EXHIBIT A

FINANCIAL CAPABILITY

1. Cable & Wireless Global Card Services, Inc. ("C & W Card Services") is an indirect wholly-owned subsidiary of Cable & Wireless plc. As a subsidiary of Cable & Wireless plc, C & W Card Services has access to the capital necessary to provide the proposed services in the State of Florida. Attached hereto is the most recent Securities and Exchange Commission Form 20-F of Cable & Wireless plc, the Applicant's parent company. As this exhibit demonstrates, Cable & Wireless plc is a robust and healthy company, possessing sufficient resources to ensure C & W Card Services' continued operations throughout the United States, including Florida.
2. C & W Card Services has the requisite financial ability to maintain the requested services. As noted above, the attached financial statements indicate that C & W Card Services has sufficient resources to develop and maintain the proposed services in Florida.
3. The attached financial statement exhibit C & W Card Services' ability to provide long distance service. C & W Card Services does intend to invest in its own switches and other facilities in the future. At this time, however, C & W Card Services' costs of providing service will be limited to the capital necessary to lease facilities from other certificated carriers or operate its own equipment. Thus, its total investment will be minimal and fully within the Applicant's financial capabilities.

INTRODUCTION

Cable and Wireless plc is a public limited company incorporated under the laws of England and Wales. The principal executive offices of the Company are located at 124 Theobalds Road, London, WC1X 8RX, United Kingdom.

As used in this Annual Report, references to the "Company" and "Cable & Wireless" are to Cable and Wireless plc, references to the "Group" and "Cable & Wireless Group" are to the Company, its consolidated subsidiaries and "associated companies" (companies which are less than majority-owned and are accounted for according to the equity method) unless the context otherwise requires. References to "Cable & Wireless Group Companies" are to any companies within the Cable & Wireless Group.

Unless otherwise indicated, the financial information contained in this Annual Report has been prepared on the basis of generally accepted accounting principles in the United Kingdom ("UK GAAP"), which, as described in Note 19 of Notes to Consolidated Financial Statements, differ in certain material respects from generally accepted accounting principles in the United States ("US GAAP"). Unless otherwise indicated, any reference in this Annual Report to Consolidated Financial Statements is to the Consolidated Financial Statements of the Cable & Wireless Group (including the notes thereto) included herein.

Cautionary Statements for Purposes of the "Safe Harbor" Provisions of the United States Private Securities Litigation Reform Act of 1995.

The Private Securities Litigation Reform Act of 1995 provides a "safe harbor" for forward-looking statements. This Annual Report contains certain forward-looking statements, including, but not limited to, the discussion of further liberalisation of the telecommunications industry in the United Kingdom, the introduction of additional competition in the United Kingdom and Europe generally, the recent transfer of sovereignty over Hong Kong from the Government of the United Kingdom to the Central People's Government of the People's Republic of China, further liberalisation of the telecommunications industry in Hong Kong and Asia, proposals to extend the range of liberalised services offered over HKT's circuits the effects of the integration of the entities comprising Cable & Wireless Communications plc and FDM Government's proposed examination of broadcast restrictions on BT and other PTO's. Such statements include, but are not limited to, statements under the following headings:

- Discussion of further liberalisation of the telecommunications industry in the United Kingdom. See "Item 1 - Description of Business - Regulatory Framework - Regulatory Regimes".
- Introduction of additional competition in the United Kingdom and Europe generally. See "Item 1 - Description of Business - Competition - UK Telecommunications Market - Current United Kingdom Telecommunications Competition Policy".
- Recent transfers of sovereignty over Hong Kong from the UK to the PRC. See "Item 1 - Description of Business - The Group". See "Item 1 - Description of Business - Hong Kong - Hong Kong Telecom Group - Information on Hong Kong". See "Item 1 - Description of Business - Other Asia and Pacific - Peoples Republic of China".
- Further liberalisation of the telecommunications industry in Hong Kong and Asia. See "Item 1 - Description of Business - Hong Kong - HKT's Description of Business - Competitive International Services".
- Proposal to extend the range of liberalised services offered over HKT's circuits. See "Item 1 - Description of Business - Hong Kong - HKT's Description of Business - Competitive International Services - Non-Telephony Services and Transit".
- Effects of integration of entities comprising CWC. See "Item 1 - Description of Business - United Kingdom - Cable & Wireless Communications - Certain Considerations and Uncertainties - Integration". See "Item 1 - Description of Business - United Kingdom - Cable & Wireless Communications - Strategy and near term initiatives".

- HM Government's proposed examination of broadcast restrictions on BT and the other national PTO's. See "Item 1 - Description of Business - Competition - UK Telecommunications and Cable TV Markets - Current UK Telecommunications Competition Policy - PTO's".

Actual results may differ materially from those projected or implied in the forward looking statements. Such forward looking information involves risks and uncertainties that could significantly affect expected results. These risks and uncertainties include, but are not limited to, uncertainties relating to economic conditions and changes in the regulatory and competitive environments in which the Cable & Wireless Group operates. See "Item 9 - Management's Discussion and Analysis of Financial Condition and Results of Operations".

References to a year in this Annual Report are, unless otherwise indicated, references to the Company's fiscal year ending March 31 of such year. In this Annual Report, financial and statistical information is, unless otherwise indicated, stated on the basis of such fiscal year.

EXCHANGE RATES

The Company publishes its consolidated financial statements in pounds sterling. In this Annual Report, references to "£" and "p" are to pounds sterling and to pence, respectively, the lawful currency of the United Kingdom, references to "\$" and "¢" are to the lawful currency of the United States, and references to "HK\$" are to the lawful currency of Hong Kong. This Annual Report contains translations of certain pound sterling amounts into US dollars at specified rates solely for the convenience of the reader. These translations should not be construed as representations that the pound sterling amounts actually represent such US dollar amounts or could be converted into US dollars at the rate indicated. Unless otherwise indicated, the translation of pounds sterling into such US dollars have been made at the noon buying rate in New York City for cable transfers in pounds sterling as certified for customs purposes by the Federal Reserve Bank of New York in effect on March 31, 1997, which was £1.00 to \$1.64.

The following table sets forth, for the periods indicated, the average, high, low and period-end Noon Buying Rates for pounds sterling expressed in US dollars per £1.00.

Year ended March 31	Average ⁽¹⁾	High	Low	Period end
1993	1.69	2.00	1.41	1.51
1994	1.50	1.59	1.46	1.49
1995	1.56	1.64	1.51	1.62
1996	1.56	1.62	1.50	1.53
1997	1.60	1.71	1.50	1.64

⁽¹⁾ The average of the Noon Buying Rates on the last day of each full month during the relevant period.

On September 15, 1997, the Noon Buying Rate was £1.00 to \$1.60.

A substantial portion of the Group's assets, gross turnover and operating costs are denominated in currencies other than sterling. See "Item 9 - Management's Discussion and Analysis of Financial Condition and Results of Operations - Exchange Rates".

CABLE AND WIRELESS PLC AND SUBSIDIARIES

INDEPENDENT AUDITOR'S REPORT

To the Shareholders and Directors of Cable and Wireless plc

We have audited the accompanying consolidated balance sheets of Cable and Wireless plc and subsidiaries at March 31, 1997 and 1996 and the related consolidated profit and loss accounts, statements of cash flows, statements of total recognised gains and losses and reconciliations of movements in shareholders' funds for each of the years in the three year period ended March 31, 1997. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards in the United Kingdom, which are substantially consistent with those of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Cable and Wireless plc and subsidiaries as of March 31, 1997 and 1996, and the results of their operations and cash flows for each of the years in the three year period ended March 31, 1997, in conformity with generally accepted accounting principles in the United Kingdom.

Generally accepted accounting principles in the United Kingdom vary in certain significant respects from generally accepted accounting principles in the United States. Application of generally accepted accounting principles in the United States would have affected results of operations for each of the years in the three year period ended March 31, 1997, and shareholders' equity as of March 31, 1997 and 1996, to the extent summarised in Note 39 to the consolidated financial statements.

The Group has made no material acquisitions nor discontinued any operations within the meaning of Financial Reporting Standard No. 3 during 1997, 1996 or 1995. Therefore Group turnover, operating profit and exceptional items derive entirely from continuing operations.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(a) **Statement of Accounting Policies**
Basis of preparation and accounting conventions

The accompanying consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United Kingdom (UK GAAP) which differ in certain material respects from generally accepted accounting principles in the United States (US GAAP). See Note 39.

The accounts have been prepared in accordance with applicable accounting standards and on the historical cost basis. Two new accounting standards have become effective in this year and have been adopted by the Group: FRS 5 - 'Related Party Transactions' and FRS 1 (Revised) - 'Cash Flow Statements'. Prior year comparative figures in the Cash Flow Statement have been restated.

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(b) **Basis of consolidation**

The Group accounts comprise a consolidation of the accounts of the Company and all its subsidiaries together with the Group's share of the results and net assets of its associated undertakings. The accounts of principal subsidiaries and associated undertakings are generally made up to March 31. However, where this is not practical the results of certain subsidiary and associated undertakings are based on their audited accounts to December 31.

Where subsidiary or associated undertakings are acquired during the year, goodwill, being the difference between cost and fair value attributed to the net assets acquired, is dealt with as a movement on Group reserves. When a disposal occurs, or where a permanent diminution in the value of goodwill is identified, goodwill is transferred from reserves and charged to the profit and loss account.

(c) **Foreign currencies**

Average rates of exchange ruling during the year are used to translate the profit and loss accounts of overseas subsidiary and associated undertakings.

The net investments in the Group's overseas subsidiary and associated undertakings are translated into sterling at rates of exchange ruling at March 31. Exchange differences resulting from the translation of such net investments at rates ruling at the beginning and end of the year, together with the differences between profit and loss accounts translated at average rates and rates ruling at March 31, are dealt with as movements on Group reserves.

