Notice of Application for Extension of Service Area  
Notice received: December 27, 1998

To whom it concerns,

I am the property owner of said property mentioned above, and I am writing to notify you of my objection to the timing and the priority of this Application of Extension for Utilities L.C.

You have given us little or no time to properly seek legal advice or respond to this absurd notice concerning water and sewage utilities. I feel you have purposely done this around the Holidays in order to get very little response to this application, and therefore request that the Florida Public Service Commission delay any formal action on this matter until the property owners of the Woodlands section of Rainbow Springs has had ample time to meet and obtain legal assistance and formalize a plan to combat this action.

To make clear my feelings on this matter, I DO OBJECT to this matter of Application for Extension of Service Area, Rainbow Springs Utilities-L.C.

When we built our home you gave us no choice but to put in our own water well and sewage system. Now you think we are going to just discard our utilities, so you can charge us for the cost of your utility installation, and on top of it all, add a monthly fee for the use of your utilities. No thanks! I want to keep the utilities I have already paid good money for and do not need or want your utilities.

Please pay attention to my requests and notify us more promptly on any further changes regarding this matter.
