I am a "snowbird" and spend the extended winter season in my Florida home. While at my home in Doron, Delaware my Florida phone service is put in "suspense" just to reserve the number & let callers know where to reach me in Delaware.

I find the monthly "suspense" charge of \$7.82 exorbitant and particularly the inclusion of 2⁵⁹ of taxes — most of which is \$1.25 (!!) by the FCC for "Interstate Toll Access" (which of course I do not have). If I made a trip to my Florida home I would NOT have telephone service and certainly "NO TOLL ACCESS"!!!

Please consider action to correct ^{this} abuse of taxing power.

Sincerely,
Joseph E. O'Grady
