

I do hereby object to the application of United Water Florida, Inc., referenced in legal notice on page C of the Fernandina Beach News Leader dated 8/30/2000, to the Florida Public Service Commission to extend their service area into my community based on the following grounds:

1. **No information** has been given to the public or the residents of the affected area as to the cost, timetable, benefits, or any other details.
2. United Water Florida, Inc. should not have a monopoly on this service. When needed this service should be open to competitive bids thus lessening financial hardships on property owners.
3. Services being required by developers should **NOT BE FINANCED BY PRIVATE CITIZENS.**
4. The area sought in the extension is, for the most part, open rural and low density. There is no need for this service.
