**RE:** Request for Deferral of Docket No. 990200-TC - Communications Central, Inc.,  
 from the March 16, 1999 Agenda Conference.

Staff received a letter (attached) from Davel Communications Group, Inc. the parent company for Communications Central, Inc. (CCI), requesting a deferral of Docket 990200-TC, Item 18, until the April 20th Agenda Conference. Staff will negotiate with CCI toward a settlement to be considered by the Commission at the April 20th Agenda. Therefore, staff does not oppose CCI's request for deferral to the April 20th Agenda Conference.

Re: Docket No. 990200-TC

Dear Mr. Moses:

Please be advised that we are in receipt of the Staff Recommendation for the above referenced Docket, which is scheduled for consideration by the Commission at the March 16, 1999, Agenda Conference. By this written submission, made on behalf of Davel Communications, Inc. (Davel), which owns Communication Central, Inc. (the subject of Docket No. 990200-TC), a deferral of this matter until the March 20, 1999, Agenda is hereby requested.

Please also note that this matter is related integrally to two other potential show cause proceedings, Docket No. 981798-TC, concerning Telaleasing Enterprises, Inc. and Docket No. 990109-TC, concerning Peoples Telephone Company, Inc., both of which are also wholly-owned subsidiaries of Davel. These two items were deferred previously from the February 16<sup>th</sup> to March 20<sup>th</sup> Agenda Conference.

In the interest of efficiency and the preservation of resources for both the Company and the Commission, Davel intends to work towards a global resolution with the Staff and the Commission to address all of Davel related issues simultaneously and consistently. Accordingly, your assistance in obtaining the request deferral is appreciated and will facilitate the most productive handling of these matters consistent with the public interest.

Thank you again for your cooperation and please advise at your earliest opportunity as to the status of this request.

Sincerely,

*Bruce Renard*
