Filed: March 6, 1998

**PETITION OF GTE FLORIDA INCORPORATED
FOR APPROVAL OF RESALE AGREEMENT WITH
BUDGETEL SYSTEMS, INC.**

GTE Florida Incorporated (GTEFL) files this petition before the Florida Public Service Commission seeking approval of a resale agreement which GTEFL has entered with BudgeTel Systems, Inc. (BUDGETEL). In support of this petition, GTEFL states:

1. The United States Congress recently passed legislation amending the Communications Act of 1934. This act, referred to as the Telecommunications Act of 1996, requires that any "interconnection agreement adopted by negotiation or arbitration shall be submitted for approval to the State commission." *Telecommunications Act of 1996, §252(e).*

2. Under the federal act, interconnection/resale agreements can be rejected by the state commission only if the commission finds that the agreement (or any portion thereof) discriminates against a telecommunications carrier not a party to the agreement or if the implementation of that agreement is not consistent with the public interest, convenience and necessity.

3. The agreement with BUDGETEL (attached hereto as Attachment A) does not discriminate against other similarly situated carriers and is also consistent with the public

interest, convenience and necessity. As such, GTEFL seeks approval of the agreement from the Commission as required under the federal statutory provisions noted above.

14. Dispute Resolution.
- 14.1 Alternative to Litigation. Except as provided under Section 252 of the Act with respect to the approval of this Agreement by the Commission, the Parties desire to resolve disputes arising out of or relating to this Agreement without litigation. - 14.2 Negotiations. At the written request of a Party, each Party will appoint a knowledgeable, responsible representative to meet and negotiate in good faith to resolve any dispute arising out of or relating to this Agreement. The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations. Discussions and correspondence among the representatives for purposes of these negotiations shall be treated as confidential information developed for purposes of settlement, exempt from discovery, and shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all Parties. The arbitration hearing shall be commenced within sixty (60) Business Days of the demand for arbitration. The arbitration shall be held in a mutually agreeable city. The arbitrator shall control the scheduling so as to process the matter expeditiously. The Parties may submit written briefs. The arbitrator shall rule on the dispute by issuing a written opinion within thirty (30) Business Days after the close of hearings. The times specified in this section may be extended upon mutual agreement of the Parties or by the arbitrator upon a showing of good cause. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction.
- 14.4 **Expedited Arbitration Procedures.** If the issue to be resolved through the negotiations referenced in Section 14.2 directly and materially affects service to either Party's end user customers, then the period of resolution of the dispute through negotiations before the dispute is to be submitted to binding arbitration shall be five (5) Business Days. Once such a service affecting dispute is submitted to arbitration, the arbitration shall be conducted pursuant to the expedited procedures rules of the Commercial Arbitration Rules of the American Arbitration Association (i.e., rules 53 through 57).
- 14.5 **Costs.** Each Party shall bear its own costs of these procedures. A Party seeking discovery shall reimburse the responding Party the costs of production of documents (including search time and reproduction costs). The Parties shall equally split the fees of the arbitration and the arbitrator.

24.2 End User and Content-Related Claims. BUDGETEL agrees to release, indemnify, defend, and hold harmless GTE, its affiliates, and any third-party provider or operator of facilities involved in the provision of Services (collectively, the "Indemnified Party") from all losses, claims, demands, damages, expenses, suits, or other actions, or any liability whatsoever, including, but not limited to, costs and attorney's fees, suffered, made, instituted, or asserted by BUDGETEL's end users against an Indemnified Party arising from Services. BUDGETEL further agrees to release, indemnify, defend, and hold harmless the Indemnified Party from all losses, claims, demands, damages, expenses, suits, or other actions, or any liability whatsoever, including, but not limited to, costs and attorney's fees, suffered, made, instituted, or asserted by any Third Party against an Indemnified Party arising from or in any way related to actual or alleged defamation, libel, slander, interference with or misappropriation of proprietary or creative right, or any other injury to any person or property arising out of content transmitted by the Indemnified Party or such Party's end users, or any other act or omission of the Indemnified Party or such Party's end users.

24.3 DISCLAIMER. EXCEPT AS SPECIFICALLY PROVIDED TO THE CONTRARY IN THIS AGREEMENT, GTE MAKES NO REPRESENTATIONS OR WARRANTIES TO BUDGETEL CONCERNING THE SPECIFIC QUALITY OF ANY SERVICES PROVIDED UNDER THIS AGREEMENT. GTE DISCLAIMS, WITHOUT LIMITATION, ANY WARRANTY OR GUARANTEE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE,

ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING, OR FROM USAGES OF TRADE.

- 24.4 Limitation of Liability. Each Party's liability, whether in contract, tort or otherwise, shall be limited to direct damages, which shall not exceed the monthly charges for the Services for the month during which the claim of liability arose. Under no circumstance shall either Party be responsible or liable for indirect, incidental, or consequential damages, including, but not limited to, economic loss or lost business or profits, damages arising from the use or performance of equipment or software, or the loss of use of software or equipment, or any accessories attached thereto, delay, error, or loss of data. Should either Party provide advice, make recommendations, or supply other analysis related to the Services described in this Agreement, this limitation of liability shall apply to provision of such advice, recommendations, and analysis.
- 24.5 Intellectual Property. GTE shall have no obligation to defend, indemnify or hold harmless, or acquire any license or right for the benefit of, or owe any other obligation or have any liability to, BUDGETEL based on or arising from any claim, demand, or proceeding by any Third Party alleging or asserting that the use of any circuit, apparatus, or system, or the use of any software, or the performance of any service or method, or the provision or use of any facilities by either Party under this Agreement constitutes direct or contributory infringement, or misuse or misappropriation of any patent, copyright, trademark, trade secret, or any other proprietary or intellectual property right of any Third Party.
25. Multiple Counterparts. This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, but all of which shall together constitute but one and the same document.
26. No Offer. This Agreement will be effective only upon execution and delivery by both Parties and approval by the Commission in accordance with Section 252 of the Act.
27. No Third Party Beneficiaries. Except as may be specifically set forth in this Agreement, this Agreement does not provide and shall not be construed to provide third parties with any remedy, claim, liability, reimbursement, cause of action, or other right or privilege.
28. Notices. Any notice to a Party required or permitted under this Agreement shall be in writing and shall be deemed to have been received on the date of service if served personally, on the date receipt is acknowledged in writing by

the Party causing the Impairment of Service (the "Impairing Party") of the nature and location of the problem and that, unless promptly rectified, a temporary discontinuance of the use of any circuit, facility or equipment may be required. The Impairing Party and the Impaired Party agree to work together to attempt to promptly resolve the Impairment of Service. If the Impairing Party is unable to promptly remedy the Impairment of Service, then the Impaired Party may at its option temporarily discontinue the use of the affected circuit, facility or equipment.

