intercepted by Privacy ID, the telephone number captured is that of the Service Node, which performs Privacy ID, not the telephone number of the calling party.
- d. Caller ID Service is required in order to subscribe to Privacy ID.

- f. An administrative charge will be applied, in addition to the applicable charges associated with Service Connection Charges, as specified in Section 18 of this tariff, when a change is made to a customer's frame relay configuration (including changes to an existing group's addressing or changes in bandwidth), at the customer's request. Such changes are defined as those rearrangements necessary to add, delete or rearrange the customer's configuration and changes of CIR on a PVC. The administrative charge applies to changes in a customer's network associated with PVCs. Only one administrative charge applies per customer request.

Administrative Charge (Nonrecurring) \$50.00

	<u>Fixed Monthly Charge</u>	<u>Monthly Charge Per Mile</u>	<u>Nonrecurring Charge Per Channel</u>
1-8 Miles	\$28.00	\$1.50	\$103.00
9-25 Miles	<b>33.00</b>	1.50	103.00
Over 25 Miles	28.00	1.40	103.00

(I)

- Note 1: Nonrecurring charges are described in A20.B.3.a.  
 Note 2: For method of determining mileage, see A20.B.3.c.  
 Note 3: Metallic Interoffice Channels for type 1204 Local Channels are no longer available for new installations, moves or transfers. This service will no longer be available after 9/1/93. Metallic interoffice facilities are in continually decreasing supply due to modernization programs that replace existing metallic interoffice with non-metallic facilities such as fiber optics.

4) Automatic Loop Transfer

The Automatic Loop Transfer provides protection on a IXN basis against failure of the facilities between a customer's designated premises and the wire center serving that premises. Protection is furnished through the use of a switching arrangement that automatically switched to a spare channel line when a working line fails. The spare channel is not included as a part of the option. This option requires compatible equipment at both the serving wire center and the customer premises. The customer is responsible for providing the equipment at its premises. Equipment at the customer premises will be provided under tariff only if it existed in the Company inventory as of November 18, 1983. An additional Local Channel charge will apply whenever the spare line is provided as a leg to the customer premises.

DIGITAL NETWORK SERVICES

B. INTEGRATED SERVICES DIGITAL NETWORK-PRIMARY RATE INTERFACE (ISDN-PRI)  
(Cont'd)

5. Service Components (Cont'd)

a. The required components for ISDN-PRI are as follows: (Cont'd)

6) D Channel Backup - Provides backup for the D channel for a customer with multiple PRI lines by automatically switching signaling capability over to another D channel if service to the primary D channel is interrupted.

b. Calling Line Information Delivery - This feature, inherent in PRI, provides the customer with the telephone number of the calling party. Incoming call identification is provided via the D channel associated with incoming calls on a B channel(s) to a PBX. Calling Number Delivery Blocking is available as stipulated in A13 of this tariff.

6. Rates and Charges

	<u>Nonrecurring Charge</u>	<u>Month to Month</u>	<u>24 to 48 Months</u>	<u>49 to 72 Months</u>	<u>73 to 96 Months</u>

5. OELC - Optional Extended Local Calling

a. General

- 1) Optional Extended Local Calling (OELC) is an optional two-way calling plan available to customers in the exchanges listed under OELC in B.2. previously.
- 2) OELC permits exchange subscribers to place and receive unlimited toll-free calls to and from the selected exchange which is outside the subscriber's normal local calling area for a monthly rate as specified following. This rate is in addition to the applicable local exchange rate with which OELC is associated.
  - a) Calls eligible under this plan are those which are direct dialed either from the access line arranged for OELC to the selected exchange or from the selected exchange to the access line arranged for OELC, except as identified in paragraphs c), d) and e) following.
  - b) OELC service does not include calls to or from those other exchanges which are considered within the local calling scope of the selected exchange.

