Docket No. 900039-TL
July 30, 1991

Issue 2: Recommendation that an alternative plan be offered to Mt. Dora subscribers. Calls between the Mt. Dora exchange and the Apopka, Orlando, and Winter Park exchanges should be rated at \$.25 per call, regardless of call duration. Non-LEC pay telephone providers should charge end users as if these calls were local \$.25 calls, and the providers will pay the standard measured usage rate to the LEC. United Telephone Company and Southern Bell should be ordered to implement this change within 12 months of the final order in this docket. Southern Bell should immediately seek a waiver of the MFJ from Judge Greene to carry the traffic on these routes. Toll alternatives should not apply to any other routes.

APPROVED

Issue 3: Recommendation that United Telephone Company be required to implement the \$.25 message plan on a seven digit basis on the Mt. Dora/Apopka, Mt. Dora/Orlando, and Mt. Dora/Winter Park routes. No free call allowance should be put in place. No time limit should be imposed. Mt. Dora subscribers should be provided with directory listings of Apopka, Orlando, and Winter Park subscribers. Apopka, Orlando, and Winter Park subscribers should be provided with directory listings of Mt. Dora subscribers.

APPROVED

Issue 4: Recommendation that the toll alternative plan should not permit full recovery of costs and lost revenues, including incremental costs. Rule 25-4.062(4), F.A.C., should be waived.

APPROVED

Issue 5: Recommendation that this docket be closed. Staff should place the matter on monitor status to ensure that United and Southern Bell make the necessary tariff revisions and comply with the implementation date.