30. Publicity. Any news release, public announcement, advertising, or any form of publicity pertaining to this Agreement, provision of Services pursuant to it, or association of the Parties with respect to provision of the services described in this Agreement shall be subject to prior written approval of both GTE and BUDGETEL.
31. Regulatory Agency Control. This Agreement shall at all times be subject to changes, modifications, orders, and rulings by the Federal Communications Commission and/or the applicable state utility regulatory commission to the extent the substance of this Agreement is or becomes subject to the jurisdiction of such agency.
32. Changes in Legal Requirements. GTE and BUDGETEL further agree that the terms and conditions of this Agreement were composed in order to effectuate the legal requirements in effect at the time the Agreement was produced. Any modifications to those requirements will be deemed to automatically supersede any terms and conditions of this Agreement.
33. Effective Date. If this Agreement or changes or modifications thereto are subject to approval of a regulatory agency, the "effective date" of this Agreement for such purposes will be ten (10) Business Days after such approval. Such date shall become the "effective date" of this Agreement for all purposes.
34. Regulatory Matters. Each Party shall be responsible for obtaining and keeping in effect all their own FCC, state regulatory commission, franchise authority and other regulatory approvals that may be required in connection with the performance of its obligations under this Agreement.
35. Rule of Construction. No rule of construction requiring interpretation against the drafting party hereof shall apply in the interpretation of this Agreement.

36. Section References. Except as otherwise specified, references within an Article of this Agreement to a Section refer to Sections within that same Article.
37. Service Standards.
- 37.1 The Parties shall meet applicable quality of local service standards imposed by the Commission and will provide a level of services to each other under this Agreement in compliance with the nondiscrimination requirements of the Act.
- 37.2 The Parties will alert each other to any network events that can result or have resulted in service interruption, blocked calls, and/or changes in network performance in the same manner as it uses for itself.
38. Severability. If any provision of this Agreement is held by a court or regulatory agency of competent jurisdiction to be unenforceable, the rest of the Agreement shall remain in full force and effect and shall not be affected unless removal of that provision results, in the opinion of either Party, in a material change to this Agreement. If a material change as described in this paragraph occurs as a result of action by a court or regulatory agency, the Parties shall negotiate in good faith for replacement language. If replacement language cannot be agreed upon within a reasonable period, either Party may terminate this Agreement without penalty or liability for such termination upon written notice to the other Party.
39. Subcontractors. GTE may enter into subcontracts with third parties or affiliates for the performance of any of GTE's duties or obligations under this Agreement.
40. Subsequent Law. The terms and conditions of this Agreement shall be subject to any and all applicable laws, rules, or regulations that subsequently may be prescribed by any federal, state or local governmental authority. To the extent required by any such subsequently prescribed law, rule, or regulation, the Parties agree to modify, in writing, the affected term(s) and condition(s) of this Agreement to bring them into compliance with such law, rule, or regulation.
41. Taxes. Any state or local excise, sales, or use taxes (excluding any taxes levied on income) resulting from the performance of this Agreement shall be borne by the Party upon which the obligation for payment is imposed under applicable law, even if the obligation to collect and remit such taxes is placed upon the other Party. The collecting Party shall charge and collect from the obligated Party, and the obligated Party agrees to pay to the collecting Party, all applicable taxes, except to the extent that the obligated Party notifies the

collecting Party and provides to the collecting Party appropriate documentation as GTE requires that qualifies the obligated Party for a full or partial exemption. Any such taxes shall be shown as separate items on applicable billing documents between the Parties. The obligated Party may contest the same in good faith, at its own expense, and shall be entitled to the benefit of any refund or recovery, provided that such Party shall not permit any lien to exist on any asset of the other Party by reason of the contest. The collecting Party shall cooperate in any such contest by the other Party. The other Party will indemnify the collecting Party from any sales and use taxes that may be subsequently levied on payments by the other Party by the collecting Party.

- 41.1 Tax - A charge which is statutorily imposed by the state or local jurisdiction and is either (a) imposed on the seller with the seller having the right or responsibility to pass the charge(s) on to the purchaser and the seller is responsible for remitting the charge(s) to the state or local jurisdiction or (b) imposed on the purchaser with the seller having an obligation to collect the charge(s) from the purchaser and remit the charge(s) to the state or local jurisdiction.

Taxes shall include but not be limited to: federal excise tax, state/local sales and use tax, state/local utility user tax, state/local telecommunication excise tax, state/local gross receipts tax, and local school taxes. Taxes shall not include income, income-like, gross receipts on the revenue of a provider, or property taxes. Taxes shall not include payroll withholding taxes unless specifically required by statute or ordinance.

- 41.2 Fees/Regulatory Surcharges - A charge imposed by a regulatory authority, other agency, or resulting from a contractual obligation, in which the seller is responsible or required to collect the fee/surcharge from the purchaser and the seller is responsible for remitting the charge to the regulatory authority, other agency, or contracting party.

Fees/Regulatory Surcharges shall include but not be limited to E911/911, E311/311, franchise fees, Lifeline, hearing impaired, and Commission surcharges.

42. Trademarks and Trade Names. Except as specifically set out in this Agreement, nothing in this Agreement shall grant, suggest, or imply any authority for one Party to use the name, trademarks, service marks, or trade names of the other for any purpose whatsoever.

43. Waiver. The failure of either Party to insist upon the performance of any provision of this Agreement, or to exercise any right or privilege granted to it under this Agreement, shall not be construed as a waiver of such provision or any provisions of this Agreement, and the same shall continue in full force and effect.
44. Environmental Responsibility. BUDGETEL visitors must comply with GTE Security, fire safety, safety, environmental and building practices/codes.
45. TBD Prices. If a provision in this Agreement references in an Attachment and there are no corresponding prices in such Attachment, such price shall be considered "To Be Determined" (TBD). With respect to all TBD prices, prior to BUDGETEL ordering any such TBD item, the Parties shall meet and confer to establish a price. If the Parties are unable to reach agreement on a price for such item, an interim price shall be set for such item that is equal to the price for the nearest analogous item for which a price has been established (for example, if there is not an established price for a non recurring charge (NRC) for a specific retail service, the Parties would use the NRC for the most analogous retail service for which there is an established price). Any interim prices so set shall be subject to modification by any subsequent decision of the Commission. If an interim price is different from the rate subsequently established by the Commission, any underpayment shall be paid by BUDGETEL to GTE, and any overpayment shall be refunded by GTE to BUDGETEL, within 45 Business Days after the establishment of the price by the Commission.
46. Amendment of Certain Rates, Terms and Conditions. The rates, terms and conditions in this Agreement that are specified in Attachment 46B (the "AT&T Terms") were taken from the GTE/AT&T Interconnection, Resale and Unbundling Agreement (the AT&T Agreement) approved by the Commission. The rates, terms and conditions not included in this Agreement but referenced in Attachment 46A (the "GTE Terms") were excluded from the AT&T Agreement by the Commission. GTE and BUDGETEL agree that if the "AT&T Terms" are deemed to be unlawful, or are stayed, enjoined or otherwise modified, in whole or in part, by a court or commission of competent jurisdiction, then this Agreement shall be deemed to have been amended accordingly, by modification of the "AT&T Terms" or, as appropriate, the substitution of "GTE Terms" for all stayed and enjoined "AT&T Terms", and such amendments shall be effective retroactive to the Effective Date of this Agreement.

