**Re: Florida Power & Light Company's Request
for Confidential Classification --
Fuel and Purchased Power Cost Recovery
Clause and Generating Performance
Incentive Factor, Docket No. 960001-EI**

Dear Ms. Bayó:

On July 5, 1996, FPL filed a "Request for Confidential Classification" regarding certain materials obtained by the Commission Staff during its audits of (i) FPL's capacity cost recovery clause for the twelve months ended March 31, 1996, and in particular FPL's purchases from the Southern Companies, and (ii) FPL's fuel and purchased power cost recovery clause and generating performance incentive factor covering the period April 1, 1995, through March 31, 1996, inclusive. It has recently been brought to my attention by a member of the Commission's Staff that there is a minor technical problem with Attachment C in the July 5 filing, traceable to the fact that data and notations on certain Commission Staff workpapers contained in Attachment C (and designated 43-2, 43-3, 43-3/1-1 and 43-3/2) refer to several topics, but FPL has requested two different confidentiality periods be afforded to these topics. It has therefore been suggested that this revision to FPL's July 5 filing be made, so that the information to be afforded the shorter confidentiality period may be readily and easily disclosed upon expiration of that time period without jeopardizing or inadvertently compromising the confidentiality of the remainder.

Accompanying this letter are two different and abbreviated (i.e., containing only copies of the Staff workpapers identified above) versions of previously submitted Attachment C. Fuel oil pricing data are highlighted on Attachment C-1, while Attachment C-2 reflects the highlighting of natural gas, coal and rail transportation pricing data.

Attachments C-1 and C-2 are to be substituted for the above-designated Staff workpapers in original Attachment C.

Attachments C-1 and C-2 contain confidential information and have been placed in a sealed envelope marked "Confidential"; they therefore should be handled as confidential information in accordance with Rule 25-22.006, F.A.C. The other fifteen copies of this transmittal letter are not accompanied by Attachments C-1 and C-2.

Please note again that, due to the size of certain Staff workpapers submitted herewith, FPL is unable to comply with the size-of-paper specification of Rule 25-22.009(1), F.A.C.

An additional copy of this transmittal letter is also enclosed, which I would appreciate having date-stamped as "filed" and returned to me in the accompanying, postage-paid envelope. If you have any questions regarding this filing revision, please call me at (305) 552-3924.

Very truly yours,

David L. Smith
