Re: Docket No. 970261-EI - Review of Nuclear Outage at Florida Power Corporation's Crystal River Unit No. 3

Dear Lady and Gentlemen:

We are aware that some level of settlement negotiations have occurred in this docket between Florida Power Corporation, the Office of Public Counsel and the Florida Industrial Power Users Group. Now that the Lake Dora Harbour Homeowners Association, Inc. has been granted intervenor status by the Florida Public Service Commission, we will appreciate, and expect, an invitation to all future settlement negotiations held in this case. We should add that while we understand that some parties may not be desirous of participating in settlement discussions, that is not our position.

Thank you.

Sincerely,

Michael B. Twomey