GTE and BUDGETEL further agree that the terms and conditions of this Agreement reflect certain requirements of the FCC's First Report and Order in CC Docket No. 96-98. The terms and conditions of this Agreement shall be subject to any and all actions by any court or other governmental authority that invalidate, stay, vacate or otherwise modify the FCC's First Report and Order, in whole or in part ("actions"). To the extent warranted by any such action, the parties agree that this Agreement shall be deemed to have been modified accordingly as in the first paragraph of this Section 46. The parties agree to immediately apply any effected terms and conditions, including any in other sections and articles of this Agreement, consistent with such action, and within a reasonable time incorporate such modified terms and conditions in writing into the Agreement. If the AT&T Terms are affected by such action and GTE determines they cannot be consistently applied therewith, the GTE Terms shall apply. BUDGETEL acknowledges that GTE may seek to enforce such action before a commission or court of competent jurisdiction. GTE does not waive any position regarding the illegality or inappropriateness of the FCC's First Report and Order.

The rates, terms and conditions (including rates which may be applicable under true-up) specified in both the "GTE Terms" and the "AT&T Terms" are further subject to amendment, retroactive to the Effective Date of the Agreement, to provide for charges or rate adjustments resulting from future Commission or other proceedings, including but not limited to any generic proceeding to determine GTE's unrecovered costs (e.g., historic costs, contribution, undepreciated reserve deficiency, or similar unrecovered GTE costs (including GTE's end user surcharge)), the establishment of a competitively neutral universal service system, or any appeal or other litigation.

If the Commission (or any other commission or federal or state court) in reviewing this Agreement pursuant to applicable state and federal laws, including Section 252(e) of the Telecommunications Act of 1996, deletes or modifies in any way this Section 46 BUDGETEL agrees that this entire Agreement is void and will not become effective, and BUDGETEL agrees to withdraw this Agreement from consideration by the Commission (or any other commission or federal or state court).

ARTICLE IV
GENERAL RULES GOVERNING RESOLD SERVICES

1. **General.** General regulations, terms and conditions governing rate applications, technical parameters, service availability, definitions and feature interactions, as described in the appropriate GTE intrastate local, toll and access tariffs, apply to retail services made available by GTE to BUDGETEL for resale provided by GTE to BUDGETEL, when appropriate, unless otherwise specified in this Agreement. As applied to services under this Agreement, the term "Customer" contained in the GTE Retail Tariff shall be deemed to mean "BUDGETEL" as defined in this Agreement.

2. **Liability of GTE.**
 - 2.1 **Inapplicability of Tariff Liability.** GTE's general liability, as described in the GTE Retail Tariff, does not extend to BUDGETEL's customers or any other Third Party. Liability of GTE to BUDGETEL resulting from any and all causes arising out of services, or any other items relating to this Agreement shall be governed by the liability provisions contained in this Agreement and no other liability whatsoever shall attach to GTE. GTE shall be liable for the individual services, facilities or elements that it separately provides to BUDGETEL and shall not be liable for the integration of components combined by BUDGETEL.

 - 2.2 **BUDGETEL Tariffs or Contracts.** BUDGETEL shall, in its tariffs or other contracts for services provided to its end users using services obtained from GTE, provide that in no case shall GTE be liable to BUDGETEL's end users or any third parties for any indirect, special or consequential damages, including, but not limited to, economic loss or lost business or profits, whether foreseeable or not, and regardless of notification by BUDGETEL of the possibility of such damages and BUDGETEL shall indemnify and hold GTE harmless from any and all claims, demands, causes of action and liabilities based on any reason whatsoever from its customers as provided in this Agreement. Nothing in this Agreement shall be deemed to create a Third Party beneficiary relationship with BUDGETEL's end users.

 - 2.3 **No Liability for Errors.** GTE is not liable for mistakes that appear in GTE's listings, 911 and other information databases, or for incorrect referrals of end users to BUDGETEL for any ongoing BUDGETEL service, sales or repair inquiries, and with respect to such mistakes or incorrect referrals, BUDGETEL shall indemnify and hold GTE harmless from any and all claims, demands, causes of action and liabilities whatsoever, including costs, expenses and

reasonable attorney's fees incurred on account thereof, by third parties, including BUDGETEL's end users or employees. For purposes of this Section 2.3, mistakes and incorrect referrals shall not include matters arising out of the willful misconduct of GTE or its employees or agents.

3. Unauthorized Changes.

3.1 Procedures. If BUDGETEL submits an order for resold services under this Agreement in order to provide service to an end user that at the time the order is submitted is obtaining its local services from GTE or another LEC using GTE resold services, and the end user notifies GTE that the end user did not authorize BUDGETEL to provide local exchange services to the end user, BUDGETEL must provide GTE with written documentation of authorization from that end user within thirty (30) Business Days of notification by GTE. If BUDGETEL cannot provide written documentation of authorization within such time frame, BUDGETEL must within three (3) Business Days thereafter:

- (a) notify GTE to change the end user back to the LEC providing service to the end user before the change to BUDGETEL was made; and
- (b) provide any end user information and billing records BUDGETEL has obtained relating to the end user to the LEC previously serving the end user; and
- (c) notify the end user and GTE that the change back to the previous LEC has been made.

Furthermore, GTE will bill BUDGETEL fifty dollars (\$50.00) per affected line to compensate GTE for switching the end user back to the original LEC.

3.2 Option to Restrict Changes Without Evidence of Authorization. BUDGETEL's or GTE's end users may request GTE to permit changes of their provider of local exchange services only upon end user written notification to GTE that the end user wishes to change the end user's provider of local exchange services. In such a situation, GTE will not change an end user's provider of local exchange services without such written notification.

