Re: NOS Communications, Inc.

Dear Mr. Talbott:

On behalf of NOS Communications, Inc., I request a deferral of Item No. 18 on the Agenda Conference for July 11, 2000 until August 1, 2000.

There are two reasons for this request. First, the Company's marketing is dynamic and it appears that NOS may have already made the most significant of the changes staff has suggested. We do not want to proceed to agenda where we do not have real differences. Indeed, we remain hopeful that we can settle this matter completely.

The second basic reason is logistical. Florida is an important state to the Company and it would like to have some of its folks here to both answer questions and to hear what the Commission has to say first hand. Unfortunately, the long 4th of July weekend has made it difficult to coordinate on getting folks here.

I have been authorized to represent that staff does not object to this deferral.

Subject: July 11 Agenda, Item 18

Pat Wiggins, attorney for NOS, will be filing a request with you asking that this item be deferred to the August 1 Agenda. Staff does not object since the Company is in the process of providing additional information which will at least partially address our concerns.

Ferry,
I recommend that
this request be
approved!
