RE: Docket No. 980307-WS - Application for certificate to provide water and wastewater service in Orange County by Zellwood Station Co-op, Inc.

Dear Mr. Coto:

This letter serves as a follow up to our conversation on April 28, 1998 regarding the territory maps you submitted with the original application in the above-referenced docket.

As required by Rule 25-30.033(1)(n), Florida Administrative Code, the utility must provide one copy of the official county tax map, or other map showing township, range, and section, with a scale such as 1"=200' or 1"=400', with the proposed territory plotted thereon by use of metes and bounds or quarter sections, and with a defined reference point of beginning. Although a map was provided, staff could not correlate the territory description to the map.

If you have any questions, please contact me at (850) 413-6185. Thank you for your attention to this matter.
