Re: Docket No. 980696-TP - In re: Determination of the Cost of Basic Local Telecommunications Service, Pursuant to Section 364.025, Florida Statutes

Dear Ms. Bayo:

On July 1, 1998, the Florida Competitive Carriers Association submitted a list of four additional issues to the list attached to Staff's Preliminary Issues List dated June 29, 1998.

During the issue identification meeting, Staff agreed to add the first of FCCA's four additional issues, which states:

ACK \_\_\_\_\_ Can the total forward-looking cost of providing basic local service be determined  
AFA 1 without considering the cost to provide associated services?  
APP \_\_\_\_\_  
CAF \_\_\_\_\_ This FCCA issue was added to a Staff revised master list that was distributed  
CMU 1 to interested parties on July 2, 1998. FCCA strongly believes this issue is necessary  
CTR \_\_\_\_\_ to the appropriate scope of the task that the Legislature gave the Commission. That  
EAG \_\_\_\_\_ the cost of certain facilities relates both to local service and others is a reality that  
LEG 1 cannot be ignored when developing the "total forward-looking cost of providing basic  
LIN 5 local service." The issue is needed to provide the explicit opportunity to address this  
OPC \_\_\_\_\_ aspect of the docket and to educate the Commissioners adequately as to the nature  
RCH \_\_\_\_\_ of the controversy they will be called on to resolve. In this regard, counsel for the  
SEC 1 Florida Cable Telecommunications Association confirmed to me today that in her letter  
WAS \_\_\_\_\_
