MANAGEMENT PROFILES

Information on Simple Communications Technologies, Inc

Simple Communications Technologies, Inc. is a company which was established in March 1996, by Roberto Baan and Jose Zapata to provide consulting services to major Financial Institutions (primarily in the Miami area) and with the purpose of creating and developing what we have named LATIN AMERICA TELECOMMUNICATION NETWORK. From the beginning, the main and ultimate objective was to develop a type of network to have physical presence in most of the Caribbean and Latin American countries. Having our own network allows us to maintain control of operations and offer our services at low prices and high quality to our customers in the USA and Worldwide. By having physical presence in each of these countries, Simple Communications Technologies, Inc. offers many services to our customers.

In 1996, Mr. Jose Zapata, Mr. Rafael Torres and Mr. Roberto Baan recognized the tremendous opportunities that were available in telecommunications by providing termination to countries that are controlled by monopolies. Using their political influence and contacts, the Company was able to establish direct connection to countries like Venezuela and Colombia.

Presently, Simple Communications Technologies, Inc. has direct connections and offers service to Venezuela, Colombia, Peru, Nicaragua, Panama, Guatemala, Dominican Republic, Brazil, Argentina, Ecuador, Honduras, El Salvador, Mexico, Hong Kong, Jamaica, India and most of Europe. Simple Builds, manages and controls networks in Latin America for U.S. carriers.

Simple Communications Technologies, Inc. is owned by Mr. Roberto Baan - President, Jose Zapata - Vice-President, and Mr. Rafael Torres - Principal. Each owns an equal share of the Company.

Prior to establishing Simple, Mr. Baan was President of RB Computer Systems, a company, which provided secure software solutions in a multi-user environment. Mr. Baan has over 20 years of experience in computers and communications technologies and held managerial engineering positions and International System and Information Systems and Datapro, Inc. Mr. Baan holds a Bachelor of Science in Electrical Engineering from Central University in Venezuela and a Masters of Science in Computer Engineering from UCLA.

Prior to founding Infoplus and Simple, Mr. Zapata was responsible for Engineering Project Development at International Systems and Information Systems. Mr. Zapata's connections stemming from his father's diplomatic and political background have helped Simple in the development of their business. Mr. Zapata holds a Bachelors of Science degree in Computer Science from Florida International University.

Prior to founding Simple, Mr. Torres was the General Manager of Melbourne International Communications and Texcom USA, establishing the companies as major players in the telecommunications reseller market. Mr. Torres has over 20 years in telecommunications and marketing. He holds a Bachelor of Science in Electrical Engineering from the University of Florida, an MBA from Drexel University, and a Masters Degree in International and Public Affair from Princeton University.

TARIFF FORMAT

- A. **Sheet Numbering** - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 10 and 11 would be 10.1.
- B. **Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet revision on file with the PSC. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc., the PSC follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the sheet currently in effect.
- C. **Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).1.
 - 2.1.1.A.1.(a).1.(i).
 - 2.1.1.A.1.(a).1.(i).1.
- D. **Check Sheets** - When a tariff filing is made with the PSC, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if there are only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the PSC.

SECTION 2 - RULES AND REGULATIONS

2.1. Application of Tariff

This tariff contains the regulations and rates applicable to the provision of intrastate resale telecommunication services by Simple Communications Technologies, Inc. (Company) between points within the State of Florida as specified in this tariff. Service is furnished subject to the availability of facilities and subject to transmission, atmospheric and like conditions.

All terms, conditions and limitations of liability contained in this tariff apply to all Florida intrastate services provided by the Company, including those where charges are established pursuant to contract, unless the contract explicitly provides otherwise.

2.2. Service Description

Florida Intrastate Long Distance Message Telecommunication Services (hereinafter referred to as "LDMTS") is offered to residential and business Customers of the Company for the transmission of voice communications calls placed between one or more stations in the state of Florida. The Company provides long distance network Services for voice grade and data transmission services. All services are provided subject to the terms and conditions set forth in this tariff.

The company installs, operates and maintains the communication service provided by other carriers or entities when authorized by the customer, to allow connection of a customer's location to the Company's network. The customer shall be responsible for all charges due for such service arrangement.

The Company's services and facilities are provided on a monthly basis unless ordered on a longer term basis and are available twenty four hours per day, seven days per week.

2.3. Interconnection with Other Common Carriers

The Company reserves the right to interconnect its services with those of any Other Common Carrier, Local Exchange Carrier, or alternate access provider of its election, and to utilize such services concurrently with its own facilities for the provision of Service offered in this tariff.

2.4. Shortage of Facilities

All service is subject to the availability of suitable facilities. The Company reserves the right to limit the length of communications or to discontinue furnishing service when necessary because of the lack of satellite or other transmission medium capacity or due to any causes beyond its control.