4. Impact of Payment of Charges on Service. BUDGETEL is solely responsible for the payment of all charges for all services, facilities and elements furnished under this Agreement, including, but not limited to, calls originated or accepted at its or its end users' service locations. If BUDGETEL fails to pay when due any and all charges billed to BUDGETEL under this Agreement, including any

late payment charges (collectively, "Unpaid Charges"), and any or all such charges remain unpaid more than forty-five (45) Business Days after the due date of such Unpaid Charges excepting previously disputed charges for which BUDGETEL may withhold payment, GTE shall notify BUDGETEL in writing that it must pay all Unpaid Charges to GTE within seven (7) Business Days. If BUDGETEL disputes the billed charges, it shall, within said seven (7) day period, inform GTE in writing of which portion of the Unpaid Charges it disputes, including the specific details and reasons for the dispute, unless such reasons have been previously provided, and shall immediately pay to GTE all undisputed charges. If BUDGETEL and GTE are unable, within thirty (30) Business Days thereafter, to resolve issues related to the disputed charges, then either BUDGETEL or GTE may file a request for arbitration under Article III of this Agreement to resolve those issues. Upon resolution of any dispute hereunder, if BUDGETEL owes payment it shall make such payment to GTE with any late payment charge under Article III, Section 7.2, from the original payment due date. If BUDGETEL owes no payment, but has previously paid GTE such disputed payment, then GTE shall credit such payment including any late payment charges. If BUDGETEL fails to pay any undisputed Unpaid Charges, BUDGETEL shall, at its sole expense, within five (5) Business Days notify its end users that their service may be disconnected for BUDGETEL's failure to pay Unpaid Charges, and that its end users must select a new provider of local exchange services. If BUDGETEL fails to provide such notification or any of BUDGETEL's end users fail to select a new provider of services within the applicable time period, GTE will provide local exchange services to BUDGETEL's end users under GTE's applicable end user tariff at the then current charges for the services being provided. In this circumstance, otherwise applicable service establishment charges will not apply to BUDGETEL's end user, but will be assessed to BUDGETEL. GTE may discontinue service to BUDGETEL upon failure to pay undisputed charges as provided in this Section 4, and shall have no liability to BUDGETEL or BUDGETEL's end users in the event of such disconnection.

5. Unlawful Use of Service. Services provided by GTE pursuant to this Agreement shall not be used by BUDGETEL or its end users for any purpose in violation of law. BUDGETEL, and not GTE, shall be responsible to ensure that BUDGETEL and its end users use of services provided hereunder comply at all times with all applicable laws. GTE may refuse to furnish service to BUDGETEL or disconnect particular services provided under this Agreement to BUDGETEL or, as appropriate, BUDGETEL's end user when (i) an order is issued by a court of competent jurisdiction finding that probable cause exists to believe that the use made or to be made of the service is prohibited by law or (ii) GTE is notified in writing by a law enforcement agency acting within its

jurisdiction that any facility furnished by GTE is being used or will be used for the purpose of transmitting or receiving gambling information in interstate or foreign commerce in violation of law. Termination of service shall take place after reasonable notice is provided to BUDGETEL, or as ordered by the court. If facilities have been physically disconnected by law enforcement officials at the premises where located, and if there is not presented to GTE the written finding of a court, then upon request of BUDGETEL and agreement to pay restoration of service charges and other applicable service charges, GTE shall promptly restore such service.

6. Timing of Messages. With respect to GTE resold measured rate local service(s), chargeable time begins when a connection is established between the calling station and the called station. Chargeable time ends when the calling station "hangs up," thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the network.
7. Procedures For Preordering, Ordering, Provisioning, etc. Certain procedures for preordering, ordering, provisioning, maintenance and billing and electronic interfaces for many of these functions are described in Appendix B. All costs and expenses for any new or modified electronic interfaces BUDGETEL requires that GTE determines are technically feasible and GTE agrees to develop will be paid by BUDGETEL pursuant to Appendix B. The schedule for implementation of any new or modified electronic interfaces will be developed by GTE according to industry standards and will be based upon the amount of work needed to design, test and implement the new or modified interface.
8. Customer Contacts. Except as otherwise provided in this Agreement or as agreed to in a separate writing by BUDGETEL, BUDGETEL shall provide the exclusive interface with BUDGETEL's end user customers in connection with the marketing or offering of BUDGETEL services. Except as otherwise provided in this Agreement, in those instances in which GTE personnel are required pursuant to this Agreement to interface directly with BUDGETEL's end users, such personnel shall not identify themselves as representing GTE. All forms, business cards or other business materials furnished by GTE to BUDGETEL end users shall bear no corporate name, logo, trademark or trade name other than BUDGETEL's. In no event shall GTE personnel acting on behalf of BUDGETEL pursuant to this Agreement provide information to BUDGETEL end users about GTE products or services.

ARTICLE V

3. Ordering and Billing.

3.1 Local Service Request. Orders for resale of Services will be placed utilizing a standard Local Service Request ("LSR") form. GTE will continue to participate in industry forums for developing service order/disconnect order formats and will incorporate appropriate industry standards. A complete and accurate LSR (containing the requisite end user information as described in the Guide) must be provided by BUDGETEL before a request can be processed.

3.2 Certificate of Operating Authority. When ordering, BUDGETEL must represent and warrant to GTE that it is a certified provider of local dial-tone service. BUDGETEL will provide a copy of its Certificate of Operating Authority or other evidence of its status to GTE upon request.

- 3.3 Letter of Authorization. A Letter of Authorization ("LOA") will be required before resold Services will be provided in cases in which the subscriber currently receives Exchange Service from GTE or from a local service provider other than BUDGETEL. Such LOA may be a blanket LOA or such other form as agreed upon between GTE and BUDGETEL. GTE will not release information to BUDGETEL on GTE end user customer accounts unless BUDGETEL first provides to GTE a written LOA, signed by the end user customer, authorizing the release of such information to BUDGETEL or if state or federal law provides otherwise, in accordance with such law.
- 3.4 Directory Assistance Listings. GTE shall include a BUDGETEL customer listing in its Directory Assistance database as part of the Local Service Request ("LSR") process. GTE will honor BUDGETEL Customer's preferences for listing status, including non-published and unlisted, as noted on the LSR and will enter the listing in the GTE database which is used to perform Directory Assistance functions as it appears on the LSR.
- 3.5 Nonrecurring Charges. BUDGETEL shall be responsible for the payment of all nonrecurring charges ("NRCs") applicable to resold Services (e.g., installation, changes, ordering charges) in accordance with the appropriate tariff. No discount applies to nonrecurring charges.

Except for those Services and in those areas where measured rate local service is available to end users, monthly billing to BUDGETEL does not include local calling detail. However, BUDGETEL may request and GTE shall consider developing the capabilities to provide local calling detail in those areas where measured local service is not available for a mutually agreeable charge.
- 3.8 Procedures. An overview of the procedures for preordering, ordering, provisioning and billing for resold services are outlined in Appendix C, attached hereto and made a part hereof.
- 3.9 LIDB. For resale services, GTE's service order will generate updates to the LIDB for validation of calling card, collect, and third number billed calls.

