Paula, A revised CASR was filed 9/14/99
in this docket to take back to agenda,
but I don't see that a response was
received to the PAA order issued
8/3/99. Do you know why it's going
back? (You probably said on the
revision form, but I don't recall.)

They responded by making a settlement
offer, which came to me instead of RAR.
I revised the CASR and attached a copy
of his letter with CASR. If you need
another copy, let me know.

Re: Docket No. 990672-TX

Dear Mrs. Bayo,

After I spoke to you today I spoke to Paula Isler. She instructed me to send \$66 for the 1998 RAF's. Additionally, she said I should offer to pay \$100 to the commission as a penalty. So I am formally requesting that the commission accept this offer.

Please be aware that we were licensed 3 weeks before the end of 1998. We promptly sent in our report to the Florida Public Service Commission reflecting the fact that we did not generate any revenue in 1998. We must not have noticed that we owed a \$50 fee. We certainly would have included it had we only known. Furthermore, we are certificated in 20 other states and pride ourselves on following the letter of the law. In every state we have a perfect track record and always plan to do so.

In closing, I assure you that measures are in place so as never to let this oversight happen in the filing of our annual Regulatory Assessment Fees again.

Respectfully,