Where net investments are matched in whole or in part by foreign currency borrowings, the exchange differences arising on the translation of such borrowings are also recorded as movements on Group reserves and any losses taken to the profit and loss account.

Foreign currency assets and liabilities are translated at the rates ruling at March 31, and all other exchange differences are dealt with through the profit and loss account.

Results of operations in hyper-inflationary economies are translated using a relatively stable currency as the functional currency. The exchange difference arising from this process is taken to the profit and loss account.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(d) *Tangible fixed assets and depreciation*

Depreciation is provided on the difference between the cost of tangible fixed assets and the estimated residual value in equal instalments over the estimated useful lives of the assets. These lives are:

	Lives	Average
Telephone cables and repeaters		
- analogue	12 to 20 years	14 years
- digital	15 years	15 years
Freehold buildings	40 years	40 years
Leasehold land and buildings	up to 50 years or term of lease if less	40 years
Plant	2 to 40 years	10 years
Cableships	up to 30 years	14 years

Freehold land, where the cost is distinguishable from the cost of the building thereon, is not depreciated.

Surpluses and deficits on disposals of tangible fixed assets are determined by reference to sale proceeds and net book amounts.

(e) *Fixed asset investments*

Associated undertakings are accounted for in the Group's accounts under the equity method of accounting. Other fixed asset investments in the Group accounts are stated at cost less amounts written off in respect of permanent diminutions in value.

(f) *Deferred taxation*

The Group provides for deferred tax only when there is a reasonable probability that the liability will arise in the foreseeable future. Where deferred tax is provided, the liability method is used.

(g) *Stocks*

Stocks of equipments, held for use in the maintenance and expansion of the Group's telecommunications systems, are stated at cost, including appropriate overheads, less provision for deterioration and obsolescence. Stocks held for resale are stated at the lower of cost and net realisable value.

(h) *Pensions*

The regular cost of providing benefits is charged to the operating profit over the service lives of the members of the schemes so as to achieve a constant percentage of pensionable pay. Variations from the regular cost arising from periodic actuarial valuations of the principal schemes are allocated to the operating profit over the expected remaining service lives of the members.

(i) *Finance leases*

Finance lease income is allocated to accounting periods so as to give a constant rate of return on the net cash investment in the lease. The total net investment in finance leases included in the balance sheet represents total lease payments receivable net of finance lease income relating to future accounting periods.

(j) *Leased assets*

Where assets are financed by leasing agreements that give rights approximating to ownership, the assets are treated as if they had been purchased outright. The amount capitalised is the present value of the minimum lease payments payable during the lease term. The corresponding leasing commitments are shown as obligations to the lessor. Lease payments are split between capital and interest elements using the annuity method. Depreciation on the relevant assets and interest are charged to the profit and loss account. All other

CABLE AND WIRELESS PLC AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

leases are operating leases and the annual rentals are charged to operating profit on a straight line basis over the lease term.

(k) Capitalization of interest

Interest, net of taxation, incurred up to the time that separately identifiable major capital projects are ready for service is capitalized as part of the cost of the assets.

(l) Debtors issue costs

The costs of issue of capital instruments such as bonds and debentures are charged to the profit and loss account on an annual basis over the life of the instrument. A corresponding amount is subsequently transferred from the share premium account to the profit and loss account reserve.

1 Presentation of financial information

The consolidated financial statements are wired in pounds sterling, the currency of the country in which the Company is incorporated.

2 Historical cost profits and losses

There is no difference between the Group results as reported and on a historical cost basis. Accordingly, no additional note of historical cost profits and losses has been prepared.

3 Group turnover and turnover recognition

The Group's operations are all considered to fall into one class of business, namely telecommunications.

Group turnover comprises the value of all services provided and equipment sold to third parties and is accounted for on the accruals basis. At the end of each year adjustments are recorded to defer prepayments with respect to services invoiced in advance and to accrue for unbilled services. Turnover derives from:

(a) Public telecommunications

Amounts accruing to the Group from international and domestic telecommunications, both fixed line and mobile, including telephony, facsimile, internet, multimedia and data transmission. These services are generally provided under agreements with licensing governments. Also included is turnover arising from the ownership and/or the operation of assets which form part of the Group's worldwide communications systems, such as leased circuit services, together with amounts charged for maritime telecommunications services and management fees.

(b) Other

Equipment sales and rental - turnover from the sale, leasing, rental and maintenance of terminals, communications systems and associated activities in respect of non-franchised and public telecommunications activities, except for rentals in respect of direct exchange lines which are treated as domestic telephone turnover.

Cableships - turnover from charters and from the use of the Group's ships under agreement with other cable owners and with manufacturers.

Contracts - turnover derived from consultancy fees together with the proceeds of short term contracts completed in the year and the estimated sales value of work done during the year on long term contracts relating to telecommunications systems.

The Group turnover figure disclosed represents turnover of the Company and its subsidiaries to the location from which the Group supplies its telecommunications services. This is generally the same as the location to which telecommunications services are supplied. However, it does not follow that international telecommunications traffic which the Group may be responsible for carrying on part of its route would necessarily originate in that location. The Group does not have access to information on the original source or ultimate destination of international telecommunications traffic.

7 Pensions

The Company and its principal subsidiaries operate pension and retirement schemes which cover the majority of employees in the Group. These schemes are principally of the defined benefit type whereby retirement benefits are based on the employees' final remuneration and length of service and are funded through separate trustee administered schemes. Contributions to the schemes are made in accordance with the recommendations of independent actuaries who value the schemes at regular intervals, usually annually.

Actuarial values of the principal United Kingdom and Hong Kong pension schemes were prepared at March 31, 1996 and December 31, 1996 respectively.

The valuation of the United Kingdom Scheme disclosed an increased surplus compared with the previous valuation. The Company has thus reduced its contributions to the scheme with effect from April 1, 1996 with the agreement of the actuary. In the accounts, the surplus in the United Kingdom Scheme has been spread over the remaining service lives of the employed members.

The United Kingdom Scheme was valued using the projected unit method and the principal assumptions were that future investment returns would, on average, be 4.5 per cent a year above the level of price inflation, that general salary growth would be 2 per cent a year above price inflation and that both pension increases and the growth of equity dividends from March 1996 levels would be in line with price inflation. The market value of the scheme's investments at the valuation date was £920m. The stressed value which the actuary placed on those investments was £805m. The scheme also holds some insurance policies which have an assessed value of £11m. The total assessed value of the assets was 113 per cent of the value of the aggregate benefits that had accrued to members of the scheme, allowing for expected future earnings increases in the case of employees.

The valuation of the Hong Kong Scheme showed a surplus of assets over the discontinuance rights of members as at the valuation date. On an on going basis, the valuation revealed a reduced deficit as compared with the previous valuation of assets over the accrued rights of members. As a result, the actuary recommended, and the Company agreed to, a reduction in contributions to the scheme with effect from January 1, 1997. In the accounts, the deficit in the Hong Kong Scheme has been spread over the remaining service lives of the employed members.

The two main sections of the Hong Kong Scheme which are open to new members were valued using the projected unit method and the four smaller closed sections of the Hong Kong Scheme were valued using the attached ego method. The principal assumption is that the average long term rate of return on the scheme's assets will be 2 per cent a year higher than the rate of salary escalation. The method used to value the scheme's assets is a three year quarterly moving average method. The market value of the scheme's assets at the valuation date was £485m. The stressed value of the scheme assets at the valuation date was £472m and was 97 per cent of the aggregate benefits that had accrued to the members after allowing for expected future increases in earnings.

The pension costs as shown in Note 6 comprise:

Pension schemes other than the principal schemes are accounted for on the basis of local custom and practice. Pension payments of £45m (1996 - £43m) are included in other debitors (Notes 18). Provisions for obligations to pay terminal gratuities on retirement to staff who are not members of the pension and retirement schemes are included in provisions for pensions (Note 23).

US GAAP disclosures

The following disclosures are in accordance with US pension accounting rules under SFAS 87 "Employers Accounting for Pensions". Separate disclosures are made in respect of the two principal schemes, United Kingdom and Hong Kong.

United Kingdom scheme

The defined benefit obligations were determined using the following assumptions at March 31, 1997, 1996 and 1995:

	1997	1996	1995
	(% per annum)		
Discount rate	8.0	8.0	9.0
Rate of future pay increase	5.5	5.5	6.5
Rate of pension increase	4.0	4.0	4.5
Estimated rate of return on plan assets	8.7	8.7	9.2

The components of the pension cost for the year were as follows:

	1997	1996	1995
	(in £ millions)		
Service cost	46	49	46
Interest cost on projected benefit obligation	47	61	51
Actual return on plan assets	(104)	9	30
Net amortisation and deferral	18	(77)	(94)
Net pension cost	27	42	33
Members' contribution	(14)	(11)	(9)
Pension cost for the year under US GAAP	13	31	24

The information required to be disclosed in accordance with SFAS 87 and SFAS 88 concerning the funded status as at March 31, 1997 and 1996 is as follows:

	1997	1996
	(in £ millions)	
Accrued/benefit obligations (all benefits vested)	748	719
Projected benefit obligation	(828)	(785)
Plan assets at fair value (see note below)	968	884
Plan assets in excess of projected benefit obligation	140	99
Unrecognised transition amount	(30)	(36)
Unrecognised prior service cost	16	21
Gain at year end	(93)	(78)
Prepaid pension cost under US GAAP	33	6

The Plan assets comprise primarily investments in equity and fixed interest securities.

During 1995, Mercury's Customer Premium Equipment Division was sold and staff reductions took place following the Mercury reorganisation. As a result of this, curtailment and termination gains of £7m have been recognised within the projected benefit obligation in 1997 (1996 - £3m).

