Re: Docket Number 001494-TX

Dear Ms. Isler,

I appreciate you responding so quickly to our telephone conversation. Enclosed please find the check in the amount of \$ 79.50. Below is a breakdown of the check total:

| Minimum Fee – Regulatory Assmt. Fee | \$50.00  |
|-------------------------------------|----------|
| Penalty for late payment            | 12.50    |
| Interest charges                    | 5.00     |
| Prior year balance                  | 12.00    |
| Total                               | \$ 79.50 |

As we discussed, we have not yet operated under the certificate and therefore have not had any revenue generated under the certificate. I am not sure were the prior year balance came from, since we did not get our certificate approved until late December/99. Regardless, we have included this amount in order to clear our account. As I explained to you, we never did receive the assessment fee notice; my guess is that we have been having some problems here at our location with kids vandalizing our mailboxes and this may have prevent us from receiving the notice. In addition, I did notice that the PSC had not yet corrected our zip code. The correct zip code is 34112 not 32112. Its my guess that either one of these issues may have caused our mail not to be delivered. Back in January we did fill out a form and faxed it to the commission in order to get the zip code corrected. Nonetheless, I will be drafting a settlement letter to the commission, as suggested in your letter and will make sure to copy you on it.

If you have any questions or concerns, please do not hesitate to contact me at 888-949-2472 or the office number below.

Sincerely

Willie Delgado

King Communications & Service

Florida Public Service Commission Ms. Blanca Bayo, Director, Division of Records and Reporting 2540 Shumard Oak Blvd. Tallahassee, FL. 32399-0850

Re: Docket Number 001494-TX

Dear Ms. Bayo,

I am writing this letter as a request for settlement on the above referenced docket number. King Communications and Service was issued a certificate for CLEC late last year. We recently found out that we did not pay the regulatory assessment fee for 1999. As of the present we have paid the past due amount including penalty and interest fees. We would like to request a settlement on the \$500 fine. We would like to propose that the Commission waive this fine based on the following. King Communications and Service never receive the notice for payment of the assessment fee. We believe that this was cause by circumstance beyond our control. First, we have had problems at out location, were kids have been vandalizing the mailboxes in the shopping center were we are located. Although we cannot prove that this was the cause of not receiving the notice, this situation was occurring between December 1999 through February 2000. In addition, the zip code, which is on file for our certificate, has not yet been corrected by the PSC. Our correct zip is 34112 not 32112. We did notify the PSC back in January via fax of this error, but it has not yet been corrected. Based on these circumstances, we would like to request the Commissions consideration in waving the \$500 fine, or at a minimum we would like to request a substantial reduction.

I would like to thank you in advance for you consideration in this matter. In addition, if you have any questions or concerns, please do not hesitate to contact me at 888-949-2472 or at the office number below.

Sincerely,

Willie Delgado King Communications and Service
