RE: DOCKET NO. 961179-EI - Complaint of Francisco Mesa against Florida Power & Light Company regarding alleged unjustified charges for current diversion.

Issue 1: Recommendation that there is sufficient evidence to believe that electricity was diverted to the residence of Francisco Mesa at 7863 SW 5th Street, Miami. Prima facie evidence of meter tampering outlined in FPL's reports makes it reasonable to believe that meter tampering occurred at Mr. Mesa's residence. As the customer of record during the entire period, Mr. Mesa should be held responsible for a reasonable amount of backbilling.

**APPROVED**

Issue 2: Recommendation that Florida Power & Light's calculation of a backbilled amount of \$6,278.52 for unmetered electric usage, plus a \$323.46 investigative charge totalling \$6,601.98 are reasonable.

**APPROVED**