8 Profits less (losses) on disposal of fixed assets

Profits less (losses) on disposal of fixed assets comprises profits on disposal of a number of investments in associated undertakings of £93m, profit on disposal of a trade investment of £43m, profits on disposal of tangible fixed assets of £11m and a provision for the expected loss on disposal of Group properties of £70m.

9 Exceptional items

Exceptional items in 1996 comprised a £199m profit on sale of the Company's 5.03 per cent interest in Mannesmann Mobilfunk GmbH and an exceptional charge of £120m relating to the write down of investments primarily in respect of businesses in Central and Eastern Europe, (£34m shown within 'profits less (losses) on sale or termination of operations' and £86m shown within 'Amounts written off investments in associated undertakings'). The charge included a write back of £76m of goodwill which had previously been charged directly to reserves.

The £60m exceptional charge against operating costs in 1995 related to the termination of employment of 2,500 Mercury employees, relocation costs and asset write downs. The exceptional pre-tax charge of £18m in 1995 related to profits less (losses) on sale and termination of operations following the Mercury reorganisation. The £178m exceptional charge related to goodwill associated with the acquisition of Telephone Rentals plc in 1988. The remaining £44m charge related to the losses on disposal of fixed assets following Mercury reorganisation.

12 Tax on profit on ordinary activities continued
The charge for taxation, based on the Group profit for the year, comprises:

	1997	1996	1995
	(in £ millions)		
<i>United Kingdom:</i>			
Corporation tax at 33%			
Current	96	164	123

	287	320	244

A tax charge of £27m relates to the 'profit less (losses) on sale and termination of operations' and 'profit less (losses) on disposal of fixed assets'. A £55m tax charge arose on the exceptional profit on disposal of fixed assets in 1996. In 1995 a tax credit of £13m relates to the exceptional items charged to operating profit, 'profit less losses on sale and termination of operations' and 'profit less losses on disposal of fixed assets'.

If deferred tax had been fully provided in each year under the liability method, the tax charge would have reduced by £19m, (1996 - increased by £47m, 1995 - increased by £58m), comprising:

	1997	1996	1995
	(in £ millions)		
Current year	37	53	81
Prior year	(56)	(6)	(23)
	(19)	47	58

The Group's effective tax rate varies from the statutory tax rate as a result of the following factors:

	1997	1996	1995
	(%)		
Statutory tax rate	33.0	33.0	33.0

13 Minority interests

The value of non-equity minority interests is not material. There is no material minority interest relating to the 'profits less (losses) on sale and termination of operations' and 'profits less (losses) on disposal of fixed assets' in 1997 or 1996.

In 1995 the minority share of the 'Exceptional item charged against operating costs' of £60 million, the loss of £18 million disclosed as 'Profits less (losses) on sale and termination of operations' and the loss of £44 million disclosed as 'Profits less (losses) on disposal of fixed assets' was £22 million.

This stock is convertible at the option of stock holders into ordinary shares in the Company on August 31 in each year up to and including 2008, on the basis of one share for every 204p of nominal loan stock.

(ii) The Group has fixed rates of interest on 58 per cent of its principal bank loans with average rates of interest of approximately 9 per cent for sterling denominated loans and 7 per cent for US dollar loans. All floating rate debt is LIBOR related. Interest rate swaps and forward rate agreements are used to manage the overall balance of fixed and floating rate debt. The fixed portion will increase to 66 per cent in December 1997 as a result of floating rate swap matters.

(iii) Any borrowing, the liability of which is swapped into another currency, is accounted for as a liability in the swap currency and not in the original currency of denomination.

(iv) 696m of borrowings due after more than one year were secured on assets of the Group.

The Group operates a savings related share option scheme (SAVS) which was approved by the shareholders in September 1983 and renewed for a further 10 years by resolution passed on June 25, 1993. The scheme provides a long term savings and investment opportunity for employees who can make regular savings and utilize the proceeds of the savings account to acquire shares. The scheme is open to all UK employees of the Company and the principal UK subsidiaries in the Group. Existing options may be exercised, normally after 5 or 7 years, according to the length of the option period chosen, at a price not less than 80 per cent of the market value of the shares at the time of the grant. From April 29, 1996, a shorter period of 3 years may be chosen.

At March 31, 1997 outstanding options granted under the SAVS scheme were as follows:

C&W Savings Related Share Option Scheme	Number of shares	Price	Normal date of exercise

The Group operates another investment-related plan, Employee Stock Purchase Plan (ESPP). The ESPP, which was approved by the shareholders in July of 1992, allows eligible employees of Cable & Wireless, Inc. and its US subsidiaries, the ability to acquire American Depositary Receipts (ADRs) in Cable and Wireless plc at the discounted price of 85% of the market value of the ADRs on the first day of the ESPP's year. The first plan year began on October 1, 1992 and the last plan year shall end on September 30, 2002. Eligible employees authorize the Company to make payroll deductions in increments of US\$10.00, with the maximum deduction of US\$600.00, throughout the designated plan year. On the last day of the plan year, the Company purchases the ADRs on behalf of the eligible employees and ADR certificates are tendered.

At March 31, 1997 outstanding options granted under the ESPP are as follows:

	Number of ADRs	Price	Normal date of exercise
Employee Stock Purchase Plan	74,611	\$18.06	Sept 30, 1997

The Group operates an executive share option scheme established in July 1984 which was renewed for a 10 year period by resolution of the shareholders based on June 25, 1993.

This option scheme ('Revenue Approved Share Option Scheme' or 'RESOS') has been approved by the UK Island Revenue. The Group also operates another share option scheme established in September 1983 which was also renewed for a 10 year period by shareholder resolution passed on June 25, 1993 ('Vendor Employees Share Option Scheme' or 'SEOS'). The two schemes are each administered by a committee consisting of directors, all or a majority of whom are non-executive directors of the Company. Options under both schemes are currently issued at an exercise price which is the market value of the ordinary shares at the time of grant. Options may normally be exercised between 3 and 10 years from date of grant in the case of options under SEOS and between 3 and 7 years from date of grant in the case of options under RESOS. Options may not be transferred or assigned to other persons. On exercise, new ordinary shares are allotted on the same terms as existing ordinary shares.

At March 31, 1997 outstanding options granted under SEOS and RESOS Schemes were as follows:

	Number of shares	Price	Normal date of exercise

All the Group's share option schemes are fixed option schemes and are not performance related.

Authorisation of share options

SAVE, SESOS and RESOS schemes

The number of shares over which options may be granted, when aggregated with the number of shares subject to options, whether or not the option has been exercised, which were granted during the ten years prior to the date of grant, should not exceed 10 per cent of the issued ordinary share capital.

In addition, the number of shares over which options may be granted, when aggregated with the number of shares subject to options, whether or not the option has been exercised, which were granted during the three years prior to the date of grant, should not exceed 3 per cent of the issued ordinary share capital.

SESOS and RESOS schemes only

The number of shares over which options may be granted, when aggregated with the number of shares subject to options, whether or not the option has been exercised, granted during the ten years prior to the date of grant, excluding shares options issued under any profit sharing scheme or savings related share option scheme approved by the Inland Revenue, should not exceed 5 per cent of the issued ordinary share capital.

ESPP schemes only

There is a limit on how many Cable and Wireless plc ordinary shares that can be purchased through the Plan on behalf of all participants. This limit is the number of ADRs that represent up to ten million Cable and Wireless plc ordinary shares. Once this limit is reached, the ESPP will be terminated or amended to increase the limit.

Stock compensation plans

At March 31, 1997 the Company had four stock-based compensation plans (share option schemes) which have been described above. The Company computes the fair value of its share option grants under those plans in accordance with SFAS 123.

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted average assumptions used for grants in the respective years.

	1997	1996
UK schemes		
Dividend yield	2.3%	2.0%
Expected volatility	24.7%	23.0%
Risk-free interest rate	7.5%	7.8%

Exchange adjustments in the Group are net of exchange losses of £11m (1996 - £23m) on foreign currency borrowings. The cumulative amount of goodwill resulting from acquisitions during the year ended March 31, 1997 and prior years, net of goodwill written back through the profit and loss account amounted to £818m (1996 - £957m). Of this amount £352m (1996 - £646m) related to associated undertakings.

Cumulative exchange losses on the revaluation of net investments overseas amounted to £392m at March 31, 1997 (1996 - £255m).

26 Financial Instruments

The Group uses financial instruments, including forward foreign exchange contracts and interest rate swaps, in its management of exchange rate and interest rate exposure. While these instruments are subject to the risk of loss from changes in exchange rates and interest rates, these losses would generally be offset by gains in the related exposures. Financial instruments are only used to hedge underlying commercial exposures. The Group does not speculate in derivative financial instruments.

Realised and unrealised gains and losses on forward contracts which hedge firm third party commitments are recognised in income in the same period as the underlying transaction. Net interest paid or received on interest rate swaps is included in interest expense on an accruals basis.

26 Financial Instruments continued

The Group assesses the exposure of its overall financial position on a net basis, after considering the extent to which variable rate liabilities can be offset with variable rate assets, typically short term deposits and cash. The Group's objective is to minimise interest expense consistent with maintaining an acceptable level of exposure to the risk of interest rate fluctuation. In order to achieve this objective, the Group targets a mix of fixed and variable rate debt based on an assessment of interest rate trends. To obtain this mix in a cost efficient manner the Group primarily utilises interest rate swaps that have the effect of converting specific debt obligations of the Group from fixed to variable rate, or vice versa, as required. If appropriate the Group also uses foreign currency swaps to match long term currency denominated debt to a proportion of its overseas asset base.