3.10 OLN. Upon request, GTE will update the database to provide Originating Line Number ("OLN") Screening which indicates to an operator the acceptable billing methods for calls originating from the calling number (e.g., penal institutions, COCOTS).

4. Maintenance.

4.1 Maintenance, Testing and Repair. GTE will provide repair and maintenance services to BUDGETEL and its end user customers for resold Services in accordance with the same standards and charges used for such services provided to GTE end user customers. BUDGETEL must provide to GTE all end user information necessary for the installation, repair and servicing of any facilities used for resold Services according to the procedures described in the Guide.

ADDITIONAL SERVICES AND COORDINATED SERVICE ARRANGEMENTS

1. Bona Fide Request Process.

1.2.2 Although not expected to do so, BUDGETEL may cancel a Bona Fide Request in writing at any time prior to BUDGETEL and GTE agreeing to price and availability. GTE will then cease analysis of the request.

1.2.3 Within two (2) Business Days of its receipt, GTE shall acknowledge in writing the receipt of the Bona Fide Request and identify a single point of contact and any additional information needed to process the request.

1.2.4 Except under extraordinary circumstances, within ten (10) Business Days of its receipt of a Bona Fide Request, GTE shall provide a proposed price and availability date, or it will provide an explanation as to why GTE elects not to meet BUDGETEL's request. If extraordinary circumstances prevail, GTE will inform BUDGETEL as soon as it realizes that it cannot meet the ten (10) Business Day response due date. BUDGETEL and GTE will then determine a mutually agreeable date for receipt of the request.

1.2.5 Unless BUDGETEL agrees otherwise, all proposed prices shall be consistent with the pricing principles of the Act, FCC and/or the Commission. Payments for services purchased under a Bona Fide Request will be made upon delivery, unless otherwise agreed to by

4.2 **Basic 911 and E911 General Requirements:**

- 4.2.1 Basic 911 and E911 provides a caller access to the appropriate emergency service bureau by dialing a 3-digit universal telephone number (911).
- 4.2.2 Where GTE has a 911 selective router installed in the network serving the 911 district, GTE shall use subscriber data derived from the Automatic Location Identification/Database Management System (ALI/DMS) to selectively route the 911 call to the Public Safety Answering Point (PSAP) responsible for the caller's location.
- 4.2.3 Basic 911 and E911 functions provided to BUDGETEL shall be at least at parity with the support and services that GTE provides to its subscribers for such similar functionality.
- 4.2.4 GTE and BUDGETEL shall conform to all state regulations concerning emergency services.
- 4.2.5 For E911, both BUDGETEL and GTE shall use their respective service order processes to update access line subscriber data for transmission to the database management systems. Validation will be done via MSAG comparison listed in Section 4.2.3.
- 4.2.6 If legally required by the appropriate jurisdiction, GTE shall provide or overflow 911 traffic to be routed to GTE Operator Services or, at BUDGETEL's discretion, directly to BUDGETEL Operator Services.
- 4.2.7 Basic 911 and E911 access from the BUDGETEL local switch shall be provided from GTE to BUDGETEL in accordance with the following:
 - 4.2.7.1 In government jurisdictions where GTE has obligations under existing Agreements as the primary provider of the 911 System to the county (i.e., "lead telco"), BUDGETEL shall participate in the provision of the 911 System as follows:
 - 4.2.7.1.1 BUDGETEL and GTE recognize that the lead telco in a 911 district has the responsibility of maintaining the ALI database for that district. Each company will provide its access line

subscriber records to the database organization of that lead telco. BUDGETEL and GTE will be responsible for correcting errors when notified by either the 911 district or its customer, and then submitting the corrections to the lead telco. Lead telco database responsibilities are covered in Section 4.2.3 of this Article.

4.2.7.1.2 BUDGETEL shall have the right to verify the accuracy of information regarding BUDGETEL customers in the ALI database using methods and procedures mutually agreed to by the Parties. The fee for this service shall be determined based upon the agreed upon solution.

4.2.7.2 If a Third Party is the primary service provider to a 911 district, BUDGETEL shall negotiate separately with such Third Party with regard to the provision of 911 service to the agency. All relations between such Third Party and BUDGETEL are totally separate from this Agreement and GTE makes no representations on behalf of the Third Party.

4.2.7.3 In a resale situation, where it may be appropriate for GTE to update the ALI database, GTE shall update such database with BUDGETEL data in an interval no less than is experienced by GTE subscribers, or than for other carriers, whichever is faster, at no additional cost.

4.2.8 The following are Basic 911 and E911 Database Requirements:

4.2.8.1 The ALI database shall be managed by GTE, but is the property of GTE and any participating LEC or BUDGETEL which provides their records to GTE.

4.2.8.2 Copies of the MSAG shall be provided within five (5) business days after the date the request is received and provided on diskette or paper copy at the rates set forth in Appendix B.

- 4.2.8.3 BUDGETEL shall be solely responsible for providing BUDGETEL database records to GTE for inclusion in GTE's ALI database on a timely basis.
- 4.2.8.4 GTE and BUDGETEL shall arrange for the automated input and periodic updating of the E911 database information related to BUDGETEL end users. GTE shall work cooperatively with BUDGETEL to ensure the accuracy of the data transfer by verifying it against the Master Street Address Guide ("MSAG"). GTE shall accept electronically transmitted files or magnetic tape that conform to National Emergency Number Association ("NENA") Version #2 format.
- 4.2.8.5 BUDGETEL shall assign an E911 database coordinator charged with the responsibility of forwarding BUDGETEL end user ALI record information to GTE or via a third-party entity, charged with the responsibility of ALI record transfer. BUDGETEL assumes all responsibility for the accuracy of the data that BUDGETEL provides to GTE.
- 4.2.8.6 GTE shall update the database within one (1) business day of receiving the data from BUDGETEL. If GTE detects an error in the BUDGETEL provided data, the data shall be returned to BUDGETEL within one day from when it was provided to GTE. BUDGETEL shall respond to requests from GTE to make corrections to database record errors by uploading corrected records within one day. Manual entry shall be allowed only in the event that the system is not functioning properly.
- 4.2.8.7 GTE agrees to treat all data on BUDGETEL subscribers provided under this Agreement as strictly confidential and to use data on BUDGETEL subscribers only for the purpose of providing E911 services.
- 4.2.8.8 GTE shall adopt use of a Carrier Code (NENA standard five-character field) on all ALI records received from BUDGETEL. The Carrier Code will be used to identify the carrier of record in NP configurations. The NENA Carrier Code for BUDGETEL is "BUDGETEL"; the NENA Carrier Code for GTE is "GTE."

