Re: Locket No. 961321-WS - Application for certificates to provide water and wastewater service in Clay County by Point Water and Sewer, Inc.

Dear Mr. Reynolds:

Forwarded with this letter is an application package for the transfer of a regulated water or wastewater utility to a governmental authority.

Please be advised that Section 367.071(4)(a), Florida Statutes, requires that the governmental authority obtain from the utility or the Commission certain financial information about the utility prior to the sale. A copy of this section of Chapter 367, Florida Statutes, and Rule 25-30.037, Florida Administrative Code, is included in the application package. The information to be provided is contained in the annual report the utility files with the Commission. If you have any questions about what is required by this section of the statute, please contact the undersigned.

In addition, while the sale to a government authority is approved as a matter of right, regulatory assessment fees up to the date the governmental entity takes over the utility must be paid by the transferor to the Commission. If the fees are not timely paid, penalty and interest will accrue until they are paid. Attached at the back of the application package are the water and wastewater Regulatory Assessment Fee Return (RAF) forms to calculate the amount due.

The completed RAF form(s) and a check payable to the Florida Public Service Commission in the amount due should be mailed to the address for Records and Reporting given below. Please mark "Final Payment for (year)" on the form and check. If you have any questions concerning the amount owed, you may contact the Division of Water and Wastewater at the telephone number given below.