The estimated fair value of the Group's financial instruments are summarised below:

	1997		1996	
	Carrying amount	Estimated fair value	Carrying amount	Estimated fair value
	(in £ millions)			
Investments				
Convertible bonds	211	262	257	305

Cross currency swaps	-	-	-	-
- asset	-	8	-	14
- (liability)	-	(11)	-	(10)
Forward foreign exchange contracts	-	-	-	-

Investments

The fair value of investments is based on year end quoted prices for listed investments and estimates of likely sales value for other investments.

Cash at bank and in hand, accounts receivable, accounts payable, short term borrowings and other current liabilities
 The carrying value approximates fair value either because of the short maturity of the instruments or because the interest rate on investments is reset after periods not greater than six months.

Long term debt

The fair value is based on quoted market prices or, where these are not available, on the quoted market prices of comparable debt issued by other companies.

Interest rate swaps

The fair value of interest rate swaps is the estimated amount which the Group expects to pay or receive on the termination of the agreement, taking into consideration current interest rates and the current creditworthiness of the counter parties. The nominal value of the interest rate and currency swaps at March 31, 1997 was £707m (1996 - £943m).

CABLE AND WIRELESS PLC AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

26 Financial instruments continued

Forward foreign exchange contracts

The value of these contracts is the estimated amount which the Group would expect to pay or receive on the termination of the contracts, taking into consideration current exchange rates. At March 31, 1997 the Group had £226m of such contracts outstanding (1996 - £36m).

Concentrations of Credit risk

Credit risk represents the loss that would be recognised at the reporting date if counterparties failed completely to perform as contracted. The counterparties to the Group's financial instruments are major international financial institutions. It is the Group's policy to monitor the financial standing of these counterparties on an ongoing basis. The Group does not have a significant exposure to any individual counterparty.

Potential concentrations of risk also include trade debtors. The Group's trade debtors represent amounts due to the Group's operations around the world from their customers and other local and international telecommunications operators. 37 per cent of the Group's trade debtors are due to operations based in the UK and 34 per cent are due to telecommunications operators based in Hong Kong. The Group does not have a significant exposure to any individual customer or telecommunications operator.

28 Contingent liabilities

At March 31, 1997 the Group had issued trading guarantees to the extent of £36m (1996 - £220m). The amount represents the maximum liability on a consolidated basis that the Company would have been exposed to under these types of agreements in effect as at these dates.

Trading guarantees are performance bonds or contracts issued usually by the Company on behalf of its trading subsidiaries in the normal course of business guaranteeing that the subsidiary will meet its obligations to complete projects in accordance with the contractual terms and conditions. The guarantees also enable the customer to obtain repayment of any advance payment in the event of the relevant subsidiary failing to carry out its contractual obligations in full.

The nature of contracts include construction projects, service level agreements, installation of equipment, surveys, purchase of equipment and transportation of materials. The guarantees contain a clause that they will be terminated on final acceptance of work to be done under the contract.

33 Liquid resources

Liquid resources comprise short-term deposits which are readily convertible into known amounts of cash at or close to their carrying value.

Included within liquid resources are amounts totalling £26m (1996 - £22m, 1995 - £19m) held by the Group's insurance subsidiary. These assets are actively managed to meet insurance liabilities. All of these assets are required to meet insurance solvency requirements and which, as a result, are not readily available for the general purposes of the Group. Other short term deposits typically include bank deposits (excluding those which are repayable on demand),

UK - Cable & Wireless Communications plc

On October 22 1996, Cable & Wireless announced that it had reached agreement to create one of the United Kingdom's leading providers of integrated telecommunications, information and entertainment services by forming CWC from a merger of the operations of Mercury Communications Limited, NYNEX CableComms Group plc, NYNEX CableComms Group Inc., Bell Communications plc and Videotron Holdings plc. Following the announcement that the public offers for the share capital of the constituent companies of CWC were declared unconditional, CWC was listed on the New York and London stock exchanges on April 28, 1997. The opening price of 300p per ordinary share valued CWC at approximately £4.3 billion, in which Cable & Wireless has a 52.6 per cent share.

Cable & Wireless Panama S.A.

On May 29, 1997 the Company acquired 49 per cent of INTEL subsequently renamed Cable & Wireless Panama S.A., the state owned telecommunications company of Panama, together with management control, following a competitive bid. The Government will retain 49 per cent of the shares while the remaining 2 per cent has been granted to Cable & Wireless Panama's employees. For the year ended December 31, 1996 Cable & Wireless Panama reported revenues of US\$246 million, and profit before tax of US\$153 million.

China/Hongkong Telecom

On June 6, 1997, Cable & Wireless and the Ministry of Posts and Telecommunications signed an agreement designed to reinforce their existing co-operation in Hong Kong. The agreement resulted in the acquisition by a wholly-owned subsidiary of China Telecom (Hong Kong) Limited of approximately 5.5 per cent of Hongkong Telecom from Cable & Wireless. Following this sale Cable & Wireless received approximately HK\$9.2 billion in cash which it applied in reducing Cable & Wireless Group indebtedness.

Australia - Oprex

On July 1, 1997, the Company announced that it had reached agreement in principle with Bell South to purchase Bell South's 24.5 per cent interest in Oprex. The completion of this purchase, which took place on August 18, 1997 increased the Company's shareholding in Oprex to 49 per cent. In addition, the Company received free options to acquire shares in Oprex that are expected, in due course to take its stake up to a maximum of approximately 55 per cent. The options become exercisable when Oprex is listed on the Australian Stock Exchange.

UK - Cable & Wireless Communications plc

On September 15, 1997 CWC launched itself as the UK's leading provider of integrated telecommunications, information and entertainment services and at the same time announced that it would be taking a £200m exceptional reorganisation charge to the profit and loss account as a result of integrating the acquired entities.

39 Summary of differences between United Kingdom and United States generally accepted accounting principles
The Company prepares its consolidated accounts in accordance with generally accepted accounting principles (GAAP) in the United Kingdom, which differ in certain material respects from US GAAP. The significant differences relate principally to the following items and the adjustments necessary to restate net income and shareholders' equity in accordance with US GAAP are shown below.

(a) **Goodwill**

Under UK GAAP goodwill arising on acquisition is eliminated directly against reserves. Amounts are transferred from reserves and charged through the profit and loss account when the related investments are sold or written down as a result of permanent diminutions in value. Under US GAAP goodwill is capitalised and amortised by charges against income over the period, not to exceed 40 years, over which the benefit arises. For US GAAP, goodwill has been amortised by the Company over periods varying between 5 and 40 years.

Under UK GAAP the profit or loss on the disposal of all or part of a previously acquired business is calculated after taking account of the gross amount of any goodwill previously eliminated directly against reserves and not already charged to profit. Under US GAAP an adjustment to profit or loss on disposal is required in respect of goodwill previously amortised.

(b) **Capitalisation of interest**

Under UK GAAP the capitalisation of interest is not required, but the Company does capitalise interest, net of tax, incurred in relation to separately identifiable major capital projects. US GAAP requires that such interest cost should be capitalised on all qualifying assets during the time required to prepare them for their intended use.

(c) **Deferred tax**

Under UK GAAP provision is made for deferred taxation only when there is a reasonable probability that the liability will arise in the foreseeable future. US GAAP requires full provision for deferred income taxes under the liability method on all temporary differences and, if required, a valuation allowance is established to reduce gross deferred tax assets to the amount which is likely to be realised.

(d) **Marketable securities**

Under UK GAAP investments in marketable securities are recorded at historic cost less provision for permanent diminutions in value. Under US GAAP investments classified as available for sale are reported at fair value, with unrealised gains or losses reported as a separate component of shareholders' equity.

(e) **Pension costs**

Under UK GAAP the expected cost of pensions is charged to the profit and loss account so as to spread the cost of pensions over the expected service lives of employees. Surpluses arising from actuarial valuations are similarly spread. Under US GAAP costs and surpluses are similarly spread but based on prescribed actuarial assumptions, which differ in certain respects from those used for UK GAAP.

(f) **Restructuring costs**

Under UK GAAP restructuring costs charged to the profit and loss account in full irrespective of whether they have been agreed or incurred. Under US GAAP certain of these costs are only charged to the profit and loss account when certain specific criteria have been met.

39 Summary of differences between United Kingdom and United States generally accepted accounting principles continued

(b) *Consolidative exchange loss on sale of foreign associated undertakings*

Under UK GAAP the gain or loss arising on the sale or liquidation of a foreign subsidiary or associated company does not include the related consolidative exchange gain or loss, previously recorded as a separate component of shareholders' equity for that investment. Under US GAAP, the gain or loss on sale or liquidation includes the related consolidated exchange gain or loss.

(b) *Ordinary dividends*

Under UK GAAP dividends proposed after the end of an accounting period in respect of that accounting period are deducted in arriving at retained earnings for that period. Under US GAAP such dividends are not deducted until formally approved.

(c)

Cash flows

The Cash Flow Statement is prepared in accordance with the UK Financial Reporting Standard No 1 Revised, Cash Flow Statement (FRS 1 Revised) for UK GAAP reporting. Its objective and principles are similar to those set out in Statement of Financial Accounting Standard (SFAS) 95, "Statement of Cash Flows". The principal difference between the standards is in respect of classification. Under FRS 1 Revised, the Group presents its cash flows for operating activities, returns on investments and servicing of finance; taxation; capital expenditure and financial investment; acquisitions and disposals; equity dividends paid; management of liquid resources; and financing. SFAS 95 requires only three categories of cash flow activity: operating; investing; and financing.

Cash flows arising from taxation and returns on investments and servicing of finance under FRS 1 Revised would, with the exception of dividends paid, be included as operating activities under SFAS 95; dividend payments would be included as a financing activity under SFAS 95. Under FRS 1 Revised, cash is defined as cash in hand and deposits repayable on demand, short term deposits which are readily convertible into known amounts of cash at or close to their carrying value are classified as liquid resources. SFAS 95 defines cash and cash equivalents as cash in hand and short term highly liquid investments with original maturities of three months or less. Cash flows in respect of short term deposits with original maturities exceeding three months are included in investing activities under SFAS 95 and are included in Capital expenditure and financial investment under FRS 1 Revised.

