**RE:** Docket No. 990950-TP; Request by BellSouth Telecommunications, Inc. for Approval of the Interconnection, Unbundling, Resale and Collocation Agreement with The Other Phone Co., Inc. d/b/a Access One Communications

---

On October 4, 1999, BellSouth Telecommunications, Inc. (BellSouth) requested that the recommendation be deferred to a later agenda conference to allow time for BellSouth and The Other Phone Co., Inc. d/b/a Access One Communications (Access One) to review the Federal Communications Commission's recent unbundled network element decision and to discuss the impact that it may have on the filed agreement. By the attached e-mails, BellSouth and Access One request that the Commission go forth with its recommendation to approve the agreement except for Attachment 13. Staff requests that the attached e-mails be inserted into the docket folder.

Subject: Access One Agreement

Per our conversation, I am responding via E-mail. This is to inform you that it is alright with BellSouth and Access One to file a recommendation approving the interconnection agreement except for Attachment 13. It is my understanding the staff's reasoning for not approving Attachment 13 is the fact that it doesn't consider Attachment 13 as a requirement of the Act; and therefore, it is not necessary for the FPSC to approve that portion of the agreement. However, it doesn't prohibit BellSouth from providing these combinations. If you have any questions or difference of opinion of staff's reasoning, please call me at 224-5139