4.3 911 Maintenance

4.3.1 GTE shall notify BUDGETEL forty-eight (48) hours in advance of any scheduled testing or maintenance affecting BUDGETEL 911 service. GTE shall provide notification as soon as possible of any unscheduled outage affecting BUDGETEL 911 service.

4.3.2 Basic 911 and E911 Additional Requirements

4.3.2.1 All BUDGETEL lines that have been ported via INP shall reach the correct PSAP when 911 is dialed. Where GTE is the lead telco and provides the ALI, the ALI record will contain both the BUDGETEL number and GTE ported number. The PSAP attendant shall see both numbers where the PSAP is using a standard ALI display screen and the PSAP extracts both numbers from the data that is sent. GTE shall cooperate with BUDGETEL to ensure that 911 service is fully available to all BUDGETEL end users whose telephone numbers have been ported from GTE, consistent with State provisions.

4.3.2.2 BUDGETEL and GTE shall be responsible for reporting all errors, defects and malfunctions to one another. GTE and BUDGETEL shall provide each other with a point of contact for reporting errors, defects, and malfunctions in the service and shall also provide escalation contacts.

4.3.2.3 BUDGETEL may enter into subcontracts with third parties, including BUDGETEL Affiliates, for the performance of any of BUDGETEL's duties and obligations stated herein.

4.3.2.4 Where GTE is the lead telco, GTE shall provide BUDGETEL with notification of any pending selective router moves within at least ninety (90) days in advance.

4.3.2.5 Where GTE is the lead telco, GTE shall establish a process for the management of NPA splits by populating the ALI database with the appropriate new NPA codes.

4.3.2.6 Where GTE is the lead telco, GTE shall provide the ability for BUDGETEL to update 911 database with end user information for lines that have been ported via INP or LNP.

4.3.3 Basic 911 and E911 Information Exchanges and interfaces. Where GTE is the lead telco:

4.3.3.1 GTE shall provide BUDGETEL access to the ALI Gateway which interfaces to the ALI/DMS database. GTE shall provide error reports from the ALI/DMS database to BUDGETEL within one (1) day after BUDGETEL inputs information into the ALI/DMS database. Alternately, BUDGETEL may utilize GTE or a Third Party entity to enter subscriber information into the database on a demand basis, and validate subscriber information on a demand basis. The rates are set forth in Appendix B.

4.3.3.2 GTE and BUDGETEL shall arrange for the automated input and periodic updating of the E911 database information related to BUDGETEL end users. GTE shall work cooperatively with BUDGETEL to ensure the accuracy of the data transfer by verifying it against the Master Street Address Guide ("MSAG"). GTE shall accept electronically transmitted files or magnetic tape that conform to National Emergency Number Association ("NENA") Version #2 format.

4.3.3.3 Updates to MSAG. Upon receipt of an error recording a BUDGETEL subscriber's address from GTE, and where GTE is the lead telco, it shall be the responsibility of BUDGETEL to ensure that the address of each of its end users is included in the Master Street Address Guide ("MSAG") via information provided on BUDGETEL's Local Service Request ("LSR") or via a separate feed established by BUDGETEL pursuant to Section 4.2.3 of this Article.

4.3.3.4 The ALI database shall be managed by GTE, but is the property of GTE and all participating telephone companies. The interface between the E911 Switch or Tandem and the ALI/DMS database for BUDGETEL subscriber shall meet industry standards.

4.4 Compensation. In situations in which GTE is responsible for maintenance of the 911 /E911 database and can be compensated for maintaining BUDGETEL's information by the municipality, GTE will seek such

compensation from the municipality. GTE will seek compensation from BUDGETEL only if and to the extent that GTE is unable to obtain such compensation from the municipality. GTE shall charge BUDGETEL a portion of the cost of the shared 911 /E911 selective router as set forth in Appendix B.

4.5 End User Service Charge. BUDGETEL is responsible for remitting to the 911 district the end user 911 service charge.

5. Information Services Traffic.

5.1 In the event GTE performs switching of ISP traffic for BUDGETEL, GTE shall provide to BUDGETEL GTE's standard call detail records so as to allow BUDGETEL to bill its end users. GTE shall not be responsible or liable to BUDGETEL or ISP for Billing and Collection and/or any receivables of Information Service Providers.

5.1.1 Notwithstanding and in addition to Article III, Section 24, GTE shall be indemnified and held harmless by BUDGETEL from and against any and all suits, actions, losses, damages, claims, or liability of any character, type, or description, including all expenses of litigation and court cost which may arise as a result of the provisions contained in Section 5.1 supra. The indemnity contained in this section shall survive the termination of this Agreement, for whatever reason.

5.1.2 GTE agrees to notify BUDGETEL in writing by registered or certified mail of any claim made against GTE on the obligations indemnified against pursuant to this Section 5.

5.1.3 It is understood and agreed that the indemnity provided for in this Section 5 is to be interpreted and enforced so as to provide indemnification of liability to GTE to the fullest extent now or hereafter permitted by law.

5.2 900-976 Call Blocking. GTE shall not unilaterally block 900-976 traffic in which GTE performs switching associated with resale of GTE services. GTE will block 900-976 traffic when requested to do so, in writing, by BUDGETEL. BUDGETEL shall be responsible for all cost associated with the 900-976 call blocking request. GTE reserves the right to block any and all calls which may harm or damage its network.

- 5.3 Miscellaneous. GTE reserves the right to provide to any Information Service Provider a list of any and all Telecommunications Providers doing business with GTE.
6. Telephone Relay Service. Local and intraLATA Telephone Relay Service ("TRS") enables deaf, hearing-impaired, or speech-impaired TRS users to reach other telephone users. With respect to resold services, BUDGETEL's end users will have access to the state authorized TRS provider to the extent required by the Commission, including any applicable compensation surcharges.
7. Directory Assistance Listings Information. GTE will include listings in its directory assistance database for BUDGETEL end users in the same geographic area as GTE provides directory assistance for GTE end users as specified in Article V, Section 3.4.
- 7.1 GTE shall provide to BUDGETEL, at BUDGETEL's request, for purposes of BUDGETEL providing BUDGETEL-branded directory assistance services to its local customers, within sixty (60) Business Days after an order for such tape is received, all published DA listings for that specific state via magnetic tape. Such listings will be Confidential Information under this Agreement and BUDGETEL will use the listings only for its directory assistance services to its end users. If BUDGETEL uses a Third Party directory assistance service to its end users, BUDGETEL will ensure that such Third Party likewise treats the listings as Confidential Information under this Agreement, and uses them only for such directory assistance. Changes to the DA Listing Information shall be updated on a daily basis through the same means used to transmit the initial list. DA Listing Information provided shall indicate whether the customer is a residence or business customer. The rate to be paid by BUDGETEL to GTE will be reasonable and mutually agreed.
- 7.2 The Parties will not release DA Listing Information that includes the other Party's end user information to Third Parties without the other Party's written approval. The other Party will inform the Releasing Party if it desires to have the Releasing Party provide the other Party's DA Listing Information to the Third Party, in which case, the Releasing Party shall provide the other Party's DA Listing Information at the same time as the Releasing Party provides the Releasing Party's DA Listing Information to the Third Party. The rate to be paid by the Releasing Party to the other Party shall be no more than the direct costs of compiling such information. The other Party shall be responsible for billing the Third Party.