Impact of new accounting standards:

SPAS 121 - Accounting for the Impairment of Long-Term Assets and for Long-Term Assets to Be Disposed Of
 SPAS 121 was issued in March 1995. It establishes accounting standards for the impairment of long-lived assets, certain identifiable intangibles and goodwill related to those assets to be held and used, and for long-lived assets and certain intangibles to be disposed of. Effective from April 1, 1996 the Company adopted SPAS 121, for the purpose of presenting the Group's results for the period and shareholders' interest as adjusted to accord with US GAAP. The adoption of SPAS 121 had no material impact on the Group's results of operations or financial position as adjusted to accord with US GAAP.

SFAS 121 - Accounting for Stock-Based Compensation

SFAS 123 'Accounting for stock-based compensation' which establishes financial accounting and reporting standards for stock-based employee compensation plans, was effective for accounting periods beginning after December 15, 1995. The statements provide the option to continue under the accounting provisions of Accounting Principles Board Opinion 25 'Accounting for stock issued to employees' (APB 25), providing that proforma footnote disclosures of the effects on net income and earnings per share, calculated as if the new method had been implemented, are included. The Company has elected to continue under APB 25, and the proforma and other disclosures required by SFAS 123 are disclosed above and in Note 24.

Other US Accounting Standards issued but not adopted:

Derivative Financial Instruments

In January 1997, the Securities and Exchange Commission issued rules which, inter alia, expand the disclosure requirements regarding accounting policies for derivatives. The new accounting policy disclosures are effective for accounting periods ending after June 15, 1997, including interim periods.

SFAS 125 - Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities

SFAS 125 was issued in June 1996 and establishes, among other things, new criteria for determining whether a transfer of financial assets in exchange for cash or other consideration should be accounted for as a sale or as a pledge of collateral. As issued Statement 125 is effective for all transfers and servicing of financial assets and extinguishment of liabilities occurring after December 31, 1996. In December 1996, SFAS 127, 'Deferral of the effective date of certain provisions of SFAS 125', was issued. Statement 127 defers for one year the effective date of certain requirements of Statement 125. The Company has not yet assessed the impact of Statement 125 on its consolidated financial statements.

SFAS 128 - Earnings Per Share

SFAS 128 was issued in February 1997 and is effective for financial periods ending after December 15, 1997. This statement simplifies the standards for computing earnings per share previously found in APB Opinion 15, 'Earnings per share', and makes them more comparable to international EPS standards. Statement 128 replaces the presentation of primary EPS with a presentation of basic EPS. In addition, the statement requires dual presentation of basic and diluted EPS on the face of the income statement for all entities with complex capital structures and requires a reconciliation of the numerator and denominator of the basic EPS computation to the numerator and denominator of the diluted EPS computation. The Group has not yet assessed the impact of Statement 128 on its financial statements.

SFAS 131 - Disclosure about Segments of an Enterprise and Related Information

SFAS 131 was issued in June 1997 and is effective for fiscal years beginning after December 15, 1997. In the initial year of application, comparative information for earlier years is to be restated. It requires that companies disclose segment data based on how management makes decisions about allocating resources to segments and measuring their performance. It also requires entity-wide disclosures about the products and services an entity provides, the material countries in which it holds assets and reports revenues and its major customers. The Company has not yet evaluated the likely impact on the level of disclosure provided.

Statement of Position (SOP) 96-1 - Environmental Remediation Liabilities

SOP 96-1 was issued in October 1996. This statement provides authoritative guidance on specific accounting issues that are present in the recognition, measurement, display and disclosure of environmental remediation liabilities. The provisions of this Statement are effective for fiscal years beginning after December 15, 1996. SOP 96-1 is not expected to have a material impact on the financial position or results of operations of the Group.

Trade debtors	Accounts receivable
Turnover	Operating revenue

40 *Concentrations of turnover*

In the year ended March 31, 1997 approximately 23 per cent of the Group's turnover was derived from the provision of international telephone services under an exclusive licence which expires in 2006, granted to a subsidiary of Hongkong Telecom by the Hong Kong Government.

The Hong Kong Government has stated that until September 30, 2006 any further liberalisation in international services will be constrained by the terms of the HKTII Licence. However, the Hong Kong Government has also stated that it intends to pursue opportunities for further liberalisation without infringing the exclusive rights granted under the HKTII Licence.

Hongkong Telecom has regular discussions with the Hong Kong Government on various aspects of Hongkong Telecom's operations and the telecommunications regulatory environment in Hong Kong, including the possibility of early surrender of the HKTII Licence in exchange for fair compensation.

It is currently not possible to say whether any agreement will be reached with the Hong Kong Government in relation to the HKTII Licence and, if so, the nature and amount of any compensation that would be received by HKTII.

In the year ended March 31, 1997 approximately 10 per cent of the Group's revenue was earned from international telecommunications traffic carried to or from the United Kingdom. Until December 1996 the Group was part of a duopoly for the provision of international facilities. Since December 1996 a further 43 IFLs have been issued. These new licences are expected to result in further price reductions for international wholesale traffic carriage both to and from the United Kingdom and result in the replacement of existing product revenue with revenue from new products offered to the IFL holders.

**GLOBAL CARD SERVICES
MANAGEMENT TEAM - BIOGRAPHIES**

Sharon Premoli

Position: Managing Director

Sharon Premoli joined Cable & Wireless as Managing Director, Global Card Services. Sharon's background in the financial services and payment systems industries covers marketing and implementation, product development and positioning. Since arriving in the UK in 1992, she has worked for MBNA International Bank and prior to Cable & Wireless, for Experian (formerly the CCN Group), a subsidiary of Great Universal Stores.

At Experian she identified the key opportunities in the banking, telecommunications, healthcare and T&E industries in Europe and the US for card-based applications. She produced the feasibility study and business plan for the first on-line, real-time, adjudication and payment system in Europe using a multi-function card (credit, loyalty and ID)

Previously, she recommended the UK as a strategic market, and developed the marketing and entry strategies for MBNA International Bank. From start-up in 1993 they have built a card portfolio of 1.3 million, and continue to grow.

Prior to that, as Director of Visa's Business Card and Gold Card globally she was responsible for world-wide co-ordination and monitoring of the strategic position of both products including value-added features and services to support activation and retention.

She was previously Executive Vice President of the AI Group, an international affinity card marketing company specialised in developing and implementing lifestyle programmes. Its focus was on new card product development for banks, card companies, insurance companies, the healthcare and T&E industries.

Peter Bury

Position: Director of Products

Peter Bury has been working in the field of value-added telecommunications services since 1979, when he led the Business Development team at Prestel, the first mass interactive service in the UK. He subsequently became Managing Director of Telecom Gold Ltd, the pioneering electronic mail service of BT. He joined Lotus Development Corporation as International General Manager for Communications Products (including Lotus Notes). In 1988 he joined Mercury Communications Ltd as Director of Mercury Data services, running messaging, data network and fax services, and then as Marketing Director for Mercury's Corporate sector. In 1994 he set up Cable & Wireless Innovations Inc. in Menlo Park, California, as the technology watch and strategic development arm of Cable & Wireless.

Peter Bury holds MA and PhD degrees from Cambridge University and an MBA from the University of Warwick.

Morley Holliday**Position: Director of IT**

Morley Holliday joined Cable & Wireless in July 1997 as Director of IT, Global Card Services. Morley has been working in the banking, card and payment fields for the last seventeen years. In 1980 he was involved in the launch of the House of Fraser "Frasercard". He subsequently joined KPMG and in 1985 was responsible for the setting up of St. Michael's Financial Services and the launch of the Marks & Spencer Chargecard. In 1988 he joined Midland Bank and set up, from a zero base, a new card issuing and acquiring operations centre for Midland Bank in Leicester. This centre handled the new SWITCH card initially and then took over the running of the VISA and MasterCard portfolios for the whole of Midland Bank. In 1992 he joined CAP Gemini to take responsibility for their card business world wide and worked extensively in the US, South Africa and Europe. More recently, before joining Cable & Wireless in July, he was with the Experian Group based in Nottingham and responsible for IT for international card systems.

Alan Stiffler**Position: Vice President, North America**

Alan Stiffler is currently Director, Local Calling Services for Cable & Wireless, Inc.(CWI). In this position, Mr. Stiffler is leading CWI's strategic move into the local calling market. He is responsible for the national development and management of CWI's local calling product enhancing CWI's one-stop shopping strategy for the telecommunications needs of business customers. Mr. Stiffler works closely with regulatory affairs to ensure competitive local service strategies in a rapidly changing telecommunications environment.

Previously, Mr. Stiffler was Director of Carrier Programs at CWI. His responsibilities included customer support and growth and developing new products and systems to better serve carriers. Mr. Stiffler began his career at CWI as Senior Manager of Carrier Programs.

Prior to CWI, Mr. Stiffler managed carrier programs at National Telephone Services (NTS)/Telesphere; was an Economist with the Department of Commerce's International Trade Administration and an Executive Manager with DSL, an economic consulting firm.

Mr. Stiffler began his career as a Securities Analyst with the U.S. Treasury Department.

Mr. Stiffler received a Bachelor of Arts degree in Economics from the University of Maryland.

