ORDER APPROVING TARIFF FILING

BY THE COMMISSION:

On April 10, 1991, Central Telephone Company of Florida (Centel or the Company) filed revisions to its General Customer Services Tariff. In that filing, Centel proposed to add two new features to its Custom Calling II Service.

Custom Calling II is Centel's name for its Custom Local Area Signaling Service (CLASS) offering. Centel, Southern Bell, GTE and United currently offer CLASS features in Florida. The service requires Common Channel Signaling System 7 (CCS7) to be deployed in the local network for any CLASS features to operate between central offices.

Centel's proposal will add two new features to the Company's CLASS offering: Distinctive Ringing and Call Screening. Distinctive Ringing will allow customers to specify up to six incoming numbers that will ring in a distinctive pattern. Call Screening will enable customers to program up to six numbers that will be restricted from calling that customer.

Centel's rate structure for the proposed features is similar to that of other companies which currently offer the features. Centel employed a fully distributed cost study for these features. This is consistent with the Company's policy of using fully allocated costs for nearly all of its services. It is also consistent with the method used for Centel's other Custom Calling II features.

We have reviewed the Company's cost figures and are satisfied that, given the expected demand, the costs developed appear reasonable. However, if demand develops at a much slower or faster

rate, the actual costs may be different. Centel has accounted for this by pricing these features well above its expected costs.

After review, we approve Centel's tariff proposal to add Distinctive Ringing and Call Screening to its CLASS offering.

Therefore, based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the tariff filing by Central Telephone Company of Florida to introduce Distinctive Ringing and Call Screening to its Custom Calling II service is hereby approved. It is further

ORDERED that this tariff shall become effective on June 9, 1991. If a timely protest is filed, this tariff shall remain in effect with any increase held subject to refund pending resolution of the protest. If no timely protest is filed, this docket shall be closed.

By ORDER of the Florida Public Service Commission this 6th
day of JUNE, 1991.
