TESTIMONY AND EXHIBITS OF  
G. D. FONTAINE**

**GENERATING PERFORMANCE INCENTIVE FACTOR**

**RESULTS FOR**

**APRIL 1998 - SEPTEMBER 1998  
and  
OCTOBER 1998 - DECEMBER 1998**

**Before**

**THE FLORIDA PUBLIC SERVICE COMMISSION**

**DOCKET NO. 990001-EI**

DOCUMENT NUMBER-DATE

04201 APR-18

FPSC RECORDS/REPORTING

1 GULF POWER COMPANY  
2 Before the Florida Public Service Commission  
3 Direct Testimony of  
4 G. D. Fontaine  
5 Docket No. 990001-EI  
6 Date of Filing April 1, 1999

7 Q. Please state your name, address and occupation.

8 A. My name is George D. Fontaine, my business address is  
9 One Energy Place, Pensacola, Florida 32520-0335, and my  
10 position is Performance Test Specialist for Gulf Power  
11 Company.

12  
13 Q. Please describe your educational and business  
14 background.

15 A. I received my Bachelor of Mechanical Engineering Degree  
16 from Auburn University in 1980. Following graduation,  
17 I joined Gulf Power Company as an Associate Engineer at  
18 the Scholz Electric Generating Plant, and as I  
19 previously stated, my current position is Performance  
20 Test Specialist. I am also a registered Professional  
21 Engineer in the State of Florida.

22  
23 Q. Mr. Fontaine, have you previously testified in this  
24 Docket?

25 A. Yes, sir.

1 Q. Mr. Fontaine, what is the purpose of your testimony in  
2 this proceeding?

3 A. The purpose of my testimony is to present GPIF results  
4 for Gulf Power Company for the periods of April 1,  
5 1998, through September 30, 1998 and October 1, 1998,  
6 through December 31, 1998.

7  
8 Q. Mr. Fontaine, have you prepared exhibits that contain  
9 information to which you will refer in your testimony?

10 A. Yes, Sir, I have prepared two exhibits consisting of  
11 five schedules in each exhibit.

12  
13 Q. Mr. Fontaine, were these exhibits prepared by you or  
14 under your direction and supervision?

15 A. Yes, they were.

16  
17 Counsel: We ask that Mr. Fontaine's exhibits be  
18 marked for identification as exhibit \_\_\_\_\_(GDF-1)  
19 and exhibit \_\_\_\_\_(GDF-2).

20  
21 Q. Mr. Fontaine, before reviewing the GPIF Results for  
22 Gulf's units, is there any information which has been  
23 supplied to the Commission pertaining to this GPIF  
24 period which requires amendment?

25 A. Yes, some corrections need to be made to the actual

1 unit performance data which was submitted monthly to  
2 the Commission during these periods. These corrections  
3 are based on discoveries made during our final review  
4 to determine the accuracy of this information prior to  
5 this proceeding. The Actual Unit Performance Data  
6 tables on pages 14 to 19 of Schedule 5 in Exhibits I  
7 and II incorporate these changes. The data contained  
8 on these tables is the data upon which the GPIF  
9 calculations were made.

10 Also, when the Estimated Calculation of Maximum  
11 Allowed Incentive Dollars was filed, in June 1998 for  
12 the October 1998 through December 1998 period, the  
13 calculation was erroneously made for a six month period  
14 instead of a three month period. The Actual  
15 Calculation of Maximum Allowed Incentive Dollars was  
16 correctly calculated for a three month period for the  
17 October 1998 through December 1998 period.

18  
19 Q. Mr. Fontaine, would you now review the Company's  
20 equivalent availability results for the April 1998  
21 through September 1998 period?

22 A. Actual equivalent availability and adjusted actual  
23 equivalent availability figures for each of the  
24 Company's GPIF units are shown on page 13 of Schedule  
25 5, Exhibit I. Pages 3 through 8 of Schedule 2,

1 Exhibit I contain the calculations for the adjusted  
2 actual equivalent availabilities.

3 A calculation of GPIF availability points based on  
4 these availabilities and the targets established by  
5 Commission Order PSC-98-0412-FOF-EI is on page 9 of  
6 Schedule 2, Exhibit I. The results are: Crist 6,  
7 +7.22 points; Crist 7, -4.35 points; Smith 1, +10.00  
8 points; Smith 2, -8.75 points; Daniel 1, +3.00 points,  
9 and Daniel 2, -10.00 points.

10  
11 Q. Mr. Fontaine, what were the heat rate results for the  
12 April 1998 through September 1998 period?

13 A. The detailed calculation of the actual average net  
14 operating heat rates for the Company's GPIF units is on  
15 pages 2 through 7 of Schedule 3, Exhibit I. These heat  
16 rate figures have not, at this point, been adjusted in  
17 accordance with GPIF procedures for load and other  
18 factors to the bases of their targets.

19 As was done for the prior GPIF periods, and as  
20 indicated on pages 8 through 13 of Schedule 3, Exhibit  
21 I, the target setting equations were used to adjust  
22 actual results to the target bases. These equations,  
23 submitted in January 1998, are shown on page 15 of  
24 Schedule 3, Exhibit I.