6. OEAS Optional Extended Area Service

- a. OEAS is a one-way optional calling plan offered by the company to subscribers in the exchanges specified in this section. OEAS provides alternative billing for direct distance dialed (DDD) calls to an exchange beyond the subscriber's local calling area but within the same LATA.

A customer with multiple access lines, subscribing to OEAS, will be billed a monthly minimum charge for each access line.

- b. Options I, III and IV of the OEAS plan are available only to subscribers with residential access lines. Option II is available to both residential and business access line services.
- c. OEAS is not offered in conjunction with FX service, pay telephone service, Shared Tenant Services, guest and patient lines which terminate in hotels, motels, nursing homes or hospitals, nor any other form of resold service.
- d. OEAS does not include calls to other exchanges which are considered within the local calling scope of the additive exchange.

Cancelling ~~Eighth Seventh~~ Revised Sheet 55  
Effective: ~~April 1, 2009~~ November 1, 2007

BASIC LOCAL EXCHANGE SERVICE

H. OPERATOR ASSISTED LOCAL CALLS

1. All types of local exchange service have local calling areas as specified previously in this tariff which are the areas that can be called on a flat-rate basis (no charge for individual calls), on a local coin call rate basis, or a measured or message rate basis.
2. Local dial calls must be dialed and completed without the assistance of a Company operator and must be billed to the originating telephone when a charge is applicable. Otherwise, operator assistance charges will apply to the call, in addition to the applicable local dial rate.
3. The following service charges apply in addition to the local dial rate applicable for operator assisted local calls.

a.	Station-to-Station customer dialed credit card local call	<del>\$2.00</del> 4.00	(l)
b.	Station-to-Station operator assisted sent-paid, collect, third number, and non-customer-dialed credit card calls	<del>\$2.00</del> 4.60	(l)
c.	Person-to-Person operator assisted local call	<del>\$5.00</del> 4.00	(l)

BASIC LOCAL EXCHANGE SERVICE

I. VERIFICATION AND EMERGENCY INTERRUPT SERVICE

2. Rates and Charges

- a. A charge of ~~\$2.502.00~~ is applicable for each chargeable verification request as defined previously. (I)
- b. A charge of ~~\$2.502.00~~ in addition to the verification charge is applicable for each chargeable emergency interrupt request as defined previously. (I)
- c. No charge will apply if the requesting customer identifies that the call is to or from an official public emergency agency. An official public emergency agency is defined as a government agency which is operated by the Federal, state or local government, and has the capability and legal authority to provide prompt and direct aid to the public in emergency situations. Such agencies include the local police, state police, fire department, licensed hospitals, etc.
- d. Charges may not be billed on a collect basis or on a third number basis to the number being verified or interrupted.
- e. If the number verified is not in use, or as a result of interrupt, the line is cleared, and at the calling party's request the operator completes the call, the charges for Operator Assisted Local Calls as defined in this tariff section apply in addition to the applicable verification and emergency interrupt charges.

CENTREX SERVICE II

C. EXPRESSTOUCH CENTREX SERVICE II FEATURES (Cont'd)

3. Features (Cont'd)

e. Call Tracing

- 1) Call Tracing enables the customer to initiate an automatic trace of the last call received. A usage charge will be assessed on a per-occasion basis for each successful trace made. A trace is considered successful when the customer is informed by the voice response unit that the Call Tracing has been successfully completed. Certain types of calls, i.e., out of the area long distance, cannot be traced using this feature.
- 2) Upon activation by the customer, the call tracing information (calling and called number, the time the call was received, and the time the trace was activated) is recorded and stored until requested by an authorized law enforcement agency. The information collection process is instantaneous and the customer using the feature will be notified immediately if the trace was successful and will then be instructed to contact the local law enforcement agency if they wish to file a complaint. The customer is not provided the traced number.
- 3) If the customer receives another call prior to activating the trace, or receives a Call Waiting indication during the call to be traced, Call Tracing will record the last call, which may not be the call the call trace activation was intended to record.

f. Call Tracing Denial - This service allows the Call Tracing feature to be blocked. To initiate the blocking feature, the customer must contact the Company. The Company will then install the blocking feature on the customer's line. The blocking feature cannot be deactivated by the customer. This feature is provided at no charge to the customer.