10. SAG. GTE will provide to BUDGETEL upon request the Street Address Guide at a reasonable charge. Two companion files will be provided with the SAG which lists all services and features at all LSOs, and lists services and features that are available in a specific LSO.
11. Dialing Format Changes. GTE will provide reasonable notification to BUDGETEL of changes to local dialing format, *i.e.*, 7 to 10 digit, by end office.
12. Operational Support Systems (OSS). GTE shall provide OSS functions to BUDGETEL for ordering, provisioning and billing that are generally available as described in Appendix C attached to this Agreement. BUDGETEL shall pay GTE for access to GTE's OSS functions consistent with processes defined in Appendix C.

IN WITNESS WHEREOF, each Party has executed this Agreement to be effective as of the date first above written.

The following describes generally the operations support systems that GTE will use and the related functions that are available for ordering, provisioning and billing for resold services. Except as specifically provided otherwise in this Agreement, service ordering, provisioning, billing and maintenance shall be governed by the GTE Guide. Before orders can be taken, BUDGETEL will provide GTE with its Operating Company Number ("OCN") and Company Code ("CC") as follows:
 - (a) The ALEC must provide their OCN (four-digit alpha-numeric assigned by Bellcore or number administrator) on the ALEC Profile. The GTE Guide provides the necessary information for the ALEC to contact Bellcore to obtain the OCN. There are no optional fields on the Profile.
 - (b) Before the Local Service Request ("LSR") and Directory Service Request ("DSR") order forms can be processed BUDGETEL must provide the OCN and Customer Carrier Name Abbreviation ("CCNA").

1.1 Operations Support Systems for Resold Services

- 1.1.1 BUDGETEL will also be able to order services for resale, as well as interim number portability, directly from GTE through an electronic interface. To initiate an order for these services, BUDGETEL will submit a Local Service Request ("LSR") from its data center to GTE's Data Center using an electronic NDM interface. If no NDM interface exists or if BUDGETEL chooses to establish a separate NDM interface, BUDGETEL must request an NDM facility. For new entrants that elect not to interface electronically, GTE will accommodate submission of LSR orders by facsimile, E-mail, Internet or a dial NDM arrangement. An LSR is very similar to an ASR, except that it will be used exclusively for line-side interconnection requests. GTE will transfer LSRs to GTE's NOMC centralized service order processing center electronically.
- 1.1.2 Most LSRs will be used either to transfer an existing GTE customer to BUDGETEL or to request service for a new customer who is not an existing GTE customer. Depending on the situation, different information will be required on the LSR. LSRs for a conversion of a GTE local customer to BUDGETEL must include information

number and due date. BUDGETEL will be required to submit the confirming LBR by 12:00 p.m. each day local time, as defined by the location of the service address. If BUDGETEL fails to submit the LBR in a timely manner, the suspended LSR will be considered in jeopardy, at which time GTE will assign a new due date upon receipt of the delayed LBR for such customer requests and notify BUDGETEL of the change.

- 1.1.5 Number assignments and due date schedules for services other than single line service and hunt groups up to 12 lines will be assigned within approximately twenty-four (24) hours after GTE's receipt of the LBR using the standard Local Service Confirmation ("LSC") report sent electronically to BUDGETEL over the NDM, thereby providing a record of the newly established due date. An exception would be a multi-line hunt group for 12 lines or fewer. The other numbers then will be provided through the normal electronic confirmation process.
- 1.1.6 The processing of specifically requested telephone numbers (called "vanity numbers") is as follows. GTE will work with BUDGETEL on a real time interface to process vanity numbers while BUDGETEL's customer is still on the line. If a number solution can be established expeditiously, it will be done while the customer is still on the line. If extensive time will be required to find a solution, GTE service representatives will work with BUDGETEL representatives off line as GTE would for its own customers. For all of this, the basic tariff guidelines for providing telephone numbers will be followed.
- 1.1.7 Once the order for resold service is established, it is moved for provisioning to the next system level. Here, GTE will validate and process the LBR to establish an account for BUDGETEL and, if GTE continues to provide some residual services to the customer, GTE will maintain a GTE account. In GTE's system, GTE's account is called the Residual Account and BUDGETEL's account is referred to as the BUDGETEL Account. If any engineering for the service is necessary, the account would be distributed to the SSCC. Otherwise, it will be distributed for facility assignment.
- 1.1.8 With the account established and any engineering and facility assignment complete, GTE then will transmit electronically a record to GTE's GTE field personnel if physical interconnection or similar

activity is required. The CZTs will provision the service and then electronically confirm such provision in the SOLAR/SORCES system when completed. The accounts then will be transmitted to GTE's Customer Billing Services System ("CBSS"). GTE shall provide to BUDGETEL a service completion report. Call records for actual service provided to BUDGETEL's customers on GTE facilities will be transmitted from GTE's switches through some usage rating systems (BIP, UMS), screened and eventually delivered to CBSS for the generation of bills.

- 1.1.9 CBSS is a different system than CABS, and it is the one that GTE will utilize to produce the required bills for resold services and local number portability. CBSS will create a bill to BUDGETEL for resold services along with a summary bill master. Daily unrated records for intraLATA toll usage and local usage (incollect usage data will be provided on rated basis) on BUDGETEL's accounts will be generated and transmitted electronically to BUDGETEL.
- 1.1.10 On resold accounts, GTE will provide usage in EMR format per existing file exchange schedules. The usage billing will be in agreed upon level of detail for BUDGETEL to issue a bill to its end users.
- 1.1.11 GTE will provide BUDGETEL with detailed monthly billing information in a paper format until an agreed upon Electronic Data Interchange 811 electronic bill format is operational.
- 1.1.12 State or sub-state level billing will include up to ten (10) summary bill accounts.
- 1.1.13 GTE accepts BUDGETEL's control reports and agrees to utilize industry standard return codes for unbillable messages. Transmission will occur via the NDM. Tape data will conform to Attachment "A" of the LRDTR. Data will be delivered Monday through Friday except for Holidays as agreed. Data packages will be tracked by invoice sequencing criteria. GTE contacts will be provided for sending/receiving usage files.
- 1.1.14 GTE will retain data backup for 45 Business Days. To the extent this retention is exclusively for BUDGETEL, BUDGETEL shall reimburse GTE for all expenses related to this retention.

