PageNo.	Line(s)/Column(s)	Reason
P. 1-3 P. 4-6	Columns C and D Columns C-J	Wire center specific costs for 2-wire, 4-wire and DS1 loops. Detailed information about Verizon's cost at a geographically disaggregated level will give competitors an artificial advantage in fashioning their entry and expansion strategies in the most effective manner. Information would allow competitors to know where Verizon might be most vulnerable to competition and what areas might be unduly costly to serve.