4. Rates and Charges

<b>SignalRing (per number added)</b>	<b>\$5.00</b>	<b>\$7.00</b>	(C)

I. REMOTE CALL FORWARDING (RCF)

1. General

- a. Remote Call Forwarding (RCF) is a service whereby a call placed from an originating number (Calling Party) to a customer's Remote Call Forwarding (RCF customer) telephone number (the call forwarding location) is automatically forwarded by Company central office equipment to another telephone number (the terminating number) designated by the RCF customer.

2. Regulations

- a. RCF service is offered only from suitably equipped central offices and is subject to the availability of facilities.
- b. Each RCF service allows for forwarding one call at a given time. A subsequent RCF service or path is necessary for each additional call to be forwarded simultaneously.
- c. RCF service will be provided on the condition that the customer subscribes to sufficient facilities to adequately handle calls without interfering with or impairing any services offered by the Company.
- d. When the RCF number is to be located in a multi-office exchange, the Company will determine the serving office.
- e. Customers are prohibited from using Remote Call Forwarding for the purpose of bypassing toll service (e.g. Long Distance Message Telecommunications Service and/or Extended Calling Service (ECS) Routes).
- f. Transmission characteristics may vary depending on the distance and routing necessary to complete the forwarded call.
- g. RCF service is not represented as suitable for satisfactory transmission of data.
- h. RCF service is not offered when the terminating number for a forwarded call is a Pay Telephone access line service.

1. Residence and Business Operator Screening -  
United Telephone Exchanges Only (Cont'd)

- d. Operator Screening is provided for intraLATA calling through Company operators. Screening for interLATA calling is the responsibility of the interLATA carriers who choose to acknowledge the network screening signals passed to them.
- e. The Company will not be responsible for screening calls placed by the caller which are not routed through a Company operator. Calls routed through Alternate Operator Services cannot be screened by the Company.
- f. Rates and Charges

	<u>Residential</u>	<u>Business</u>	(T)
1) Operator Screening, per line, per month	\$4.00	<u>\$6.00</u> <del>4.00</del>	(I)
2) Service Ordering Charges in Section A4 are also applicable.			

2. Billed Number Screening - United Telephone Exchanges Only

a. General

- 1) Billed Number Screening is a service which, through Operator Screening, prevents third number and collect calls from being billed to a telephone line.
- 2) Billed Number Screening is available to all classes of residence and single line business services, and PATS providers subscribing to the flat rate option, which utilize the public switched network for long distance calling.

MISCELLANEOUS SERVICE ARRANGEMENTS

Y. PRIVACY ID

1. General

- a. Privacy ID provides Caller ID subscribers with the ability to identify unavailable, unknown, blocked and private numbers. Privacy ID intercepts all unidentified calls before the subscriber's telephone rings then asks the caller to state their name or company. Once the calling party has responded, the service rings the subscriber and announces the calling party's information. The subscriber has the option to accept the call, reject the call, play an announcement to the calling party or forward the call to voicemail.
- b. The Privacy ID subscriber may provide calling parties with a Caller's Access Code. Use of this access code allows the calling party to bypass Privacy ID.

2. Terms and Conditions

- a. Privacy ID is provided subject to availability of facilities.
- b. Privacy ID is not offered in conjunction with ISDN, Centrex, Payphone Line and PBX Service.
- c. When the Call Trace and Return Call features are activated on calls intercepted by Privacy ID, the telephone number captured is that of the Service Node, which performs Privacy ID, not the telephone number of the calling party.
- d. Caller ID Service is required in order to subscribe to Privacy ID.

