REMARKS/DISSENTING COMMENTS:

VOTE SHEET

DECEMBER 21, 1999

DOCKET NO. 991206-WS - Notice of abandonment of Springside at Manatee, Ltd. in Levy County by Mr. Kenneth Drummond.

(Continued from previous page)

Issue 2: Should the Commission approve the Receiver's request to implement the compensatory rates for the utility as set forth in Order No. PSC-92-0190-FOF-WS?

Recommendation: Yes. The Commission should approve the Receiver's request to implement the compensatory rates for the utility as set forth in Order No. PSC-92-0190-FOF-WS, as adjusted to exclude prior rate case expense amortization. The compensatory rates should be effective for service rendered on or after the stamped approval date on the tariff sheets. The utility should be required to provide proof of the date notice was given to customers within 10 days after the date of the notice. Staff should be given authority to administratively approve the tariff sheets upon verification that the notice is adequate and the tariffs are consistent with the Commission's decision. All other existing rates and charges for the utility, as set forth above, should remain in effect.

APPROVED

Issue 3: Should this docket be closed?

Recommendation: Yes. If no timely protest is received to the proposed agency action issue, no further action will be necessary, and the order should become final and effective upon issuance of a Consummating Order and the docket should be closed.