SECTION 2 - RULES AND REGULATIONS (Continued)

2.8. Responsibilities of the Customer

- 2.8.1. The Customer is responsible for placing any necessary orders, and for complying with tariff Regulations, and for ensuring that Authorized users comply with tariff regulations. The Customer is also responsible for the payment of charges for calls originated at the Customer's premises. This includes payment for LDMTS calls or services originated at the Customer's number(s); accepted at the Customer's number(s) (i.e., collect calls); billed to the Customer's number via Third Number Billing if the Customer is found to be responsible for such call or service, the use of a Calling Card, the use of a Company assigned Special Billing Number and incurred at the specific request of the Customer.
- 2.8.2. The Customer is responsible for charges incurred for special construction and/or special facilities that the Customer requests and which are ordered by the Company on the Customer's behalf.
- 2.8.3. If required for the provision of the Company's Services, the Customer must provide any equipment space, supporting structure, conduit, and electrical power without charge to the Company.
- 2.8.4. The Customer is responsible for arranging access to its premises at times mutually acceptable to the Customer and the Company when required for the Company personnel to install, repair, maintain, program, inspect, or remove equipment associated with the provision of the Company's Service(s). Occasionally customer requested changes and testing for impairment may only be evident at certain times (i.e. a certain hour of the day). In such cases, LDMTS must be made available for testing during the same time periods if the trouble condition is to be corrected.
- 2.8.5. The Customer shall ensure that its terminal equipment and system is properly interfaced with the Company's facilities and Services, that the signals and voltages emitted into the Company's facilities are of the proper mode, bandwidth, power, and signal level of the intended use of the Customer and in compliance with the criteria set forth in the rules of the FCC, and that the signals do not damage equipment, injure personnel or degrade Service to other Customers.
- 2.8.6. Interconnection between the Customer's equipment and Company-provided service must be made by the Customer by leased channel or dial-up service. Where interconnection between Customer's equipment and Company-provided service is not made by lease of Company facilities, interconnection must be made by the Customer at the Company's operating offices. Any special interface equipment necessary to achieve the compatibility between facilities of the Company and the channels or facilities of others shall be provided at the Customer's expense.

SECTION 2 - RULES AND REGULATIONS (Continued)

2.8. Responsibilities of the Customer (Continued)

- 2.8.7. If the protective requirements in connection with Customer-provided equipment are not being complied with, the Company may take such immediate action as necessary to protect its facilities and personnel and will promptly notify the Customer of the need for protective action. In the event that the Customer fails to advise the Company within 10 days after such notice is received that corrective action has been taken, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities and personnel from harm.
- 2.8.8. The Customer is liable to the Company for replacement and repair of damage to the equipment and facilities of the Company caused by negligence and willful act of the Customer, its Authorized Users, and others, and for improper use of equipment provided by the Customer, its Authorized Users, and others.
- 2.8.9. The Customer is liable for any loss of Company equipment installed at the Customer's premises caused by: theft, fire, flooding, or any other casualty or criminal act.

2.9. Responsibilities of Authorized Users

- 2.9.1. The Authorized User is responsible for compliance with applicable regulations set forth in this tariff.
- 2.9.2. The Authorized User is responsible for establishing its identity as often as necessary during the course of a call.
- 2.9.3. The Authorized User is responsible for identifying the station, party, or person with whom communication is desired and/or made at the called number.
- 2.9.4. The Authorized User is responsible for providing the Company with a valid method of billing for each call. The Company reserves the right to validate the credit worthiness of Users through available Credit Card, Called Number, Third Party telephone number and Room Number verification procedures. Where a requested billing method cannot be validated, the User may be required to provide an acceptable alternate billing method or the Company may refuse to place the call.

SECTION 2 - RULES AND REGULATIONS (Continued)

2.10. Termination or Interruption of Services

2.10.1. Without incurring liability, the Company may by 24 hours advance notice discontinue or withhold Service(s) under the following conditions:

- (i) For past due balances or when usage has exceeded the credit limit established by the Company;
- (ii) For violation of the terms or conditions governing the furnishing of services under this tariff;
- (iii) For violation of any law, rule, regulation, or policy of any governing authority having jurisdiction over the Company's Service(s); or
- (iv) By reason of any order or decision of a court having competent jurisdiction, public utility commission, federal regulatory body or other governing authority prohibiting the Company from furnishing its Service(s).

2.10.2. Without incurring liability, the Company may temporarily interrupt the provision of Service(s) at any time in order to perform test(s) and inspection(s) to assure compliance with tariff regulations and the proper installation and operation of Customer and the Company's equipment and facilities.

2.10.3. In the event that the Company incurs attorneys fees or other costs to recover any sums then due and the Company prevails, the Company shall be entitled to recover its costs of collection, legal costs, court costs, and reasonable attorneys' fees, in addition to whatever other relief the court may award. The Company may assign or sell receivable to Local Exchange Carriers, collection agencies or other parties and the amounts owed to the Company shall then become due and payable to that third party.