TARIFF FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper-right corner of the sheet. Sheets are numbered sequentially, however, new sheets are occasionally added to the Tariff. When a new sheet is added between sheets already in effect, a decimal point is added. For example, a new sheet is added between pages 14 and 15 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper-right corner of the sheet. These numbers are used to determine the most current sheet number on file with the Commission. For example, the fourth revised Sheet 14 cancels the third revised Sheet 14.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level of coding.
- 2.
 - 2.1
 - 2.1.1
 - 2.1.1.A.
 - 2.1.1.A.(1)
 - 2.1.1.A.(1)(a)
 - 2.1.1.A.(1)(a)I
 - 2.1.1.A.(1)(a)I(i)
 - 2.1.1.A.(1)(a)I(i)(1)
- D. Check Sheets - When a Tariff filing is made with the Commission, an updated Check Sheet accompanies the Tariff filing. The Check Sheet lists the sheets contained in the Tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet. The Tariff reader should refer to the latest check sheet to find out if a particular sheet is the most current sheet on file with the Commission.
- E. Section Headings - The section headings set forth in this Tariff are inserted for convenience of reference only and are not intended to be part of or to affect the meaning or interpretation of this Tariff.

2. RULES AND REGULATIONS (Cont.)**2.2 Undertaking of CWGCS**

CWGCS undertakes to install, operate and maintain the Service in accordance with the terms and conditions set forth in this Tariff.

2.3 Limitations Of Service

2.3.1 Service is available for resale by Customers who assume sole responsibility to provide all functions of providing such service to their customers.

2.3.2 Service is offered subject to the availability of the necessary facilities and/or equipment and subject to the provisions of this Tariff. CWGCS reserves the right not to provide Service to or from a location where the necessary facilities or equipment are not available.

2.3.3 CWGCS reserves the right to discontinue furnishing Service, in accordance with the terms of this Tariff.

2.3.4 Service and facilities furnished by CWGCS under this Tariff shall be used by the Customer only for lawful purposes, and in accordance with all applicable laws, rules and regulations and of CWGCS's rules of general application.

2.3.5 Service may be used for transmission of communications by the Customer and by the Authorized User.

2.3.6 Customer may not assign or transfer, at any time prior to or after the commencement of the Service, the Customer's Service or any rights or obligations thereunder without the prior written consent of CWGCS which consent shall not be unreasonably withheld. An assignment shall be deemed to include any change of voting or management control of Customer. All regulations and conditions contained in this Tariff shall apply to all such assignees or transferees, as well as all conditions for Service. Any unauthorized assignment shall be null and void except as ratified by CWGCS.

2.3.7 This Tariff shall not be construed such that CWGCS and the Customer could be considered as principal and agent, partners, or employer and employee.

2.3.8 CWGCS's failure to insist upon strict performance of the terms of this Tariff or to exercise any rights or remedies set forth in this Tariff shall not waive any of CWGCS's rights to require strict performance of such terms, to assert any of the same rights, or to rely on any such terms any time thereafter.

2. RULES AND REGULATIONS (Cont.)**2.4 Liability**

- 2.4.1 Customer shall defend, indemnify and hold CWGCS harmless from and against all third party claims, demands, actions, causes of action, judgments, costs and reasonable attorneys' fees and expenses of any kind or nature, for any and all damages of any kind arising from or related to any use of the Service or in connection with any Customer text which CWGCS, at Customer's request, prints onto Prepaid Calling Cards, or otherwise arising from the relationship with CWGCS.
- 2.4.2 CWGCS shall not be liable for, and is excused from, any failure or delay in performance that is due to acts of God, acts of civil or military authority, acts of the public enemy, war or threats of war, accidents, fires, explosions, earthquakes, floods, unusually severe weather, epidemics, or due to any other cause beyond CWGCS's reasonable control.
- 2.4.3 If a third party solicits a Customer's order on behalf of CWGCS or promotes or endorses to the Customer the use of Service, or provides all or a portion of such Service with, for, or on behalf of CWGCS, or if a third party is involved in any other way, CWGCS and such third party shall have no greater obligation or liabilities to such Customer, and such Customer shall have no greater rights or remedies against either CWGCS or such third party, whether under contract, warranty, tort or any other grounds, than if such a third party had not been so involved.
- 2.4.4 In the event that the Service or any portion thereof is unavailable to Customer due to a total or partial interruption of the Service, CWGCS's sole obligation, and Customer's sole and exclusive remedy, with respect to such interruption of Service shall be for CWGCS, if requested by Customer, to provide and for the Customer to receive a pro rata credit for the period and for the portion of the Service affected during which the Service or any part thereof was unavailable to Customer.
- 2.4.5 In no event shall CWGCS be liable for any loss of profits or for any indirect, incidental, special, exemplary, or consequential damages. CWGCS's maximum liability for any damages arising out of or related to the Service or the applicable Auth Form(s) and/or Service agreement(s) between Customer and CWGCS shall not exceed the estimated monthly charges as calculated by CWGCS for the month during which such liability arises.
- 2.4.6 CWGCS warrants that it shall provide its Service in accordance with the description of Service set forth in the applicable Auth Form and in accordance with this Tariff. CWGCS DISCLAIMS ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY WARRANTIES WITH RESPECT TO ANY CUSTOMER TEXT PRINTED ON A PREPAID CALLING CARD.
- 2.4.7 No agents or employees of other carriers shall be deemed to be agents or employees of CWGCS.

2. RULES AND REGULATIONS (Cont.)**2.5 Payment and Billing**

2.5.1 Service is billed on a monthly basis. Bills are due and payable upon receipt. In addition to any other remedies CWGCS may have, a late payment fee shall be applied on balances that remain unpaid for one calendar month following the invoice date in the amount of the lesser of (a) one and one-half percent (1-1/2%) per month of the amount of the late payment starting from the invoice date; or (b) the maximum amount allowed under applicable law.

2.5.2 Except where indicated, charges for Service shall accrue from the earlier of the Customer-requested service start date, Service Start Date, or the date set forth in Section 2.5.3, below. Partial month billings shall be prorated based on 30 days. Unless otherwise referenced in this Tariff, any fraction of a cent for CWGCS service will be rounded up to the next whole cent.

2.5.3 Acceptance of Service

Unless the Customer notifies CWGCS's network management center to the contrary within five (5) business days after Service Start Date, Service shall be deemed accepted by the Customer as of that day, and charges shall accrue for the Service as of the Service Start Date.

2.5.4 The Customer is responsible for payment of all charges for Service furnished to the Customer whether or not such use is authorized or consented to by the Customer, including but not limited to, all calls originated at the Customer's number(s); accepted at the Customer's number(s) via third party billing or collect billing; incurred at the specific request of the Customer; or placed using a calling card issued to the Customer. The security of the Customer's Authorization codes is the responsibility of the Customer. CWGCS reserves the right to bill all calls placed using Customer's Authorization Code.

2.5.5 Taxes

Customer will be billed for and will be responsible for any applicable Federal, state, or local taxes, tax surcharges and similar fees related to the provision and use of Service unless Customer provides CWGCS with a valid exemption certificate. CWGCS reserves the right to adjust its rates and charges, or impose additional rates and charges on its Customers pursuant to charges imposed on CWGCS by an order, rule, or regulation of the Federal Communications Commission (FCC) or other governmental authority in support of statutory or regulatory programs, such as Universal Service Fund, Presubscribed Interexchange Carrier Charge, and payphone service provider compensation.

2.5.6 Deposits:

A. CWGCS reserves the right to examine the credit record of all applicants and Customers and require a security deposit when determined to be necessary to assure future payment.

B. Customer whose Service has been discontinued for non-payment and desires to have CWGCS reestablish Service may be required to pay a security deposit. In addition, such Customer may be required to pay any unpaid balance due to CWGCS before Service is restored.

Issued: March 31, 1998

2. **RULES AND REGULATIONS (Cont.)**

2.5 **Payment and Billing (Cont.)**

- C. If Customer's Service requirements have increased since the Customer's account was canceled, CWGCS may require a security deposit based on such increased requirements. If the Customer fails to submit the required deposit within five (5) business days, CWGCS may, at its discretion, discontinue Service, pursuant to Section 2.8 of this Tariff, Discontinuance of Service by CWGCS and in accordance with applicable Florida Rules.
- D. The Deposit shall not exceed an estimated two months' gross bill or existing two months' bill where applicable, and will be administered in accordance with Florida rules and regulations governing telephone utilities in the State of Florida.

2.5.7 **Disputed Bills**

Customer must bring billing inquiries and disputes to CWGCS's attention within forty (45) days of the invoice date. Failure to do so within this period shall be deemed an admission of the accuracy of the entire contents of the bill, and shall foreclose any opportunity to challenge the accuracy of any portion of that bill at a later date.

2.5.8 **Cost of Collection**

Customers will be liable to CWGCS for any and all costs and/or expenses including reasonable attorney's fees and expenses of any kind or nature, incurred by CWGCS directly or indirectly in the collection of any amounts due or while otherwise enforcing the terms of this Tariff with respect to the Customer.

2. RULES AND REGULATIONS (Cont.)**2.5 Payment and Billing (Cont.)****2.5.9 Bad Check Charge**

If payment for Service is made by a check, draft, or similar instrument (collectively "Check") that is returned unpaid by a bank or another financial institution to CWGCS for any reason, CWGCS, in addition to any other remedies available, will bill the Customer a twenty-five dollar (\$25.00) charge and will re-deposit the Check. If, after the Check is re-deposited, it is returned by the bank or the financial institution for the second time, another twenty-five dollar (\$25.00) charge will be billed to the Customer. In addition, the Customer will be required to replace the returned Check with a payment in cash or equivalent to cash, such as cashier's check, certified check or money order. Notwithstanding the bad check charge provision as set forth in this Section, CWGCS may disconnect the Service in the event of returned payment, as set forth in Section 2.8.5 of this Tariff.

