RE: Docket Number 990818-TC

Dear Ms. Johnson

Pursuant to our conversation yesterday we wish to offer a settlement of \$300 for the above referenced docket.

As we discussed the case back ground states that * March 22 1999 - Staff received service violation correction form from Florida Pay Phone Systems Inc. signifying that all apparent violations were corrected. When my actual response was. The pay phones with violation 9 when we tested gave free access to repair/service.

I am not saying the violations were incorrect but there was no "willful intent" not to fix the problem which we could not duplicate.

I do appreciate the help time and direction you afforded me yesterday by phone and we agree to conduct an investigation of our pay phones in order to make sure we are in compliance. In the event we receive any future notifications of violations we agree to contact the appropriate staff should we not fully understand the violations described. Thank you.

Sincerely,

Howard Mack