3. Rates and Charges

	<u>S&amp;E Code</u>	<u>Monthly Rate</u>

- f. An administrative charge will be applied, in addition to the applicable charges associated with Service Connection Charges, as specified in Section 18 of this tariff, when a change is made to a customer's frame relay configuration (including changes to an existing group's addressing or changes in bandwidth), at the customer's request. Such changes are defined as those rearrangements necessary to add, delete or rearrange the customer's configuration and changes of CIR on a PVC. The administrative charge applies to changes in a customer's network associated with PVCs. Only one administrative charge applies per customer request.

Administrative Charge (Nonrecurring) \$50.00

5. Rates and Charges (Cont'd)

c. Optional Features and Functions (Cont'd)

4) Automatic Loop Transfer

The Automatic Loop Transfer provides protection on a IXN basis against failure of the facilities between a customer's designated premises and the wire center serving that premises. Protection is furnished through the use of a switching arrangement that automatically switched to a spare channel line when a working line fails. The spare channel is not included as a part of the option. This option requires compatible equipment at both the serving wire center and the customer premises. The customer is responsible for providing the equipment at its premises. Equipment at the customer premises will be provided under tariff only if it existed in the Company inventory as of November 18, 1983. An additional Local Channel charge will apply whenever the spare line is provided as a leg to the customer premises.

B. INTEGRATED SERVICES DIGITAL NETWORK-PRIMARY RATE INTERFACE (ISDN-PRI)  
(Cont'd)

5. Service Components (Cont'd)

a. The required components for ISDN-PRI are as follows: (Cont'd)

6) D Channel Backup - Provides backup for the D channel for a customer with multiple PRI lines by automatically switching signaling capability over to another D channel if service to the primary D channel is interrupted.

b. Calling Line Information Delivery - This feature, inherent in PRI, provides the customer with the telephone number of the calling party. Incoming call identification is provided via the D channel associated with incoming calls on a B channel(s) to a PBX. Calling Number Delivery Blocking is available as stipulated in A13 of this tariff.

6. Rates and Charges

	<u>Nonrecurring Charge</u>	<u>Month to Month</u>	<u>24 to 48 Months</u>	<u>49 to 72 Months</u>	<u>73 to 96 Months</u>
a. Primary Rate Facility, each	Rates located in Section A20				
b. PRI Access	\$ 300.00	\$335.00	\$285.00	\$260.00	\$225.00
c. B Channel					
United Telephone Exchanges Only	Rates based on NARs located in Section A12				
Central Telephone Exchanges Only	Rates found in Section A29.				
d. ISA, per VFG	50.00	15.00	15.00	15.00	15.00
e. D Channel Access	500.00	<del>150.00</del> <b>159.00</b>	130.00	120.00	110.00
f. D Channel Backup	300.00	150.00	130.00	120.00	110.00
g. Move Charges					

1) A move charge will apply for each Primary Rate Facility moved to a new location in the same building. This move charge is an amount equal to one half of the nonrecurring charge, Service Change Charge and Premises Visit Charge, as found in Section A4 of this tariff.

2) A move charge will also apply for ISDN-PRI service moved to a new location in the Company's territory. This move charge is equal to the sum of all nonrecurring charges, including service establishment applicable to a new ISDN-PRI service installation at the new location, as found in Section A4 of this tariff.

DIGITAL NETWORK SERVICES

C. INTEGRATED SERVICES DIGITAL NETWORK-BASIC RATE INTERFACE (ISDN-BRI)  
(Residence Only)

Not offered for new installations on and after the obsoleted date. ISDN-BRI will be continued for all residence customers subscribed to the service as of July 30, 2008. Existing lines will be continued for the same subscriber at the same location or until the subscriber discontinues the service. All regulations specified in Section A29 for ISDN-BRI (Business Only) apply to residence customers subscribed to this service, unless specified otherwise within this section. Rates applicable to residence customers are specified herein.

1. Application of Rates

- a. The ISDN-BRI monthly rates are in addition to the applicable R-1 (Residential One Party) access line rate. These rates can be found in Section A3.

2. Rates and Charges