2.5.10 Billing To Term

If the total charges incurred by the Customer for all usage identified in the term plan as being contributory toward meeting the Customer's minimum spend commitment (net of any applicable term plan or other discounts) for any monthly billing period are not at least equal to their timer plan minimum, then for that month the Customer shall pay an additional charge (as a service underutilization charge and not as penalty) equal to the difference between the Customer's term plan minimum and the total amount of net usage charges for contributory usage incurred that month.

2.6 Notices to CWGCS by Customer

A notice shall be considered given when delivered in the manner prescribed below.

2.6.1 This Section applies to:

- A. Notices of Termination of Service by Customer when such termination is prior to the end of the term commitment for such Service, or when such termination does not otherwise conform with the terms and conditions of this Tariff or Customer's Auth Form;
- B. All other notices such as ordering of Service, changes of Service, billing inquiries and other notices regarding Service.

2.6.2 Notices pertaining to 2.6.1.A, above, shall be sent to CWGCS's principle place of business, Attention: Contract Management. Such notices shall be in writing, and shall be either delivered in person; or sent by certified mail with return receipt requested; or by facsimile, electronically confirmed and followed up immediately by regular mail.

Issued: March 31, 1998

Effective:

Alan Stiffler

Vienna, VA 22182

2. RULES AND REGULATIONS (Cont.)

- 2.6.3 Notices pertaining to 2.6.1.B in the first paragraph shall be sent to a CWGCS-designated representative assigned to Customer's account, and such notices shall be either delivered in person; or sent by facsimile, electronically confirmed; or sent by regular mail.

2.7 Cancellation or Termination of Service by Customer**2.7.1 Cancellation of Service Prior to Service Start Date**

If Customer cancels an application for Service prior to the Service Start Date, Customer shall be liable for any costs incurred by CWGCS in provisioning the Service as well as CWGCS's applicable administrative fees, if any.

2.7.2 Termination of Service without Term Commitment

Unless stated otherwise, for a Service not subject to term commitment, the Customer may, by providing thirty (30) days advance written notice to CWGCS, terminate such Service without incurring liability. Upon such a termination, Customer shall immediately cease using the Service and pay CWGCS for all charges incurred by Customer through the date such Service is discontinued.

2.7.3 Termination of Service with Term Commitment

For a Service, subject to term commitment, Customer may, by providing thirty (30) days' advance written notice to CWGCS, terminate such Service prior to the expiration of its specified term. Upon such termination, the following shall apply:

- A. Customer shall immediately cease using that Service; and
- B. Customer shall pay CWGCS for all charges incurred for that Service through the date that Service is discontinued; and
- C. Customer shall pay CWGCS any promotion credits provided to Customer by CWGCS for the terminated Service; and
- D. Customer shall pay CWGCS the minimum commitment amounts remaining in the term. For example, if the Customer committed to \$400 per month in charges, and the Service is discontinued three (3) months prior to the expiration of the specified term, the amount due to CWGCS is equal to 3 [three months] x \$400 [minimum monthly commitment] or \$1,200.

2.7.4 Renewal Period

Upon expiration of the initial term for Service, unless CWGCS and the Customer have agreed to renew such Service for a specified period of time, CWGCS shall continue to provide such Service until either CWGCS or the Customer, upon thirty (30) days prior written notice, terminates the Service. During such continuation, CWGCS may adjust the charges to the applicable month-to-month rate.

2. RULES AND REGULATIONS (Cont.)**2.8 Discontinuance of Service by CWGCS**

In addition to any other remedies available to CWGCS, CWGCS may, upon notice unless stated otherwise, discontinue Service or cancel an application for Service for any of the following reasons:

- 2.8.1 For nonpayment of any sum due to CWGCS; or
- 2.8.2 In the event of a violation of any of the provisions governing the furnishing of the Service under this Tariff, or of any CWGCS rule of general application with respect to the use of Service; or
- 2.8.3 Without notice, in the event of a violation of any law, rule, regulation or policy of any government authority having jurisdiction over the Service; or
- 2.8.4 Without notice, by reason of any order or decision of a court or other government authority having jurisdiction which prohibits CWGCS from furnishing such
- 2.8.5 In the event when payment for Service is made by a check, draft, or similar instrument that is returned unpaid by a bank or another financial institution to CWGCS for any reason; or
- 2.8.6 In case of any intentional or de facto transfer or assignment of Service without the expressed written authorization of CWGCS; or
- 2.8.7 In the event of Customer's insolvency; or
- 2.8.8 Failure to pay deposit requested by CWGCS in accordance with Section 2.5.7 of this Tariff; or
- 2.8.9 Initiation of proceedings by Customer in voluntary bankruptcy; or
- 2.8.10 Initiation of proceedings against Customer for involuntary bankruptcy which are ninety (90) days of initiation; or
- 2.8.11 The appointment of a receiver or trustee for Customer; or
- 2.8.12 A general assignment by the Customer for the benefit of its creditors; or
- 2.8.13 Without notice, if CWGCS deems such action necessary to protect against fraud or to otherwise protect CWGCS's personnel, agents, facilities or Service.
- 2.8.14 If Customer's account is not used for three (3) consecutive CWGCS billing cycles, CWGCS may deem such account inactive and cancel such account without further notice to the Customer.

2. **RULES AND REGULATIONS (Cont.)**

2.8 **Discontinuance of Service by CWGCS (Cont.)**

2.8.15 In the event of the Customer maintaining and/or operating its own equipment in a manner that may cause imminent harm to CWGCS' equipment.

If CWGCS terminates Service as set forth above, in addition to any other remedies available to CWGCS, the Customer shall pay to CWGCS any amounts due as a result of such termination of Service, including, without limitation, any specified discontinuance charges (as an early discontinuance fee and not as a penalty) the same as if the Customer had terminated Service as set forth in Section 2.7 above. The Customer must pay all specified amounts within thirty (30) days of termination of Service.

2.9 **Inspection, Testing and Adjustment**

2.9.1 CWGCS may, upon reasonable notice, make such tests and inspections as may be necessary to determine whether the requirements of this Tariff are being complied with in the installation, operation or maintenance of the Customer's or CWGCS's equipment. CWGCS may interrupt the Service at any time, without penalty to itself, because of the Customer's departure from any of these requirements.

2.9.2 Upon reasonable notice, the facilities provided by CWGCS shall be made available to CWGCS for such tests and adjustments as may be necessary for their maintenance in a condition satisfactory to CWGCS.

2.9.3 In the event of Service interruption, the Customer shall cooperate in good faith to the extent necessary to reinstate the Service, including the provision of immediate access to the Customer's Premises.

2.9.4 No interruption of Service allowance will be granted for the time during which such tests and adjustments are made.

2. **RULES AND REGULATIONS (Cont.)**

2.10 Interconnection

- 2.10.1 Service furnished by CWGCS may be interconnected with services or facilities of an Access Carrier, other authorized communications common carriers or with private systems, subject to the technical limitations established by CWGCS. Service furnished by CWGCS is not part of a joint undertaking with such other carriers. Any special interface equipment or facilities necessary to achieve compatibility between the facilities of CWGCS and of others shall be provided at the Customer's expense.
- 2.10.2 Interconnection with the facilities or service of other carriers shall be under the Applicable terms and conditions of the other carriers' tariffs, if any. The Customer is responsible for taking all necessary legal steps for interconnecting its Customer-provided Terminal Equipment or communications systems with such other carriers' facilities. The Customer shall secure all licenses, permits, rights-of-ways, and other arrangements necessary for such interconnection.
- 2.10.3 The Customer shall ensure that its equipment is properly interfaced with CWGCS facilities that the signals emitted into the Carrier's network are of the following: proper mode, bandwidth, power, data speed, and signal level for the intended use by the Customer. If the Customer maintains and operates its equipment in a manner that may cause an imminent harm to CWGCS' equipment, personnel or the quality of Service to other customers, CWGCS may require the use of protective equipment at the Customer's expense. If this fails to produce quality and safety satisfactory to CWGCS, CWGCS may, upon written notice, terminate the Customer's Service pursuant to Section 2.8.15 of this Tariff.

Issued: March 31, 1998

Effective:

Alan Stiffler

2. RULES AND REGULATIONS (Cont.)**2.10 Interconnection (Cont'd)**

- 2.10.4 The Customer agrees to use and maintain CWGCS-provided equipment in accordance with instructions of CWGCS. Failure to do so will void liability for interruption of Service and may make the Customer responsible for damage to CWGCS's equipment pursuant to this Section. Risk of loss for any CWGCS-furnished equipment shall pass to Customer upon delivery of such equipment to Customer's Premises.
- 2.10.5 Title to any CWGCS-furnished equipment shall at all times remain with CWGCS or its designee(s). Customer shall not permit any liens or encumbrances to be placed upon such equipment, and CWGCS shall have the right to take all actions necessary (including taking possession from Customer) to protect its ownership interest in CWGCS-furnished equipment.
- 2.10.6 Customer agrees to return to CWGCS all CWGCS-provided equipment delivered to Customer within five (5) days of termination of the Service in connection with which the equipment was used. Said equipment shall be in the same condition as when delivered to the Customer, normal wear and tear only excepted. Customer shall reimburse CWGCS upon demand, for any costs incurred by CWGCS due to the Customer's failure to comply with this provision.
- 2.10.7 If CWGCS provides any software (whether embedded in hardware as firmware or otherwise) and any related documentation (collectively "Software") to Customer, Customer shall use the Software only with CWGCS-furnished equipment, and Service. Customer shall not (a) reproduce, reverse engineer, disassemble, decompile, modify, adapt, translate, create derivative works from, or transfer or transmit the Software in any form or by any means, or (b) use the Software for any purpose other than as set forth in this Section. Customer shall not have any ownership rights in, or obtain rights to, the Software. If a license agreement accompanies the Software, Customer agrees to abide by the terms of such agreement.
- 2.10.8 Customer shall sign a CWGCS-provided letter of agency to enable and authorize CWGCS to notify the local service provider of Customer's selection of CWGCS as its long distance carrier for the Customer-designated telephone numbers and to contact the local service provider on its behalf.

