FPSC RECORDS/REPORTING

MOTION TO EXPEDITE DISCOVERY

COMES NOW, Sailfish Point Utility Corporation, Petitioner in the above styled rate proceeding, and requests that the Commission issue its Order expediting discovery, and its support thereof states that:

1. Rule 25-22.034, F.A.C., and the applicable discovery rules in Rules 1.280 through 1.400, Florida Rules of Civil Procedure provide that the recipient of interrogatories, requests for production and requests for admission shall have 30 days in which to respond to the discovery.

2. By Order No. 24486 issued May 7, 1991, the Commission granted the Petition to Intervene filed by the Sailfish Point Property Owners Association and Charles R. Buckridge (SPOR).

3. The Preliminary Prehearing is scheduled for June 5, and the Prehearing Conference is scheduled with Commissioner Easley on June 6, 1991.

4. Because of the previous effort by this Intervenor to raise issues both outside the jurisdiction of this Commission and not relevant to these proceedings, it is necessary to examine their documents and potential exhibits and to identify potential witnesses of the Intervenor. Therefore, Sailfish Point Utility Corporation respectfully seeks an order requiring the Intervenor to

file its Response to the Utility's two interrogatories so as to be received by the undersigned counsel on or before Friday, May 24, and requiring the Intervenor's response to the Utility's request for production so as to be received by the undersigned counsel at 9:00 a.m. on June 5, 1991, the day of the Preliminary Prehearing Conference in the above styled proceeding.

WHEREFORE, Sailfish Point Utility Corporation moves for an Order requiring the expedited response to the Utility's two interrogatories and Request for Production or the time schedule set forth above.
