DISCUSSION OF ISSUES

ISSUE 1: Should the Commission approve the proposed agreement between BellSouth and SPR?

RECOMMENDATION: Yes. The Commission should approve the proposed resale agreement between BellSouth and SPR. Since SPR has not received a certificate to operate as an ALEC, SPR should not provide service under this agreement until it receives its certificate. The Commission should require BellSouth and SPR to file any subsequent supplements or modifications to their agreement for Commission review under the provision of 47 U.S.C. 5252(e).

STAFF ANALYSIS: As stated in the Case Background, BellSouth and SPR are seeking approval of their resale agreement under the federal Telecommunications Act of 1996 (the Act). The Act encourages parties to enter into negotiated agreements to bring about local exchange competition as quickly as possible. If the parties reach a negotiated agreement, under 47 U.S.C. § 252 (e), the agreement is to be filed with the state commission for approval. 47 U.S.C. § 252(a)(1) requires that "the agreement shall include a detailed schedule of itemized charges for interconnection and each service or network element included in the agreement." Under 47 U.S.C. §252(e)(4), the state commission must approve or reject the agreement within 90 days after submission, or the agreement shall be deemed approved. However, approval of this agreement by the Commission in no way constitutes a determination that BellSouth has met the requirements of Section 271 of the Act.

The agreement is a two year agreement governing the relationship between the companies regarding the resale of tariffed services. The agreement states that telecommunications services provided by BellSouth for resale, will be available for purchase by SPR at a discount rate of 18% for residential services and 12% for business services (see Attachment 1). Staff has reviewed the BellSouth and SPR proposed agreement for compliance with the Act and recommends that the Commission approve it pursuant to §252(e)(2)(A).

Staff would note that SPR is not certificated as an ALEC in Florida; therefore, SPR should not provide service under this agreement until it receives its certificate.

STAFF ANALYSIS: With the adoption of staff's recommendation in Issue 1, and issuance of the Commission's order approving the agreement, Docket No. 970235-TP should be closed.