25 As calculated on page 16 of Schedule 3, Exhibit I,

1 the adjusted actual average net operating heat rates  
2 correspond to GPIF unit heat rate points of: -3.00 for  
3 Crist 6, 0.00 for Crist 7; 0.00 for Smith 1, +9.40 for  
4 Smith 2; 0.00 for Daniel 1; and -1.03 for Daniel 2.

5  
6 Q. Mr. Fontaine, what number of Company points were  
7 achieved during the April 1998 through September 1998  
8 period, and what reward or penalty is indicated by  
9 these points according to the GPIF procedure?

10 A. Using the unit equivalent availability and heat rate  
11 points previously mentioned, along with the appropriate  
12 weighting factors, the Company points would be -0.90 as  
13 indicated on page 2 of Schedule 4, Exhibit I. This  
14 calculates to a penalty in the amount of \$75,355 for  
15 the April 1998 through September 1998 period.

16  
17 Q. Mr. Fontaine, would you now review the Company's  
18 equivalent availability results for the October 1998  
19 through December 1998 period?

20 A. Actual equivalent availability and adjusted actual  
21 equivalent availability figures for each of the  
22 Company's GPIF units are shown on page 13 of Schedule  
23 5, Exhibit II. Pages 3 through 8 of Schedule 2,  
24 Exhibit II contain the calculations for the adjusted  
25 actual equivalent availabilities.

1           A calculation of GPIF availability points based on  
2 these availabilities and the targets established by  
3 Commission Order PSC-98-1715-FOF-EI is on page 9 of  
4 Schedule 2, Exhibit II. The results are: Crist 6,  
5 +10.00 points; Crist 7, +10.00 points; Smith 1, -10.00  
6 points; Smith 2, +10.00 points; Daniel 1, -10.00  
7 points, and Daniel 2, -10.00 points.

8  
9 Q. Mr. Fontaine, what were the heat rate results for the  
10 October 1998 through December 1998 period?

11 A. The detailed calculation of the actual average net  
12 operating heat rates for the Company's GPIF units is on  
13 pages 2 through 7 of Schedule 3, Exhibit II. These  
14 heat rate figures have not, at this point, been  
15 adjusted in accordance with GPIF procedures for load  
16 and other factors to the bases of their targets.

17           As was done for the prior GPIF periods, and as  
18 indicated on pages 8 through 13 of Schedule 3, Exhibit  
19 II, the target setting equations were used to adjust  
20 actual results to the target bases. These equations,  
21 submitted in June 1998, are shown on page 15 of  
22 Schedule 3, Exhibit II.

23           As calculated on page 16 of Schedule 3, Exhibit  
24 II, the adjusted actual average net operating heat  
25 rates correspond to GPIF unit heat rate points of:

1 -2.27 for Crist 6, 0.00 for Crist 7; +2.99 for Smith 1,  
2 +9.87 for Smith 2; -10.00 for Daniel 1; and 0.00 for  
3 Daniel 2.

4  
5 Q. Mr. Fontaine, what number of Company points were  
6 achieved during the October 1998 through December 1998  
7 period, and what reward or penalty is indicated by  
8 these points according to the GPIF procedure?

9 A. Using the unit equivalent availability and heat rate  
10 points previously mentioned, along with the appropriate  
11 weighting factors, the Company points would be +0.91 as  
12 indicated on page 2 of Schedule 4, Exhibit II. This  
13 calculates to a reward in the amount of \$38,676 for the  
14 October 1998 through December 1998 period.

15  
16 Q. Mr. Fontaine, would you please summarize your  
17 testimony?

18 A. Yes, Sir. In view of the adjusted actual equivalent  
19 availabilities, as shown on page 9 of Schedule 2,  
20 Exhibits I and II, and the adjusted actual average net  
21 operating heat rates achieved, as shown on page 16 of  
22 Schedule 3, Exhibits I and II, evidencing the Company's  
23 performance for the period, Gulf calculates a net  
24 penalty in the amount of \$36,679 for the total period  
25 of April 1998 through December 1998 as provided for by

1 the GPIF plan.

2 Q. Mr. Fontaine, does this conclude your testimony?

3 A. Yes, Sir.

| Daniel 2 | 9    | 05/02/98 - 05/10/98                 | 216.0              | None                              | 0.0              |

\* Planned outage hours in the April 1998 - September 1998 period only.

Notes:

1. This outage was deferred one week and shortened because of system reserve requirements.
2. This outage was canceled because of planned work being completed during an extended forced outage in the preceding reporting period.
3. This outage was deferred until June and the work was completed quicker than forecasted.
4. This outage proceeded as scheduled.
5. This outage proceeded as scheduled and was lengthened to complete unforeseen work.
6. This outage was moved forward and completed in a preceding reporting period.
7. This outage was canceled because the planned work was completed during maintenance outages.
8. This outage proceeded as scheduled.
9. This outage was canceled because the planned work was completed during maintenance outages.

