Re: Docket No. 981101-EI; Proposed Amendment
of Rule 25-6.093, Information to Customers.

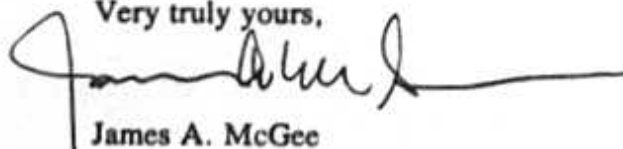

Dear Ms. Bass:

Florida Power and LEAF have had several discussions regarding the subject rule amendment and have agreed to withdraw our respective comments filed in response to the Commission's Notice of Rulemaking issued November 5, 1998, with one exception. That exception concerns the portion of Florida Power's comments under the heading "Other comments and suggested revisions."

Florida Power continues to believe that giving utilities the option of complying with the rule by either a bill insert or a message on the customer bill would be beneficial. Likewise, Florida Power believes the housekeeping revision suggested in the last paragraph of our comments should be incorporated in the rule amendment. I have been authorized by Ms. Gail Kamaras to represent that LEAF also supports these two suggested revisions.

Thank you for your attention to this matter. If you have any questions, please feel free to contact me or Ms. Kamaras.

Very truly yours,

James A. McGee
