GULF POWER COMPANY'S REQUEST FOR CONFIDENTIAL CLASSIFICATION

Gulf Power Company ("the Company"), by and through its undersigned attorney and pursuant to Rule 25-22.006, Florida Administrative Code hereby requests that the Florida Public Service Commission enter an order protecting certain information, submitted in response to informal data request from Commission Staff on Gulf Power Company's generation expansion plans, from public disclosure. As grounds for this motion, the Company states:

1. On April 10, 1995, the Company submitted fuel price information, as requested by Commission Staff in question one of an informal data request dated February 2, 1995.

2. That information consists of fuel price data, which, if disclosed, would harm the competitive interests of Gulf Power Company in that its competitors would gain information giving them an unfair market advantage over Gulf Power Company in the increasingly competitive environment of the electric power industry. The information is therefore entitled to confidential classification pursuant to Section 366.093(3)(e), Florida Statutes.

3. Submitted under separate cover as Exhibit "A" to this

Attached as Exhibit "C" to this motion is a line-by-line justification for the request for confidential classification.

4. The material for which confidential classification is requested is intended to be, and is treated as, confidential by the Company and has not been otherwise publicly disclosed.

WHEREFORE, Gulf Power Company respectfully requests that the Commission enter an order protecting the information highlighted on Exhibit "A" to this motion from public disclosure as proprietary confidential business information.
