CENTRAL TELEPHONE COMPANY OF FLORIDA'S
FIRST REQUEST FOR CONFIDENTIAL CLASSIFICATION

Central Telephone Company of Florida ("Sprint/Centel-Florida" or the "Company"), by and through its undersigned counsel, and in accordance with Section 25-22.006, Florida Administrative Code, files this First Request for Confidential Classification within twenty-one days of filing its Notice of Intent to Request Confidential Classification, and says:

1. Sprint/Centel-Florida requests that the documents attached hereto as Attachment "A" be classified as "proprietary confidential business information" within the meaning of Section 364.183, Florida Statutes (1991). Attachment "A" is an edited version of the documents on which the information asserted to be confidential has been blocked out by the use of an opaque marker. An unedited version of the documents included in Attachment "A" has been submitted to the Division of Records and Reporting on this date under a separate cover and with the information asserted to be confidential highlighted in yellow.

2. Document No. 1 and Document No. 2 of Attachment "A" were provided to the Division of Records and Reporting, together with a Notice of Intent to Request Confidential Classification, on March 25, 1993, in Response to Staff's First Request for Production of Documents, No. 7, and Staff's First Set of Interrogatories, No. 16.

3. Document No. 1 of Attachment "A" reflects, by interexchange carrier ("IXC"), the mileage from the IXC's point of presence and the Company's end office, together with the intrastate switched access minutes of use and the Company's annual revenues. Document No. 2 of Attachment "A" reflects the Company's incremental cost of tandem switching. The highlighted and redacted portions of these documents should be considered confidential because disclosure of that information would harm the Company's ratepayers and/or the business operations of the Company.

4. The line-by-line and page-by-page justification required by Section 25-22.006(4), Florida Administrative code, including statements concerning how the ratepayers and/or the business operations of the Company will be harmed if this information is disclosed to the public, is attached hereto and incorporated herein by reference as Attachment "B."

5. The information in Attachment "A" is intended to be and is treated by Sprint/Centel-Florida as private, confidential information and has not been disclosed to the public.

WHEREFORE, Sprint/Centel-Florida respectfully requests that the Commission issue an order declaring that the highlighted and redacted information in the documents in Attachment "A" is proprietary confidential business information and exempt from disclosure under the public records laws of the State of Florida.

DATED this 14th day of April, 1994.

Line-by-Line Justification

ATTACHMENT "B"

The following data on the documents identified as Attachment "A" is confidential.

Document No.	Page	Data Point	Line(s)	Columns	Justification
1	1-30		all	C-F	1
1	31		4	B & D	1
2	1		all	B	2

Note 1: This information reflects interexchange carrier ("IXC") specific access usage and Centel dedicated switched transport revenues data on an end office-by-end office basis for the 12-month period ending 3/11/94. To the extent that this docketed proceeding is focused on the opening of the intrastate dedicated and switched access transport market to competition, this information shows the size of the market on a company end office to IXC point of presence specific basis. This market information is not only valuable to Centel as it faces competition in the switched and dedicated access market, it is also valuable to each of the IXCs referenced in these documents. Providing this type of valuable competitive marketing information to Centel's competitors would allow those competitors to target Centel's more lucrative customers and more lucrative market areas to the competitive disadvantage of Centel and its other customers. Centel is not privy to its competitors' confidential marketing information, and it is fundamentally unfair to allow Centel's competitors to receive that which is not available to Centel. As such, this information is classified as

"proprietary confidential business information" in accordance with Section 364.183(3)(a) and (3)(b), Florida Statutes, and is exempt from Chapter 119, the Open Records Act.

Note 2: This information relates to Centel's incremental cost of providing tandem switching. In view of the fact that this docketed proceeding is focused on the opening of the intrastate switched access transport market to competition, this information shows the cost Centel incurs in providing this essential access element to its IXC customers. By having this information at no cost to them, Centel's switched access competitors will be able to determine whether they can price their access switching component competitively and where they can under-price Centel without fear of being under-priced by Centel. As such, this information is classified as "proprietary confidential business information" in accordance with Section 364.183(3)(a) and (3)(e), Florida Statutes, and is exempt from Chapter 119, the Open Records Act.