2.11 Allowance for Interruptions

- 2.11.1 For all Services for which charges are specified on time-sensitive basis, and which there may be interruption of an individual call, due to a condition in CWGCS' facilities or in access or termination facilities provided by other carriers, which may be remedied by re-dialing the call, the Customer will receive a credit allowance as follows:

Issued: March 31, 1998

Effective:

Alan Stiffler
Cable & Wireless Global Card Services, Inc.
1919 Gallows Road
Vienna, VA 22182

2. RULES AND REGULATIONS (Cont.)**2.11 Allowance for Interruptions (Cont.)**

- A. A credit allowance will be made for that portion of a call which is interrupted due to poor transmission (e.g. noisy circuit), one-way transmission (one party is unable to hear the other), or involuntary disconnection caused by deficiencies in Service. Customer may also be granted credit for reaching a wrong number. To receive a credit, Customer must notify a CWGCS customer service representative and furnish information, including the called number, the Service subscribed to, the difficulty experienced, and the approximate time the call was placed.
- B. Credit allowance will not be made for (1) interruptions not reported to CWGCS, or (2) interruptions that are due to the failure of power, equipment, systems or services not provided by CWGCS. If Customer elects to use another means of communications after one of the above interruptions, or during a period when Customer is unable to place a call over CWGCS facilities, the Customer must pay the charges for the alternative Service used.
- 2.11.2 When a call has been disconnected, the Customer will be given a credit allowance equivalent to the charge for the initial minute of the call made to reestablish communications with the other party. Where a call has been interrupted due to poor transmission or one-way transmission, the Customer will be given a credit allowance up to an amount equivalent to the charge for the last three minutes of the interrupted call, or for an entire call if it lasted less than three minutes. Customer who has reached a wrong number will be given a credit allowance up to an amount equivalent to the charge for the initial minute of the call to the wrong number if the Customer reports the situation promptly to a CWGCS customer service representative.
- 2.11.3 For all services which involve dedicated access, dedicated interexchange transmission, and/or dedicated termination, for which monthly recurring charges are applied and which may be interrupted for as long as several days, the Customer will be given a credit allowance for an interruption of two consecutive hours or more, as follows:
- A. When Service is interrupted for a period of less than two hours, no credit allowance will be given; or
- B. When the Service's dedicated access or termination line(s) associated with the Service are interrupted for a period of more than two hours, a credit allowance in an amount equal to one thirtieth of the monthly recurring charge(s) will be given; or
- C. When the Service's access or termination line(s) associated with the Service are interrupted for a period of more than twenty-four hours, a credit allowance in an amount equal to one thirtieth of the monthly recurring charge(s) will be given for each twenty-four hour period or fraction thereof.

2. RULES AND REGULATIONS (Cont.)

2.11 Allowance for Interruptions (Cont.)

2.11.4 No credit allowances will be made for:

- A. Interruptions caused by the negligence of the Customer, Customer's Authorized User or agent and/or designees; or
- B. Interruptions due to the failure of power, equipment, systems, or services not provided by CWGCS; or
- C. Interruptions during any period during which CWGCS or its agents are not afforded access to CWGCS-provided equipment or the Premises where Access Facilities associated with Service are terminated; or
- D. Interruptions during any period when the Customer or user has released the Service to CWGCS for maintenance, rearrangement purposes, for the implementation of a Customer order, or for routine maintenance, testing and adjustment; or
- E. Interruptions during periods when the Customer elects not to release the Service for testing or repair and continues to use it on an impaired basis; or
- F. Interruptions not reported to CWGCS; or
- G. Interruptions that are due to a cause beyond CWGCS's reasonable control, including, without limitation, problems with the Customer's Terminal Equipment, or failure of Customer to meet its responsibilities set forth in this Tariff.

2.11.5 An interruption period begins when the Customer reports to CWGCS that the Service has been interrupted and releases it for testing and repair. An interruption period ends when the Service is operative again. If the Customer reports the Service to be inoperative but declines to release it for testing and repair, the Service is deemed to be impaired, but not interrupted, therefore, no credit for the interruption will be allowed.

2.11.6 If the Customer elects to use another means of communication during the period of interruption, the Customer must pay the charges for the alternative service used.

2.12 Mileage Measurement

Usage charges for all distance sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call. Originating points for all services is the Customer's central office and the point of termination is the central office where the call terminates.

2. RULES AND REGULATIONS (Cont.)**2.12 Mileage Measurement (Cont.)**

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. CWGCS uses the rate centers and associated vertical and horizontal coordinates that are produced by Bell Communications Research in their NPA-NXX V and H Coordinates Tape and Bell's NECA Tariff No. 4.

FORMULA: Mileage =

$$\sqrt{\frac{(V1 - V2)^2 + (H1 - H2)^2}{10}}$$

Where V1 and H1 are the V and H coordinates of point 1 and V2 and H2 are the coordinates of point 2.

The mileage is rounded up to an integer value to determine the airline mileage.

SECTION 3 – DESCRIPTION OF SERVICE3.1 Intrastate Service Offered3.1.1 Prepaid Calling Card Service

Prepaid Calling Card Service enables the Card Holder to complete an outbound direct dial call from any touch-tone or rotary telephone in Florida. Service is accessed by dialing a designated 800 number and a card identification number.

The Customer has an option to "Recharge" available balance on the Prepaid Calling Card. If a Card is Recharged, after the earlier of when the Card's value balance first becomes zero or the expiration of the Card's validity period, for each call placed through the Card, the Card's then-remaining recharge amount balance shall be decremented at the rate applicable to the Plan specified by the Customer. The Recharge rates assumes that CWGCS shall pay to the applicable taxing entity any applicable Federal excise and state and local telecommunications taxes and surcharges computed based on the Recharge rates. In addition, the Card's then-remaining Recharge Amount balance shall be decremented for any applicable local, state or international taxes and surcharges. When a Card's then-remaining Recharge amount balance, based on the call then in progress, is thirty (30) seconds an announcement shall be made indicating that the call shall be automatically terminated when the Card's Recharge Amount balance becomes zero.

The maximum dollar value of each Recharge Amount shall be \$50.00. To Recharge a Card, the Cardholder shall call a designated toll-free number and, in response to the automated voice prompts, provide (i) its account number for a major credit card accepted by CWGCS, (ii) PIN, and (iii) other pertinent information. A Recharge amount may be used by the Cardholder only within one (1) year from the date the Cardholder Recharges its Card.

Each Recharge amount shall be non-refundable and shall be billed by CWGCS to the Cardholder via the Cardholder's designated credit card account. For any Recharge amount that a Cardholder fails to pay to CWGCS via the Cardholder's credit card account, the Customer shall pay such amount to CWGCS within fifteen (15) days of the Customer's receipt of written notice thereof from CWGCS.

If CWGCS notifies the Customer that a credit card company has notified CWGCS that a Recharge amount is non-collectable and if CWGCS provides to the Customer the supporting documentation that CWGCS has received from the credit card company with regard to such Recharge amount, the Customer shall pay such amount to CWGCS within fifteen (15) days after the Customer's receipt of CWGCS' notice.

CWGCS may immediately, and without prior notice to the Customer or the Cardholder, terminate the Recharge option for a particular PIN for any of the reasons for disconnection applicable to other Services and specified in Section 2 of this Tariff. In the event the Recharge option is terminated for a particular PIN, CWGCS shall not be obligated to pay the Customer for any Recharge Payments associated with that PIN.

3. DESCRIPTION OF SERVICE (Cont.)

3.1.2 Travel Card Services

Travel Card Service enables the Card Holder to make calls through the use of a long distance calling card. Access is gained by dialing a Company-designated 800 access number plus the Travel card authorization number and the called telephone number. Charges incurred are billed to the Customer's Account.

3.2 Billing Information

3.2.1 When a call is established in one time-of-day rate period and ends in another, the rate in effect at call origination applies to the entire call duration.

3.2.2 The hours included in a rate period (e.g., 8 am - 5 pm) apply from the first stated hour (e.g., 8 am) and continue to, but do not include, the second stated hour (e.g., 5 pm).

3.2.3 Unless otherwise specified, time-of-day rate periods are as follows:

Day:	Monday - Friday, 8 a.m. - 5 p.m.
Evening*:	Sunday - Friday, 5 p.m. - 11 p.m.
Night/Weekend:	All other times

Peak:	Monday - Friday, 8 a.m. - 5 p.m.
Off-Peak**:	All other times

*Evening rate applies during Holidays, unless a lower rate would normally apply.
**Off-Peak rate applies during Holidays.

3.2.4 **Minimum Call Completion Rate:** The CWGCS network is designed to insure that no more than 5% of all calls are blocked during the busy hour of the average business day. The network circuits are designed and engineered to provide high quality transmission of the human voice with a minimum level of impairment such as noise and echo. However, overall quality may vary somewhat due to the variability in quality of connections provided by the local telephone companies or the transmission facilities of underlying carriers, which are beyond CWGCS's control.

3.2.5 Timing of Calls:

A. On direct dialed outbound and inbound calls provided pursuant to this Tariff, and except as set forth in Section 3.2.5.C below, chargeable call duration accrues from the time the called party answers, as indicated by Carrier's receipt of answer supervision, until one of the parties hangs up, as detected by Carrier's equipment.

B. Carrier may receive answer supervision signaling directly from local exchange carriers, may employ software answer supervision, or may receive answer supervision from other interexchange carriers. These other interexchange carriers may themselves employ either local exchange carrier-provided answer supervision or some other method of determining called party on-hook or off-hook status.