1.1.15 In addition to the LSR delivery process, BUDGETEL will distribute directory assistance and directory listing information (together sometimes referred to hereafter as "DA/DL information") to GTE via the LSR ordering process over the NDM. GTE will provide listings service via its "listing continuity" offering.

1.1.16 Charges and credits for PIC changes ordered via an LSR will appear on the wholesale bill. As BUDGETEL places a request for a PIC change via LSR, the billing will be made on the BUDGETEL account associated with each individual end user. GTE will process all PIC changes from IXCs that are received for BUDGETEL end users by rejecting back to the IXC with the BUDGETEL OCN. Detail is provided so that BUDGETEL can identify the specific charges for rebilling to their end user.

1.1.17 CMDS. The parties will provide for the distribution of intraLATA CMDS incollect messages and/or selected local measured service messages as follows:

1.1.17.1 Messages to be Screened. GTE receives CMDS I transmissions containing intraLATA incollect messages from the state RBOC CMDS host each business day. Per BUDGETEL's request, GTE will screen the incollects by NPA and line number and accumulate the Collect, Third Number Billed and Credit Card (collectively called incollects) messages in a data file. The screening will be for end users who have chosen BUDGETEL as their local service provider through a Resale or Unbundled Network arrangement. The screened incollect messages and any Local Measured Service (LMS) usage will be accumulated and forwarded to BUDGETEL. The Parties will mutually agree on the frequency of the data exchange and the method of transmission (i.e., magnetic tape or direct electronic transmission). GTE will forward the screened messages in the industry standard EMR format. GTE intraLATA toll messages that are recorded by GTE and dialed on a one plus or zero plus basis are not part of this section and will not be screened.

Prior to submitting an order under this Agreement, BUDGETEL shall obtain such documentation as may be required by state and federal laws and regulations.

- 1.2.2 GTE shall provide BUDGETEL with a specified customer contact center for purposes of placing service orders and coordinating the installation of services. These activities shall be accomplished by telephone call or facsimile until electronic interface capability has been established. The Parties adopt the OBF LSR and DSR forms for the ordering, confirmation and billing of resale services.
- 1.2.3 GTE will process such service orders during normal operating hours, at a minimum on each Business Day between the hours of 8 a.m. to 8 p.m. Eastern Time and shall implement service orders within the same time intervals used to implement service orders for similar services for its own users.
- 1.2.4 GTE will provide current GTE customer proprietary network information (name, address, telephone number and description of services provided by GTE including PIC and white page directory listing information) as provided in Article V, Section 3. The return of customer information will be via facsimile or via electronic transmission.
- 1.2.5 **Transfer Between Local Service Providers** - GTE will provide a displacement/out service report to a Local Service Provider (LSP) whenever an end user leaves that LSP and procures service from another LSP. When a BUDGETEL end user changes to another LSP, GTE will notify BUDGETEL when such activity occurs the day after completion or within 48 hours of such disconnect.

2. Maintenance Systems.

2.1 General Overview

- 2.1.1 If BUDGETEL requires maintenance for its local service customers, BUDGETEL will initiate a request for repair (sometimes referred to as a "trouble report") by calling GTE's Customer Care Repair Center. During this call, GTE service representatives will verify that the end-user is a BUDGETEL customer and will then obtain the necessary information from BUDGETEL to process the trouble report. While the BUDGETEL representatives are still on the line.

GTE personnel will perform an initial analysis of the problem and remote line testing for resale services. If engineered services are involved, the call will be made to the GTE SSCC for handling. If no engineering is required and the line testing reveals that the trouble can be repaired remotely, GTE personnel will correct the problem and close the trouble report while BUDGETEL representatives are still on the line. If on-line resolution is not possible, GTE personnel will provide BUDGETEL representatives a commitment time for repair, and the GTE personnel then will enter the trouble ticket into the GTE service dispatch queue. BUDGETEL's repair service commitment times will be within the same intervals as GTE provides to its own end users. Maintenance and repair of GTE facilities is the responsibility of GTE and will be performed at no incremental charge to BUDGETEL. If, as a result of a BUDGETEL-initiated trouble report, trouble is found to be the responsibility of BUDGETEL (e.g., non-network cause) GTE will charge BUDGETEL for trouble isolation. BUDGETEL will have the ability to report trouble for its end users to appropriate trouble reporting centers 24 hours a day, 7 days a week. BUDGETEL will be assigned a customer contact center when initial service agreements are made.

- 2.1.2 Repair calls to the SSCC for engineered services will be processed in essentially the same manner as those by the GTE Customer Care Center. GTE personnel will analyze the problem, provide the BUDGETEL representative with a commitment time while they are still on the line, and then place the trouble ticket in the dispatch queue.
- 2.1.3 GTE then will process all BUDGETEL trouble reports in the dispatch queue along with GTE trouble reports in the order they were filed (first in, first out), with priority given to out-of-service conditions. If, at any time, GTE would determine that a commitment time given to BUDGETEL becomes in jeopardy, GTE service representatives will contact BUDGETEL by telephone to advise of the jeopardy condition and provide a new commitment time.
- 2.1.4 Trouble reports in the dispatch queue will be transmitted electronically to GTE CZT service technicians who will repair the service problems and clear the trouble reports. For cleared BUDGETEL trouble reports, GTE service technicians will make a

- 3.1.3 Repair functions, e.g., trouble report repair functions, to allow BUDGETEL to determine status and close trouble reports.
 - 3.1.4 Electronic transfer of the BUDGETEL bill in electronic data 811 format.
- 3.2 BUDGETEL may migrate to fully interactive system to system interconnectivity. GTE, with input from BUDGETEL and other carriers, shall provide general interface specifications for electronic access to this functionality. These specifications will be provided to enable BUDGETEL to design system interface capabilities. Development will be in accordance with applicable national standards committee guidelines. Such interfaces will be available as expeditiously as possible.
- 3.3 All costs and expenses for any new or modified electronic interfaces exclusively to meet BUDGETEL requirements that GTE determines are technically feasible and GTE agrees to develop will be paid by BUDGETEL. Costs for development of systems intended for common use by competing carriers will be assessed based on a mutually agreed method of cost recovery.
- 3.4 BUDGETEL shall be responsible for modifying and connecting any of its pre-ordering and ordering systems with GTE provided interfaces as described in this Appendix.
4. GTE Initiated Electronic System Redesigns. GTE will not charge BUDGETEL when GTE initiates its own electronic system redesigns/reconfigurations.
