MOTION TO EXTEND TIME  
FOR FILING TRAFFIC STUDY

ALLTEL Florida, Inc., through its undersigned attorney moves to extend the time for filing traffic studies in the above docket until June 28, 1991, and, in support, states as follows:

1. This request is complicated and will require a great deal of preparation, analysis and work. There are 30 routes involved, and 22 of these routes are interLATA. With regard to the 22 routes, there are many unanswered questions about routing.
2. The required traffic studies have come at a time when other EAS concerns have also come to the forefront. Implementation is being undertaken for Lake Bulter to Alachua, Brooker and Gainesville. Traffic studies are due soon for Gilchrist County. Interrogatories are due soon for Gilchrist County. The same is true in the Wellborn to Lake city docket.

3. ALLTEL has a very limited staff available to work on EAS matters, and since so many require simultaneous attention, more time is necessary to ensure timely completion.

Respectfully Submitted,
