In re: Petition by Tampa
Electric for Approval of Pilot
Program to Implement Seasonal
Fuel Factors.

DOCKET NO. 000013-EI
ORDER NO. PSC-00-0515-PCO-EI
ISSUED: March 8, 2000

ORDER GRANTING INTERVENTION

BY THE COMMISSION:

By petition dated February 25, 2000, the Florida Industrial Power Users Group (FIPUG) has requested permission to intervene in this proceeding. FIPUG asserts that its members have a substantial interest in whether the Commission allows Tampa Electric Company to implement an experimental 24-month program which would offer interruptible customers the option to utilize seasonal fuel factors, instead of the current annual fuel factor. FIPUG states that it consists of a group of large industrial customers and that electricity is one of the largest variable costs of FIPUG members. Further, FIPUG states that some of its members may be interested in taking service under the experimental rate.

Having reviewed the petition, it appears that FIPUG's substantial interests may be affected by this proceeding. There has been no response filed in opposition to this request. Therefore, the petition shall be granted. Pursuant to Rule 25-22.039, Florida Administrative Code, FIPUG takes the case as it finds it.

Therefore, it is

ORDERED by the Florida Public Service Commission that the Petition to Intervene filed by the Florida Industrial Power Users Group is hereby granted. It is further

ORDERED that all parties to this proceeding shall furnish copies of all testimony, exhibits, pleadings and other documents which may hereinafter be filed in this proceeding, to:
