UNITED TELEPHONE COMPANY OF FLORIDA'S  
FIRST REQUEST FOR CONFIDENTIAL CLASSIFICATION

United Telephone Company of Florida ("Sprint/United-Florida" or the "Company"), by and through its undersigned counsel, and in accordance with Section 25-22.006, Florida Administrative Code, files this First Request for Confidential Classification within twenty-one days of filing its Notice of Intent to Request Confidential Classification, and says:

1. Sprint/United-Florida requests that the document attached hereto as Attachment "A" be classified as "proprietary confidential business information" within the meaning of Section 364.183, Florida Statutes (1991). Attachment "A" is an edited version of the document on which the information asserted to be confidential has been blocked out by the use of an opaque marker. An unedited version of the document included in Attachment "A" has been submitted to the Division of Records and Reporting on this date under a separate cover and with the information asserted to be confidential highlighted in yellow.

2. Document No. 1 of Attachment "A" was provided to the Division of Records and Reporting, together with a Notice of Intent to Request Confidential Classification, on April 11, 1994, in Response to Staff's Second Request for Production of Documents, Nos. 2 and 3.

DOCUMENT NUMBER-DATE

04110 MAY-28

FPSC-RECORDS/REPORTING

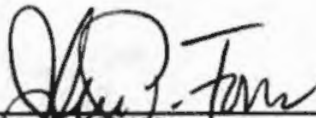

3. Document No. 1 of Attachment "A" reflects the material price and installed cost of switching equipment located in the Company's four access tandem switching offices used in the provision of switched access service. The highlighted and redacted portions of this document should be considered confidential because disclosure of that information would harm the Company's ratepayers and/or the business operations of the Company.

4. The line-by-line and page-by-page justification required by Section 25-22.006(4), Florida Administrative code, including statements concerning how the ratepayers and/or the business operations of the Company will be harmed if this information is disclosed to the public, is attached hereto and incorporated herein by reference as Attachment "B."

5. The information in Attachment "A" is intended to be and is treated by Sprint/United-Florida as private, confidential information and has not been disclosed to the public.

WHEREFORE, Sprint/United-Florida respectfully requests that the Commission issue an order declaring that the highlighted and redacted information in the document in Attachment "A" is proprietary confidential business information and exempt from disclosure under the public records laws of the State of Florida.

DATED this 2nd day of May, 1994.

JOHN P. FONS

**Note 1:** This information consists of material prices and installed cost of certain switching equipment located in United's four access tandem offices (i.e., Fort Myers, Winter Park, Ocala and Avon Park) used to provide switched access services to IXCs. In view of the fact that this docketed proceeding is focused on permitting competition in the provision of switched access services, this information is considered by the Company to be

proprietary confidential business information. Disclosure of this information to United's competitors would adversely impact the Company and its other customers. This cost information would permit the Company's competitors to know how many IXC customers have ordered what type of transmission and multiplexing terminals and how much that equipment is costing United. It would also allow the Company's competitors to derive the size of the market on an access tandem-by-access tandem basis and what costs constrain the Company's ability to price competitively. As such, this information is classified as "proprietary confidential business information" in accordance with Section 364.183(3)(a) and (3)(e), Florida Statutes, and is exempt from Chapter 119, the Florida Open Records Act.

MEMORANDUM

May 2, 1994