Calculation of Actual Equivalent Availability

\* As appropriate from page 5, Schedule 3 of Exhibit to G. D. Fontaine's January 12, 1998 GPIF testimony in Docket 980001-EI.

\*\* Refer to pages 3 through 8 of this schedule for calculations.

\*\*\* If (3) > (2)

$$\text{Availability Points} = \frac{(3) - (2)}{(4) - (2)} \times 10$$

If (3) < (2)

$$\text{Availability Points} = \frac{(3) - (2)}{(4) - (2)} \times -10$$

Summary of Equivalent Availability Symbols

EA - Equivalent Availability  
POH - Planned Outage Hours  
EUOR - Equivalent Unplanned Outage Rate  
PH - Period Hours  
FOH - Forced Outage Hours  
EFOH - Equivalent Forced Outage Hours.  
MOH - Maintenance Outage Hours  
EMOH - Equivalent Maintenance Outage Hours  
RSH - Reserve Shutdown Hours

Planned Outage Schedules (Actual)

Period of: April 1998 - September 1998

Critical path bar charts of actual work activity performed during major planned outages are not shown here since corresponding bar charts of forecast work activity were not provided earlier in conformance with agreement with Staff to avoid the premature production of charts prior to their normal course of development. Forecast and actual critical path bar charts are developed for each planned outage and, per agreement with Staff, these charts will be provided on request.

\* Planned outage hours in the October 1998 - December 1998 period only.

Notes:

1. This outage was swapped with Crist Unit 7 and proceeded as scheduled.
2. This outage was swapped with Crist Unit 6 and proceeded as scheduled.
3. This outage proceeded as scheduled and was completed quicker than forecasted.
4. This outage proceeded as scheduled and was extended due to work taking longer to complete than expected.
5. This outage was lengthened to include stack repairs and moved to accommodate system reserve requirements.

Calculation of Actual Equivalent Availability  
for October 1998 - December 1998  
Based on Target Planned Outage Hours  
Crist 7

| Results of Operations |       |       |       |        |
|-----------------------|-------|-------|-------|--------|
|                       | Oct   | Nov   | Dec   | Total  |
| FOH                   | 0.0   | 106.7 | 0.0   | 106.7  |
| EFOH                  | 28.2  | 14.5  | 19.4  | 62.1   |
| MOH                   | 0.0   | 0.0   | 0.0   | 0.0    |
| EMOH                  | 0.0   | 0.0   | 0.0   | 0.0    |
| PH                    | 745.0 | 720.0 | 744.0 | 2209.0 |
| POH                   | 206.7 | 0.0   | 0.0   | 206.7  |
| RSH                   | 0.0   | 0.0   | 0.0   | 0.0    |

$$1. \text{ EUOR} = \frac{(\text{FOH} + \text{EFOH} + \text{MOH} + \text{EMOH})}{(\text{PH} - \text{POH} - \text{RSH})} = \frac{(106.7 + 62.1 + 0.0 + 0.0)}{(2209.0 - 206.7 - 0.0)}$$

$$\text{EUOR} = 0.0843$$

$$2. \text{ EA} = \left[ 1 - \frac{(\text{POH}^* + \text{EUOR} (\text{PH} - \text{POH}^* - \text{RSH}^*))}{\text{PH}} \right] \times 100$$

$$\text{Target POH}^* = 216.0$$

$$\text{Target RSH}^* = 0.0$$

$$\text{EA} = \left[ 1 - \frac{(216.0 + 0.0843 (2209.0 - 216.0 - 0.0))}{2209.0} \right] \times 100 = 82.6 \%$$

Note: Please refer to page 10 of this schedule for an explanation of symbols.

\* As appropriate from page 5, Schedule 3 of Exhibit to G. D. Fontaine's June 22, 1998 GPIF testimony in Docket 980001-EI.

\*\* Refer to pages 3 through 8 of this schedule for calculations.

\*\*\* If (3) > (2)

$$\text{Availability Points} = \frac{(3) - (2)}{(4) - (2)} \times 10$$

If (3) < (2)

$$\text{Availability Points} = \frac{(3) - (2)}{(4) - (2)} \times -10$$

Summary of Equivalent Availability Symbols

EA - Equivalent Availability  
POH - Planned Outage Hours  
EUOR - Equivalent Unplanned Outage Rate  
PH - Period Hours  
FOH - Forced Outage Hours  
EFOH - Equivalent Forced Outage Hours.  
MOH - Maintenance Outage Hours  
EMOH - Equivalent Maintenance Outage Hours  
RSH - Reserve Shutdown Hours

III. CALCULATION OF GPIF UNIT HEAT RATE POINTS

Calculation of Average Net Operating Heat Rate Points  
for October 1998 - December 1998

Schedule 5

Planned Outage Schedules (Actual)

Period of: October 1998 - December 1998

Critical path bar charts of actual work activity performed during major planned outages are not shown here since corresponding bar charts of forecast work activity were not provided earlier in conformance with agreement with Staff to avoid the premature production of charts prior to their normal course of development. Forecast and actual critical path bar charts are developed for each planned outage and, per agreement with Staff, these charts will be provided on request.
