RE: TX045

Ms. Salak,

Attached for filing, please find revisions to Sprint Communications Company, Limited Partnership's (L.P.) Florida Price List No. 4.

The purpose of this filing is to introduce a new tariff section for VoIP-PSTN Traffic in concurrence with Sprint Communication Company's L.P. F.C.C. No. 13 Interstate Access Tariff.

This tariff filing reflects Sprint Communications Company, L.P.'s implementation of the intercarrier compensation regime for certain Toll VoIP-PSTN traffic that was recently mandated (absent agreement by the affected companies) by the Federal Communications Commission ("FCC") in its November 18, 2011 Report and Order and Further Notice of Proposed Rulemaking in WC Dockets No. 10-90 etc. In accordance with that Order, these tariff revisions will take effect December 29, 2011.

The revision is consistent with the FCC's Order, for separating Relevant Toll VoIP-PSTN traffic from access traffic which is billed at the standard intrastate access rates. The Toll VoIP-PSTN traffic will be billed at the rates set forth in Sprint Communications Company L.P. Tariff F.C.C. No. 13 interstate access tariff.

The new regime implemented by this tariff will result in rate reductions for many if not all access customers, and will not result in rate increases.

Commission consideration and timely approval of these sheets are respectfully requested. Should you have any questions or need additional information regarding this filing, please contact me.

Sincerely,

Shelia Davenport
