Yulee FL 32097

Dear Director,

We are most concerned about all the water/sewer lines going in on Chester Pond and Rose Bluff Pond.

We have not heard a word about what will be required of us, the residents of the area regarding all this that is going on.

So and behold, all of a sudden there is all this activity in our rural community.

We would like to know how we can be better informed about all these happenings.

Please let me know if anything at all is going on, on Mitchell Rd yee or I live on Mitchell Rd and Blackheath Way,

Thank you,
Grady Mauldin