2.10.4. Service(s) may be discontinued by the Company, without notice to the Customer, by blocking traffic to and from certain countries, cities, NXX's, or by blocking calls using certain Customer Authorization Codes or Calling Card Account Numbers when the Company deems it necessary to take such action to prevent fraud or other unlawful use of its Service(s). The Company may restore Service(s) as soon as it can be provided without undue risk.

2.10.5. If, for any reason, Service(s) is interrupted, the Customer will only be charged for the Service(s) that was actually used.

SECTION 2 - RULES AND REGULATIONS (Continued)

2.11 Restoration of Service

The use and restoration of service shall be in accordance with the priority system specified in the Rules and Regulations of the Federal Communications Commission.

2.12. Payment for Service

The Customer is responsible for payment of all charges for facilities and Service(s) furnished by the Company, including charges for Service(s) originated or charges accepted at the Customer's service point.

2.12.1. Charges for Third Party calls will be included on the Billed Party's local exchange telephone company bill pursuant to billing and collection agreements established by the Company or its intermediary with the applicable telephone company.

2.12.2. Charges for Credit Card Calls will be included on the Billed Party's regular monthly statement from the card-issuing company.

2.12.3. The Customer will be billed for and is liable for payment of all applicable federal, state and local use, assessments, surcharges, sales and/or privilege taxes and/or similar liabilities chargeable to or against the Company as a result of the provision of the Company's Service(s), in addition to the rates indicated in this tariff. Taxes or surcharges may be passed through to customers of a taxing jurisdiction on a prorated basis such that the total of all such charges aggregated among all customers in the taxing jurisdiction shall approximately equal the total amount of tax due in that jurisdiction.

All state and local taxes are listed as separate line items and are not included in the quoted rates.

2.12.4. The Customer shall remit payment of all charges to the Company or to any agency authorized by the Company to receive such payment. Any disputed amounts or claims against an invoice must be made in writing within thirty (30) days from the date of invoice. Undisputed amounts may not be withheld.

2.12.5. If the bill is not paid within twenty calendar days following the mailing of the bill, the account will be considered past due. In the event that on-line billing is provided, the bill becomes past due 30 days after the transmission of the bill.

2.12.6. Bills are due and payable upon receipt. Interest at the rate of one and one-half (1.5 %) percent per month shall accrue upon any unpaid amount commencing thirty (30) days after the date of the bill.

2.12.7. A delinquent account may subject the Customer's Service(s) to temporary disconnection.

SECTION 3 - DESCRIPTION OF SERVICES

3.1. Service Offerings

The information in this section applies to all types of services offered pursuant to this tariff unless otherwise noted. Florida Intrastate Long Distance Service is offered on a per call basis to Customers originating calls within the State of Florida. Such service is available twenty-four (24) hours per day seven (7) days per week.

3.1.1. Simple Residential Service

Flat rate residential service that is pre-subscribed to residential customers. This service is offered without a minimum purchase commitment.

3.1.2. Simple Business Service

Flat rate business service that is pre-subscribed to business customers. This service is offered without a minimum purchase commitment.

3.1.3. Simple 800/888 Service

Inbound 800 Long distance product that provides higher discounts without requiring a minimum purchase commitment. The discounts increase as minutes of use increase. This service is available to both residential and business customers.

3.1.4. Simple Travel Service

Allows customers to gain access to their long distance service from anywhere in the state to anywhere in the state via discount service billed back to user's account. This service is available to both residential and business customers.

3.2. Billing Periods

Residential Florida intrastate calls generally have a one minute minimum charge with additional time billed in one minute increments with full minute rounding unless otherwise stated within the tariff. Commercial Florida intrastate calls generally have a 30 second minimum charge with additional time billed in 6 second increments unless otherwise stated within the tariff. (See section 4 for the specific minimums and increments for each service.) Timing on completed calls begins when the called party answers. Timing terminates when either party hangs up.

3.3. Timing of Calls

The customer's long distance usage charge is based on the actual usage of the Company's network. Usage begins when the called party picks up the receiver. When the called party picks up is determined by hardware answer supervision in which the local telephone company sends a signal to the switch or by software utilizing audio tone detection. A call is terminated when either party hangs up.

SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)

3.4. Minimum Call Completion Rate

The customer can expect a call completion rate (number of calls completed / number of calls attempted) of not less than 99% during peak use periods for all FGD services.

3.5. Uncompleted Calls

There shall be no charge for uncompleted calls.

3.6. Calculation of Distance

In the event the company provides mileage sensitive products, then usage charges are based on the airline distance between rate centers associated with the originating and terminating points of the call.

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The Company uses the rate centers and associated vertical and horizontal coordinates that are produced by Bell Communications Research in their NPA-NXX V & H Coordinates Tape and Bell's NECA Tariff No. 4. ;

Re: Application for certificate to provide interexchange telecommunications service by Simple Communications Technologies, Inc.

This is to certify that Simple Communications Technologies, Inc. ("Simple") has adequate capital to provide the services it proposes within the state of Florida. As a switchless reseller, Simple does not require large sources of capital for construction and maintenance of a telecommunications network. As such, Simple operates with relatively low overhead.
