NOTICE OF PROPOSED AGENCY ACTION
ORDER DENYING EXTENDED AREA SERVICE

BY THE COMMISSION:

NOTICE IS HEREBY GIVEN by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code.

On January 5, 1996, the Volusia County Council filed Resolution No. 95-298 requesting extended area service from the Orange City exchange to the Winter Park and Orlando exchanges. The Orange City and Winter Park exchanges are provided service by United Telephone Company of Florida (United). The Orlando exchange is served by BellSouth Telecommunications Company, Inc. All of the exchanges in this request are located in the Orlando LATA (local access and transport area).

BellSouth and United have elected to be price regulated pursuant to Section 364.051, Florida Statutes.

Section 364.02(2), Florida Statutes, states that basic local telecommunications service for a local exchange telecommunications company includes any EAS routes and extended calling service (ECS) in existence or ordered by the Commission on or before July 1, 1995. The saving clauses in Section 364.385(2) set forth the situations for which the old law rather than the new law is

applied. Specifically, it provides that all applications for EAS or ECS pending before the Commission on March 1, 1995, shall be governed by the law as it existed prior to July 1, 1995, and that upon approval, the EAS or ECS routes shall be considered basic services.

Resolutions and petitions requesting EAS or ECS filed after July 1, 1995 are problematic in light of the revisions to Chapter 364, Florida Statutes. Section 364.385(2) also provides that

Proceedings including judicial review pending on July 1, 1995, shall be governed by the law as it existed prior to the date on which this section becomes a law. No new proceedings governed by the law as it existed prior to January 1, 1995, shall be initiated after July 1, 1995. Any administrative adjudicatory proceeding which has not progressed to the stage of a hearing by July 1, 1995, may, with the consent of all parties and the commission, be conducted in accordance with the law as it existed prior to January 1, 1996.

Thus, based upon the revisions to Chapter 364, no new EAS or ECS applications based on the old law will be considered for those companies that have elected to be price regulated. EAS or ECS that can be implemented after that date must be under the terms of the new law. It is clear that requests for EAS or ECS filed after July 1, 1995 that are implemented, if any, become part of non-basic service. Since EAS or ECS requested after July 1, 1995 would become a non-basic service, there is no express statutory authority to require the price-regulated local exchange companies (LECs) to implement EAS or ECS. Thus, whether to implement an EAS or ECS request is a decision for the price-regulated LEC rather than for the Commission.

Upon consideration, the Volusia County Council's request for extended area service from the Orange City exchange to the Winter Park and Orlando exchanges is denied.

It is therefore

ORDERED by the Florida Public Service Commission that the request by the Volusia County Council for extended area service from the Orange City exchange to the Winter Park and Orlando exchanges is hereby denied. It is further

ORDERED that this Order shall become final and effective on the date set forth below if no timely protest is filed pursuant to

the requirements set forth below in the "Notice of Further Proceedings or Judicial Review." It is further
