Docket No. 950121-EI
March 7, 1995

Issue 3: Recommendation that the revisions that correct certain technical terms and abbreviations and service classifications to conform to current approved usage and practices be approved.

APPROVED

Issue 4: Recommendation that the Commission approve the proposed revisions that correct the penalty percentage from 115 percent to 125 percent on Rate Schedule SS-3, Curtailable Standby Service, and provide for the inclusion of Standby Service in the types of service not permitted under the Limitation of Service provisions of the GSDT, IST-1, GST-1 and RST-1.

APPROVED

Issue 5: Recommendation that, if the revised rate schedules are approved, they should become effective upon Commission vote at the Commission Conference.

APPROVED

Issue 6: Recommendation that this docket be closed if no timely protests are filed.

APPROVED
