Commission's decision regarding this petition is April 6, 1998.

Staff believes the following recommendations are appropriate.

DISCUSSION OF ISSUES

ISSUE 1: Should the Commission grant each of the providers listed on page 4 a waiver from the requirement that each telephone station shall allow incoming calls for the pay telephone numbers at the addresses listed?

RECOMMENDATION: Yes. (Isler)

STAFF ANALYSIS: Rule 25-24.515(8), Florida Administrative Code, provides in the pertinent part;

Each telephone station shall allow incoming calls to be received, with the exception of those located at penal institutions, hospitals and schools, and at locations specifically exempted by the Commission. There shall be no charge for receiving incoming calls. Requests for exemption from the requirement that each telephone station allow incoming calls shall be accompanied by a completed FORM PSC/CMU-2 (12/94), which is incorporated into this rule by reference.

Each company has submitted a properly completed Request to Block Incoming Calls form for each of the instruments identified on page 4. Staff has reviewed each form and found each to have been signed by the owner or officer of the pay telephone company, the location owner, and the chief of the law enforcement agency of the jurisdiction in which the pay telephone is located.

By signing FORM PSC/CMU-2 (12/94), each pay telephone company has agreed to provide central office-based intercept at no charge to the end-user and to prominently display a written notice directly above or below the telephone number which states "Incoming calls blocked at the request of law enforcement." Furthermore, there is language on the form above each of the three parties signatures which states "I am aware that pursuant

to Section 837.06, Florida Statutes, whoever knowingly makes a false statement in writing with the intent to mislead a public-servant in the performance of his official duty shall be guilty of a misdemeanor of the second degree."

Staff recommends that the waivers requested in these dockets should be granted. These waivers are being requested in accordance with the requirements of Chapter 120.542(2), Florida Statutes. The petitioners have demonstrated that granting these waivers will not impede the continued provision of pay telephone service to the using public as intended by the underlying statute, Chapter 364.345, Florida Statutes.

In addition, the petitioners have demonstrated that granting these waivers will lift the "substantial hardship" that the rule imposes on law enforcement and the location provider.

ISSUE 2: Should these dockets be closed?

RECOMMENDATION: Yes, these dockets should be closed unless a person whose substantial interests are affected by the Commission's decision files a protest within 21 days of the issuance of the Proposed Agency Action. (Cox)

STAFF ANALYSIS: Whether staff's recommendation on Issue 1 is approved or denied, the result will be a proposed agency action order. If no timely protest to the proposed agency action is filed within 21 days of the date of issuance of the Order, these dockets should be closed. A protest in one docket should not prevent the action in a separate docket from becoming final.
