Mr. Steve Tribble
Commission Clerk
Florida Public Service Commission
101 East Gaines Street
Tallahassee, Florida 32301

Re: Docket No. 870790-TL/Gilchrist County EAS

In accordance with Florida Public Service Commission Order Number 17943 issued on 8-6-87 and Order Number 18250 issued on 10-5-87 in the above-captioned docket, we are filing the original and fifteen copies of the following with respect to the proposed Gilchrist County EAS:

- (1) Call Distribution Schedule
- (2) Calling Rate Calculation
- (3) Map of Gilchrist County
- (4) Analysis Statement

Your attention to this filing is greatly appreciated.

Sincerely,

Richard H. Brashear
President

BRANFORD EXCHANGE

ALLTEL Florida, Inc.
Live Oak

ANALYSIS STATEMENT
Docket No. 870790-TL
Gilchrist County EAS

All traffic data collected for the one-way calling rate computation for Gilchrist County was based on the September 1987 billing period. Calling main stations for this study included 1B, 2B, 4 & 5B, Semi-Public Paystations, PBX Trunks, Key System Lines, 1R, 2R, 4 & 5R. Calling main totals differ from access line totals. Access line totals include Public Paystations and Special Services (Private Lines.) Totals on both counts exclude test lines and official company lines.

Combined two-way data is only available for the Branford-High Springs, High Springs-Branford route. In order for us to composite the calling rate for the other routes, we must obtain calling mains and messages for the Trenton-High Springs, Trenton-Branford, Newberry-Branford one-way calling. At this point, the data received from Southern Bell did not supply that information.

Calling statistics for the one-way Branford-Trenton, Branford-Newberry, Branford-High Springs; and High Springs-Trenton, High Springs-Branford routes and composite two-way Branford-High Springs are as follows:

The exchange of Branford is presently served by an NXID (North Electric Crossbar) Switch. The exchange of High Springs is served by a DMS-10 (Northern Telecom) office.

Presently all toll traffic for Branford to High Springs, Trenton and Newberry and High Springs toll to Trenton is carried over radio through the Live Oak switch to High Springs or to Jacksonville 05T Lata Tandem and reswitched via Gainesville to Trenton and Newberry. High Springs is also switched thru Live Oak to Branford. High Springs EAS to Newberry is direct to Gainesville tandem thru the Alachua office. Depending on the connecting company network we would probably have to reroute the new EAS traffic via Alachua to Gainesville. Gainesville would then have to tandem this traffic to Trenton and Newberry.

The community of interest for the Gilchrist county citizens residing in Branford, Newberry and High Springs areas are: Governmental offices, including the School Board, Courthouse offices, public officials, banks and other businesses.

On the enclosed map of Gilchrist County, we have indicated the area presently being served by ALLTEL.

ALLTEL Florida, Inc.
Live Oak

All toll revenue between Branford and High Springs is intralata and is being turned over by ALLTEL to the intralata toll pool. ALLTEL's cost (revenue requirement) for these facilities is being recovered through the division of revenues process from this pool. The toll revenue for the Branford-Trenton, Branford-Newberry, High Springs-Trenton routes are interlata and would be turned over to AT&T. ALLTEL's interlata lost revenue would be in terms of access charges billed to AT&T.

The Station Classification data is as follows and reflects the total number of access lines for Branford and High Springs as of September 30, 1987:
