Dear Mr. Hawks:

This letter is to follow up on my conversation with Mr. Eric Rutherford of QCC, Inc. (QCC) on December 26, 2000, regarding QCC's certification status in Florida. Mr. Rutherford indicated that this letter should be addressed to you.

On April 25, 2000, the Florida Public Service Commission (Commission) issued Order No. PSC-00-0809-AS-TI, approving QCC's settlement offer in Docket No. 991580-TI, Cancellation by Florida Public Service Commission of Interexchange Telecommunications Certificate No. 2483 issued to QCC, Inc. for violation of Rule 25-4.0161, Florida Administrative Code, Regulatory Assessment Fees; Telecommunications Companies. However, the settlement was not received by the Commission and Certificate No. 2483, issued to QCC, Inc., was canceled on May 31, 2000.

It is my understanding that QCC is still operating in Florida and would like to continue to do so. As it stands, QCC is operating without a certificate, in apparent violation of Rule 25-24.470, Florida Administrative Code, Certificate of Public Convenience and Necessity Required. To remedy this situation, QCC must submit a new application and pay all outstanding fines or settlements owed to the Commission. Mr. Rutherford stated that he would download the application package from the Commission's website listed at the bottom of this page. During the certification process, the Commission will review the application, research QCC's history with the Commission and determine whether granting QCC a new certificate will be in the public interest. Please note, it is possible that the Commission may deny QCC's application for a certificate.

In another matter, while investigating QCC's status, staff noted that the information contained in the Master Commission Directory is out of date. Ms. Janet Cinelli and Mr. Scott Rulido are listed as the contacts for QCC. It is my understanding that Mr. Rulido no longer represents the company and Ms. Cinelli has not been the liaison for approximately three years. Please ensure that the correct contact information is given in QCC's application package, and that the Commission is notified of
