ORDER APPROVING REVISED LS-D RATE SCHEDULE

BY THE COMMISSION:

The City of Green Cove Springs (GCS or the City) filed a revised tariff to its Large Service-Demand (LS-D) rate. The City's Large Service-Demand rate is applicable to customers who have a maximum monthly demand of 1,000 kw or more, or a maximum monthly demand of at least 200 kw and a 70% load factor. The filing expands the applicability section of the LS-D rate schedule. Now customers that take service under the LS-D rate can take service for a second account under the LS-D rate as long as the new account meets certain criteria specified in the tariff.

The revised LS-D rate is applicable to customers who construct additional facilities that will be served by a demand metered account and who also meet the following criteria:

1. The new facility is located on the same geographic site as the existing facility.
2. The new facility has identical ownership to the existing facility.
3. The usage characteristics of the new account are the same as those of the existing account.
4. In GCS's opinion, the new account will attain a monthly demand of 200 kw or more and a load factor of 70% or more, in not less than six months. If the account does not meet this requirement within six months, the City may continue billing the second account under the LS-D rate, as long as one of the accounts qualifies to be served under the LS-D rate.

We find this revised LS-D tariff to be sufficiently restrictive, and we believe it will avoid any potential conjunctive billing problems. We also find the modified LS-D rate schedule to be fair, just, and reasonable. Accordingly, we approve the City of Green Cove Springs' change to its Large Service Demand rate schedule. The revised tariff became effective February 4, 1992.

If a timely protest is filed, this revised LS-D tariff shall remain in effect pending resolution of the protest. If no timely protest is filed, this docket shall be closed.

It is, therefore,

ORDERED by the Florida Public Service Commission that the City of Green Cove Springs expansion of its Large Service-Demand rate is hereby approved. It is further

ORDERED that if a protest is filed in accordance with the requirement set forth below, the tariff shall remain in effect pending resolution of the protest. It is further

ORDERED that if no protest is filed in accordance with the requirement set forth below, this docket shall be closed.

By ORDER of the Florida Public Service Commission this 21st day of September, 1992.

should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

The Commission's decision on this tariff is interim in nature and will become final, unless a person whose substantial interests are affected by the action proposed files a petition for a formal proceeding, as provided by Rule 25-22.036(4), Florida Administrative Code, in the form provided by Rule 25-22.036(7)(a)(d) and (e), Florida Administrative Code. This petition must be received by the Director, Division of Records and Reporting at his office at 101 East Gaines Street, Tallahassee, Florida 32399-0870, by the close of business on October 12, 1992.

In the absence of such a petition, this order shall become final on the day subsequent to the above date.

Any objection or protest filed in this docket before the issuance date of this Order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.

If this Order becomes final on the date described above, any party adversely affected may request judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or by the First District Court of Appeal in the case of a water or wastewater utility by filing a notice of appeal with the Director, Division of Records and Reporting and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days of the date this Order becomes final, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.
