Notice of Application for Extension of Service Area  
Date of Notice: December 16, 1997

Dear Sir:

I object to the application of Rainbow Springs Utilities L.C. for Extension of Service Area to the Woodlands area of Rainbow Springs, Marion County.

The people in the Woodlands live on one+ acre lots and have installed expensive water and septic systems. What need do we have for a utility service?

During a telephone conversation on December 31st with two representatives of Rainbow Springs Utilities L.C., they said they had no intention of extending service to the Woodlands area. If that be the case why the application?

People in the Woodlands area are mostly retired and living on a fixed income. The tremendous installation costs and monthly fees involved with a utility would place a terrible burden upon them. For what reason would anyone try to impose an unwanted service upon our residents other than greed.
